SUMMARY OF TERMS

This summary of terms is subject in all respects to more complete information contained in this Offering Memorandum. The offering of the Series 2002-2 Notes to potential investors (the "Offering") is made only by means of this entire Offering Memorandum. No person is authorized to detach this Summary of Terms from this Offering Memorandum or to otherwise use it without this entire Offering Memorandum. Capitalized terms used in this Summary of Terms and not otherwise defined herein shall have the meanings ascribed to them in "Glossary of Certain Defined Terms."

ISSUER

Student Loan Consolidation Center Student Loan Trust I, a Delaware business trust (the "Issuer"), will issue the Series 2002-2 Notes and acquire Eligible Loans with the proceeds therefrom. The Issuer was formed in Delaware pursuant to a Trust Agreement dated as of March 1, 2002 (the "Trust Agreement") between The Bank of New York (Delaware), as Delaware Trustee, and Consolidation Loan Funding, LLC, as Depositor.

THE SERVICERS

Great Lakes Educational Loan Services, Inc. or AFSA Data Corporation are expected initially to be the servicers of the Eligible Loans originated by the Depositor via The Bank of New York Trust Company of Florida, N.A. as eligible lender trustee for the Depositor. Nelnet Loan Services, Inc. will initially be the servicer, under a life-of-loan servicing agreement, of the Eligible Loans acquired by the Depositor from Union Bank and Trust Company and sold by the Depositor to the Issuer through its Eligible Lender Trustee into the Trust Estate. The Issuer may contract with one or more other servicers, or may add one or more additional servicers, or may replace servicers for Financed Eligible Loans other than those acquired from Union Bank and Trust Company as a result of the call of such loans by Student Loan Consolidation Center, LLC. The Issuer in certain circumstances may replace Nelnet Loan Services, Inc. as the servicer of those loans acquired from Union Bank and Trust Company.

THE TRUSTEE

The Bank of New York will be the trustee under the Indenture, as well as the eligible lender trustee of the Issuer solely for purposes of holding legal title to all FFELP Loans.

THE ISSUER ADMINISTRATOR

CLF Administration Company, L.L.C. will provide certain administrative services on behalf of the Issuer.

THE SUBADMINISTRATOR

The Administrator has entered into an Administrative Services Agreement with Lord Securities Corporation (the "Subadministrator") pursuant to which the Subadministrator will perform administration functions for the Issuer on behalf of the Issuer Administrator.

TRUST ESTATE ASSETS

The assets that secure the Series 2002-2 Notes will consist primarily of:

- Consolidation Loans and other Eligible Loans as allowed by the Indenture to be acquired by the Issuer with the net proceeds of the Series 2002-2 Notes, the Series 2002 Notes and future Notes; and
- the moneys and investment securities held in the reserve fund and the other funds and accounts under the Indenture.

FFELP LOANS

Substantially all of the Financed Eligible Loans currently held in the Acquisition Fund and substantially all of the Eligible Loans to be acquired with the net proceeds of the Series 2002-2 Notes, and the proceeds received from such Financed Eligible Loans, will be a type of FFELP Loan known as Consolidation Loans. With Rating Agency Confirmation or as otherwise provided in the Indenture, other FFELP Loans or Alternative Loans may later be acquired. Third party guarantee agencies (each a "Guarantee Agency") guarantee the payment of 98% of the principal amount of FFELP loans plus interest on the FFELP Loans. These loans are partially reinsured by the federal government. The Indenture permits FFELP Loans to be guaranteed by any Guarantee Agency under the Higher Education Act. However, it is expected that substantially all of the FFELP Loans to be acquired with the proceeds of the Series 2002-2 Notes (as well as the FFELP Loans previously acquired) will be guaranteed through National Student Loan Program, Florida Office of Student Financial Assistance or Great Lakes Higher Education Guaranty Corporation. See "The Financed Eligible Loans," "Description of the FFEL Program" and "Guarantee Agencies."

ALTERNATIVE LOANS

Subject to the Issuer satisfying certain conditions precedent, including a Rating Agency Confirmation, the Indenture permits the Issuer to acquire Alternative Loans. Alternative Loans are not made under the FFEL Program and are not reinsured by the federal government. The Issuer has not previously, and does not expect to acquire any Alternative Loans with the initial proceeds of the issuance of the Series 2002-2 Notes.

Interest on each series of Series 2002-2 Notes will be payable on the first Business Day following the expiration of each Auction Period for that series, to the registered owners thereof as of the Business Day next preceding each Auction Date.

Auction Procedures

The following summarizes certain procedures that will be used in determining the interest rates on the Series 2002-2 Notes. See "Auction of the Series 2002-2 Notes—Auction Procedures" for a more detailed description of these procedures.

The interest rate on each series of Series 2002-2 Notes will be determined periodically (generally, for periods ranging from 7 days to one year, and initially 28 days for the Series 2002-2 Notes) by means of an Auction. In this Auction, investors and potential investors submit orders through an eligible broker-dealer as to the principal amount of Series 2002-2 Notes such investors wish to buy, hold or sell at various interest rates. The Broker-Dealer submits its clients' orders to the auction agent, who processes all orders submitted by the Broker-Dealer and determines the interest rate for the upcoming Interest Period. The Broker-Dealer is notified by the auction agent of the interest rate for the upcoming Auction Period and is provided with settlement instructions relating to purchases and sales of Series 2002-2 Notes.

The Maximum Rate

The interest rate cannot exceed the Maximum Rate, which is equal to the least of the Maximum Auction Rate, the Maximum Interest Rate or, in certain circumstances, a Net Loan Rate. The Maximum Auction Rate is generally a per annum rate based upon an average spread over the ninety-one day United States Treasury bill rate, with the spread being dependent upon the rating on the Series 2002-2 Notes at the time of determination. This is subject to adjustment with a confirmation from the Rating Agencies that such adjustment will not adversely affect the ratings on any of the Series 2002-2 Notes (a "Rating Agency Confirmation"). The Maximum Interest Rate is the lesser of (i) 17% per annum (or such higher rate as the Issuer may establish with a Rating Agency Confirmation) or (ii) the maximum rate of interest permitted by the law. The Net Loan Rate will be determined only if for three consecutive months the daily weighted average of the Auction Rates for each series of Series 2002-2 Notes bearing interest based upon an auction mode in effect during the month exceeded (a) a per annum rate equal to the sum of (i) the bond equivalent yield of Ninety-One Day United States Treasury Bill sold at the last auction prior to the 25th day of the applicable month plus (ii) 1.0%, or (b) a per annum rate equal to the sum of (i) the "3 month commercial paper rate" plus (ii) 0.25% and will be determined generally by subtracting certain program expenses payable by the Issuer from the interest and certain other amounts received on the Financed Eligible Loans. The term "3 month commercial paper rate" means the 90-day commercial paper index calculated quarterly and based on an average of the daily 90-day commercial paper rates reported in the Federal Reserve's Statistical Release H-15.

PRINCIPAL

Stated Maturity Date

The Stated Maturity Date of all series of the Series 2002-2 Notes is July 1, 2042.

Mandatory Redemption

The Series 2002-2 Notes of any series are subject to mandatory redemption on any Interest Payment Date following the Acquisition Period (which ends on December 2, 2002 with respect to each series with a July 26, 2002 Closing Date; February 3, 2003 with respect to each series with a September 26, 2002 Closing Date; and May 1, 2003 with respect to each series with a November 21, 2002 Closing Date, but may, subject to obtaining a Rating Agency Confirmation, be periodically extended by the Issuer) in an amount equal to the Remaining Acquisition Amount. The redemption price will be 100% of the Principal Amount of Series 2002-2 Notes to be prepaid, plus accrued interest thereon to the redemption date.

The Series 2002-2 Notes of any series also are subject to mandatory redemption on any Interest Payment Date following the Revolving Period (which ends on January 1, 2004, but may, subject to obtaining a Rating Agency Confirmation, be periodically extended by the Issuer), from revenues deposited to the Retirement Account to the extent directed by the Issuer which are in excess of amounts necessary to pay or provide for the payment of various program operating expenses and related costs, interest on and regularly scheduled principal of the Notes and any Other Obligations payable from the Debt Service Fund, and reserve fund deficiencies. The redemption price will be 100% of the Principal Amount of such Series 2002-2 Notes to be prepaid, plus accrued interest thereon to the redemption date.

The Series 2002-2 Notes of any series shall be redeemed on the next regularly scheduled Interest Payment Date following the end of each Acquisition Period for the Series 2002-2 Notes and in an amount equal to the unexpended portion of the Series 2002-2 Notes with respect to each applicable Acquisition Period at the end of that Acquisition Period. For purposes of determining the amount of Notes to be redeemed pursuant to the Second Supplemental Indenture, the Issuer shall assume that moneys in the Acquisition Fund from the proceeds of the Series 2002-2 Notes were used to acquire or originate Eligible Loans on a "first-in, first-out" basis. Notes to be redeemed shall be selected first from Series 2002 Subordinate Notes (subject to "Limitation on Redemption of Subordinate Notes" below), then from Series 2002 Senior Notes, then from Series 2002-2 Subordinate Notes, (subject to "Limitation on Redemption of Subordinate Notes" below), then from Series 2002-2 Senior Notes, in each instance to the extent otherwise allowed by the Indenture.

The Second Supplemental Indenture provides that future series of Notes or portions thereof may be designated for redemption or principal distribution before such principal repayments are applied to the redemption of the Series 2002-2 Notes.

Optional Redemption

At the Issuer's option, subject to compliance with the provisions of the Indenture relating to certain asset requirements and certain other requirements, Series 2002-2 Notes of any series may be redeemed on any Business Day, in whole or in part, at a redemption price of 100% of the Principal Amount of such Notes to be redeemed, plus accrued interest thereon to the redemption date.

Selection of Series 2002-2 Notes for Redemption

In the absence of valid direction by the Issuer and except as otherwise described above under "Principal—Mandatory Redemption ," the Series 2002-2 Notes to be redeemed will be selected first from the Series 2002-2B-2 Notes to the extent permitted by the Indenture, and thereafter from the Series 2002-2A Notes in ascending numerical order of the series designation. If less than all outstanding Series 2002-2 Notes of a given series are to be redeemed, the particular Series 2002-2 Notes to be redeemed will be determined by lot. See "Description of the Series 2002-2 Notes—Selection of Series 2002-2 Notes for Redemption."

Limitation on Redemption of Subordinate Notes

Series 2002-2 Subordinate Notes that are otherwise subject to optional or mandatory redemption will only be redeemed if, as of the date of selection of such Subordinate Notes for redemption and after giving effect to such redemption, while Senior Notes are outstanding, the Senior Asset Percentage will be at least equal to 107%, and the Subordinate Asset Percentage will be at least equal to 101.5% or such lesser percentages as permitted by a Rating Agency Confirmation.

The Senior Asset Percentage is the ratio (expressed as a percentage) of:

- the value of the assets in the Trust Estate, less accrued interest on Notes outstanding, swap payments and certain fees, to
- the Principal Amount of Senior Notes outstanding.

The Subordinate Asset Percentage is the ratio (expressed as a percentage) of:

- the value of the assets in the Trust Estate, less accrued interest on Notes outstanding, swap payments and certain fees, to
- the Principal Amount of all Senior and Subordinate Notes outstanding.

PRIORITY OF PAYMENTS

Generally

On each monthly calculation date, amounts available in the Collection Fund as of the end of the prior month will be applied generally in the following priority (for more detail, see "Description of the Indenture—Funds and Accounts"):

- first, to make any payments due and payable by the Issuer to the U.S. Department of Education related to the Financed Eligible Loans or any other payment due and payable to a Guarantee Agency relating to its Guarantee of Financed Eligible Loans; or any other payment due to another entity or trust estate if amounts due by the Issuer

or the Eligible Lender trustee to the U.S. Department of Education or a Guarantee Agency with respect to Financed Student Loans were paid by or offset against such other entity or trust estate;

- second, to the Administration Fund, to increase the balance thereof to such amounts as an authorized officer of the Issuer Administrator shall direct for certain costs and expenses, subject to the limitations set forth in any Supplemental Indenture;

- third, to the Interest Account, to provide for the payment of interest on Senior Notes or Other Senior Obligations (except termination payments due under Senior Swap Agreements as a result of Swap Counterparty default) payable therefrom as described under "—Interest Account" below;

- fourth, to the Principal Account, to provide for the payment of principal of Senior Notes at stated maturity or on mandatory sinking fund payment dates or the reimbursement of Senior Credit Facility Providers for the payment of principal of the Notes as described under "—Principal Account" below;

- fifth, to the Interest Account, to provide for the payment of interest on Subordinate Notes or Other Subordinate Obligations (except termination payments due under Subordinate Swap Agreements as a result of Swap Counterparty default) payable therefrom as described under "—Interest Account" below;

- sixth, to the Principal Account, to provide for the payment of principal of Subordinate Notes at stated maturity or on mandatory sinking fund payment dates or the reimbursement of Subordinate Credit Facility Providers for the payment of principal of the Notes as described under "—Principal Account" below;

- seventh, to the Reserve Fund if necessary to increase the balance thereof to the Reserve Fund Requirement;

- eighth, to the Interest Account to provide for the payment of interest on Junior Subordinate Notes or other Junior Subordinate Obligations (except termination payments due under Junior Subordinate Swap Agreements as a result of Swap Counterparty default) payable therefrom as described under "— Interest Account" below;

- ninth, to the Principal Account, to provide for the payment of principal of Junior Subordinate Notes at stated maturity or on mandatory sinking fund payment dates or the reimbursement of Junior Subordinate Credit Facility Providers for the payment of principal of the Notes as described under "— Principal Account" below;

- tenth, to make such other payments as may be set forth in a Supplemental Indenture;

- eleventh, to the Acquisition Fund (but only during the Revolving Period, or after the Revolving Period to fund any Add-On Loan) to fund for the acquisition of other Student Loans, such amount as directed by the Issuer;

- twelfth, to the Retirement Account, at the direction of the Issuer, for the redemption of, or distribution of principal with respect to, Notes (or the reimbursement of Credit Facility Providers for the payment of the prepayment price of the Notes);

- thirteenth, to the Interest Account for the payment of Carry-Over Amounts (and interest thereon) due with respect to the Senior Notes;

- fourteenth (but only if the Senior Asset Percentage would be at least 100% upon the application of such amounts), to the Interest Account for the payment of Carry-Over Amounts (and interest thereon) due with respect to the Subordinate Notes;

- fifteenth, (but only if the Senior Asset Percentage and the Subordinate Asset Percentage would be at least 100% upon the application of such amounts), to the credit of the Interest Account, for the payment of Carry–Over Amounts with respect to the Junior Subordinate Notes;

- sixteenth, to the Interest Account for the payment of termination payments due under Senior Swap Agreements as a result of Swap Counterparty default;

- seventeenth, to the Interest Account for the payment of termination payments due under Subordinate Swap Agreements as a result of Swap Counterparty default;

- eighteenth, to the Interest Account for the payment of termination payments due under Junior Subordinate Swap Agreements as a result of Swap Counterparty default; and

- nineteenth, to the Surplus Fund.

Suspension of Payment on Subordinate Obligations

As long as any Series 2002-2 Senior Notes, any other Senior Notes, any Series 2002-2 Subordinate Notes or any other Subordinate Notes remain outstanding, the above payment order will be modified if, after giving effect to the payments on any payment date:

- the Senior Asset Percentage would be less than 100% (in which event no Carry-Over Amount will be paid with respect to Subordinate Notes or Junior Subordinate Notes);

- the Subordinate Asset Percentage would be less than 100% (in which event no Carry-Over Amount will be paid with respect to Junior Subordinate Notes); or

- a Payment Default has occurred under the Indenture (in which event amounts will be applied as provided in the Indenture with respect to Events of Default).

Any such deferral of payments on the Series 2002-2 Subordinate Notes, any other Subordinate Notes or any Junior Subordinate Notes will not constitute an Event of Default under the Indenture.

Priority and Timing of Payments

The Series 2002-2 Senior Notes are on parity with the Series 2002 Senior Notes previously issued pursuant to the terms of the Indenture and the Series 2002-2 Subordinate Notes are on parity with the Series 2002 Subordinate Notes previously issued pursuant to the terms of the Indenture. The subordination of the Series 2002-2 Subordinate Notes and any Other Obligations subordinate to the Series 2002-2 Senior Notes generally relates only to rights to direct remedies and to receive payments in the event that revenues from the Trust Estate are not sufficient to make all payments due on Obligations or that the circumstances described above under "Suspension of Payments on Subordinate Obligations" have occurred. Principal and interest payments on Subordinate Notes, including the Series 2002-2 Subordinate Notes, will continue to be made on their payment dates (which may precede payment dates for Senior Notes), as long as the conditions in the Indenture to the payment of those amounts continue to be met. In addition, revenues available to prepay Notes may be applied first to Subordinate Notes, as long as the conditions in the Indenture to the payment of those amounts continue to be met. In particular, the revenues available for the redemption of Series 2002-2 Notes may be applied first to the Series 2002-2 Subordinate Notes and then to the Series 2002-2 Senior Notes, unless redemption of the Series 2002-2 Subordinate Notes would be prohibited under the Indenture as described under "Description of the Series 2002-2 Notes—Senior Asset Requirement." See "Source of Payment and Security for the Notes—Priorities" and "Description of the Indenture—Funds and Accounts."

Revolving Period

Prior to the termination of the Revolving Period, revenues that otherwise would be required to be used to redeem or make principal distributions with respect to Series 2002-2 Notes may instead, at the direction of the Issuer, be transferred to the Acquisition Fund and used to acquire additional Eligible Loans. The Revolving Period will terminate on January 1, 2004, or such other date as the Issuer may determine, upon obtaining a Rating Agency Confirmation.

RESERVE FUND

$6,750,000 of the proceeds of the Series 2002-2 Notes (deposited as a percentage of each series of the Series 2002-2 Notes issued on each Closing Date) will be deposited into a Reserve Fund for the Notes. This initial deposit will be supplemented monthly, if necessary, to increase the amount therein to the required balance, and otherwise upon the issuance of any new series of Notes to the extent provided in a Supplemental Indenture. The required balance will initially be the greater of (i) 0.75% of the outstanding Principal Amount of the Notes plus an amount equal to the Principal Balance of all Financed Eligible Loans which are more than 270 days delinquent and the claims on which have not been paid by a Guarantor or the Secretary of Education or (ii) $500,000. Thus, the amount in the Reserve Fund may be reduced in connection with the reduction of the outstanding Principal Amount of Notes. See "Description of the Indenture—Funds and Accounts—Reserve Fund."

PARITY OBLIGATIONS

The Series 2002-2 Notes will be issued under the Indenture. Additional Notes and Other Obligations may be issued under the Indenture which have the same right to payment from the Trust Estate as the Series 2002-2 Senior Notes and the Series 2002 Senior Notes or which have the same right to such payment as the Series 2002-2 Subordinate Notes and the Series 2002 Subordinate Notes.

The Series 2002-2 Senior Notes and the Series 2002 Senior Notes constitute "Senior Obligations" under the Indenture, secured on a basis which is on a parity with any other Senior Obligations and which is superior to the Series 2002-2 Subordinate Notes, the Series 2002 Subordinate Notes and any other Subordinate Obligations and Junior Subordinate Obligations.

The Series 2002-2 Subordinate Notes and the Series 2002 Subordinate Notes constitute "Subordinate Obligations" under the Indenture, secured on a basis which is on a parity with any other Subordinate Obligations and which is subordinate to the Series 2002-2 Senior Notes, and the Series 2002 Senior Notes and any other Senior Obligations and superior to any Junior Subordinate Obligations.

INDENTURE

The Series 2002-2 Notes are being issued pursuant to the Indenture among the Issuer, the Eligible Lender Trustee and the Trustee, and the Second Supplemental Indenture, and are payable solely from the funds and assets held under the Indenture. The Issuer expects to issue additional series of Notes in the future which also will be secured by the funds and assets held under the Indenture.

FEDERAL INCOME TAX CONSEQUENCES

In the opinion of Kutak Rock LLP, the Series 2002-2 Notes will be characterized as debt obligations for federal income tax purposes and the Issuer will not be characterized as an association or publicly traded partnership taxable as a corporation. Interest paid or accrued on the Series 2002-2 Notes will be taxable to you.

By accepting your Series 2002-2 Note, you agree to treat your Series 2002-2 Note as a debt instrument for income tax purposes. See "Federal Income Tax Consequences."

ERISA CONSIDERATIONS

Subject to satisfaction of the required conditions described in "ERISA Considerations" herein, the Series 2002-2 Notes may generally be purchased by employee benefit plans that are subject to ERISA or Section 4975 of the Code. However, any purchaser of Series 2002-2 Notes should consult its tax and/or legal advisors in determining whether all required conditions have been satisfied. See "ERISA Considerations."

TRANSFER RESTRICTIONS

The Series 2002-2 Notes are subject to restrictions on transferability and resale and may not be transferred or resold except as permitted under the Securities Act and applicable state securities laws pursuant to registration or exemption therefrom. Subsequent purchasers or transfers must be Qualified Institutional Buyers or institutional Accredited Investors (each as hereinafter defined). Prospective purchasers should be aware that they may be required to bear the financial risks of an investment in the Series 2002-2 Notes for an indefinite period of time. See "NOTICE TO INVESTORS: TRANSFER RESTRICTIONS."

RISK FACTORS

You should consider the following risk factors in deciding whether to purchase the Series 2002-2 Notes.

The composition and characteristics of the loan portfolio will continually change, and loans that bear a lower rate of return or have a greater risk of loss may be acquired.

As of the date hereof, the Issuer has identified only a portion of the Eligible Loans to be acquired with the proceeds of the Series 2002-2 Notes. The Issuer will acquire Eligible Loans with these proceeds during the period commencing on each Closing Date and ending on and including December 2, 2002 with respect to each series with a July 26, 2002 Closing Date; February 3, 2003 with respect to each series with a September 26, 2002 Closing Date; and May 1, 2003 with respect to each series with a November 21, 2002 Closing Date, subject to extension upon the receipt of a Rating Agency Confirmation. Also, certain amounts received with respect to the Eligible Loans may be used to acquire additional Eligible Loans during a Revolving Period. The Issuer expects to issue additional Notes and acquire additional Eligible Loans with the proceeds of those Notes. The characteristics of the Eligible Loan portfolio included in the Trust Estate will change from time to time as new Eligible Loans are acquired and may also change as a result of amendments to the Higher Education Act, sales or exchanges of loans and scheduled amortization, prepayments, delinquencies and defaults on the loans.

The acquisition of additional Eligible Loans after the initial Closing Date or between subsequent Closing Dates may cause the characteristics of the Eligible Loans to differ.

The Issuer will acquire Eligible Loans after some series of Series 2002-2 Notes are issued and before other series of Series 2002-2 Notes are issued. Following the transfer of additional Eligible Loans to the Trust Estate between the staggered dates on which Series 2002-2 Notes are issued, the characteristics of the Trust Estate may differ significantly from the information as of the date of this Offering Memorandum. The characteristics that may differ include the composition of the Eligible Loans, changes to the relative concentration of guarantors in the Eligible Loan portfolio, the distribution by loan type, the distribution by interest rate, the distribution by principal balance and the distribution by remaining term. You should consider potential variances when making your investment decision concerning the Notes. With respect to each date that series of Series 2002-2 Notes are to be issued, as a condition to closing, the Issuer will either certify to the Trustee that no such material changes have occurred or will distribute a supplement to this Offering Memorandum to investors describing such material changes. See "CONDITIONS PRECEDENT."

A secondary market for the Series 2002-2 Notes may not develop, which means you may have trouble selling them when you want.

The Initial Purchaser may assist in resales of the Series 2002-2 Notes but it is not required to do so. A secondary market for the Series 2002-2 Notes may not develop. If a secondary market does develop, it might not continue or it might not be sufficiently liquid to allow you to resell any of the Series 2002-2 Notes.

Furthermore, the Auction Procedures and transfer requirements described herein may limit the liquidity and marketability of Series 2002-2 Notes and therefore may not yield an owner the best possible price for a Series 2002-2 Note. The ratings of the Series 2002-2 Notes by the rating agencies will not address the market liquidity of such notes.

Lack of liquidity facility for Series 2002-2 Notes.

The Series 2002-2 Notes will not be supported by a liquidity facility. If an Existing Holder were to submit a Sell Order or a Hold Order subject to an interest rate that is determined to be greater than the Maximum Auction Rate for such Auction Date, and Sufficient Clearing Bids are not obtained on such Auction Date, such Existing Owner will not have its Series 2002-2 Notes purchased through the Auction Procedures on such Auction Date. In such event, no assurance can be given that a Broker-Dealer will purchase or will otherwise be able to locate a purchaser prior to the next Auction Date or that Sufficient Clearing Bids will be obtained on any succeeding Auction Date.

Limited assets will be available to pay principal and interest, which could result in delays in payment or losses on the Series 2002-2 Notes.

The Series 2002-2 Notes are obligations solely of the Issuer, and will not be insured or guaranteed by the originating lender, the Servicer, the Guarantee Agencies, the Trustee or any of their affiliates, or by the Department of Education. Moreover, the Issuer will have no obligation to make any of its assets available to pay principal or interest on the Series 2002-2 Notes, other than the Eligible Loans acquired with proceeds of the Notes and the other assets making up the Trust Estate. Noteholders must rely for repayment upon revenues realized from the Eligible Loans and other assets in the Trust Estate. See "Source of Payment and Security for the Notes."

Failure by loan holders or servicers to comply with student loan origination and servicing procedures could cause delays in payment or losses on the Series 2002-2 Notes.

The Higher Education Act requires loan holders and servicers to follow specified procedures to ensure that the FFELP Loans are properly originated and serviced. Failure to follow these procedures may result in:

- The Department of Education's refusal to make reinsurance payments to the Guarantee Agencies or to make Interest Subsidy Payments and Special Allowance Payments to the Trustee with respect to the FFELP Loans; and
- The Guarantee Agencies' inability or refusal to make guarantee payments with respect to FFELP Loans.

Loss of any of these payments may adversely affect the Issuer's ability to pay principal of and interest on the Series 2002-2 Notes. See "The Financed Loans—Servicing and Due Diligence" and "Description of the FFEL Program."

Repurchase of Financed Eligible Loans.

Upon the occurrence of a breach of representations and warranties with respect to a Financed Eligible Loan, the Issuer can require the related Seller or Servicer to repurchase the related Financed Eligible Loan from the Issuer. If such Seller or Servicer were to become insolvent or otherwise be unable to repurchase such Financed Eligible Loan, it is unlikely that a repurchase of such Financed Eligible Loan from the Issuer would occur. The failure of such Seller or Servicer to repurchase a Financed Eligible Loan would constitute a breach of the related loan purchase agreement or servicing agreement, enforceable by the Trustee on behalf of the Holders, but would not constitute an Event of Default under the Indenture or permit the exercise of remedies thereunder. It is anticipated that the majority of the Eligible Loans will be purchased from the Depositor, which has limited assets to satisfy such repurchase requirement. See "The Depositor" and "Servicing of the Financed Eligible Loans."

The financial health of the loan guarantors could decline, which could affect the timing and amounts available for payment of the Series 2002-2 Notes.

The Eligible Loans are not secured by any collateral of the borrowers. Payments of principal and interest are guaranteed by loan guarantors to the extent described herein. Excessive borrower defaults could impair a loan guarantor's ability to meet its guarantee obligations. The financial health of a loan guarantor could affect the timing and amount of available funds for any collection period and the Issuer's ability to pay principal of and interest on the Series 2002-2 Notes.

Although a holder of FFELP Loans could submit claims for payment directly to the Department of Education pursuant to section 432(o) of the Higher Education Act if the Department of Education determines that a FFELP guarantee agency is unable to meet its insurance obligations, there is no assurance that the Department of Education would make such a determination or that it would pay claims in a timely manner. The trustee may receive claim payments on FFELP Loans directly from the Department of Education under Section 432(o) if such a determination is made. See "Description of the FFEL Program" and "Guarantee Agencies."

The Series 2002-2 Senior Notes are on parity with previously issued Senior Notes and the Series 2002-2 Subordinate Notes are on parity with previously issued Subordinate Notes.

The Indenture allows, among other things, for the issuance of future series of Senior Notes on parity with previously issued Senior Notes and future series of Subordinate Notes on parity with previously issued Subordinate Notes. The Series 2002-2 Senior Notes are on parity with the Series 2002 Senior Notes and the Series 2002-2 Subordinate Notes are on parity with the Series 2002 Subordinate Notes. This means, among other things, that all of the Senior Notes share ratably in the rights of holders of Senior Notes to the Trust Estate and that the holders of the Subordinate Notes share ratably in the rights of holders of Subordinate Notes to the Trust Estate irrespective of which assets of the Trust Estate were acquired with the funds raised by the placement of the Series 2002-2 Notes.

Subordinate Notes face a higher risk of delayed payments and losses.

Interest and principal payments on a payment date for the Series 2002-2 Subordinate Notes and the Series 2002 Subordinate Notes (and any other Subordinate Notes) generally will be made only after each series of Senior Notes has received its interest and principal entitlement on that payment date. Consequently, Subordinate Notes, including the Series 2002-2 Subordinate Notes and the Series 2002 Subordinate Notes, will bear losses on the Eligible Loans prior to such losses being borne by the Senior Notes. In addition, Holders of Subordinate Notes, including the Series 2002-2 Subordinate Notes and the Series 2002 Subordinate Notes, may be limited in the legal remedies that are available to them until the Holders of the Senior Notes are paid in full. See "Source of Payment and Security for the Notes -Priorities" and "Description of the Indenture-Remedies."

Additional Notes may be issued without your consent, which could affect the composition of the outstanding Notes.

The Issuer may, from time to time, issue additional Notes or incur Other Obligations secured by the Trust Estate without the consent or approval of any existing noteholders. These Notes or Other Obligations may be senior or subordinate to, or on a parity with, existing classes of Notes in right of payment.

Use of Lender Identification Number for multiple loan portfolios.

Due to a Department of Education practice limiting the quantity of new lender identification numbers, the Eligible Lender Trustee will use a Department of Education lender identification number that could also be used for other FFELP Loans held by the Eligible Lender Trustee. Such a situation could arise, for example, if the Issuer or a related party acquires other FFELP Loans to secure indebtedness other than the Notes. The billings submitted to the Department of Education would be consolidated with the billings for payments for all Student Loans held by the Eligible Lender Trustee or a related party, and payments on the billings will be made by the Department of Education or the Guarantee Agency to the Eligible Lender Trustee in lump sum form. These payments will be allocated by the Eligible Lender Trustee among the various FFELP Loans held under the same lender identification number.

Offset by Guarantee Agencies or the Department of Education could reduce the amounts available for payment of the Series 2002-2 Notes.

If the Department of Education or a Guarantee Agency determines that the Eligible Lender Trustee owes a liability to the Department of Education or the Guarantee Agency on any FFELP Loan for which the Eligible Lender Trustee is legal titleholder, the Department of Education or the Guarantee Agency might seek to collect that liability by offsetting against payments due the Eligible Lender Trustee under the Indenture for the Notes. This offsetting or shortfall of payments due to the Eligible Lender Trustee could adversely affect the amount of available funds and the Issuer's ability to pay interest and principal on the Notes.

See "Description of the FFEL Program."

Borrowers of Eligible Loans are subject to a variety of factors that may adversely affect their repayment ability.

Collections on the Financed Eligible Loans during a monthly collection period may vary greatly in both timing and amount from the payments actually due on the Financed Eligible Loans for that monthly collection period for a variety of economic, social and other factors.

Failures by borrowers to pay timely the principal and interest on their Financed Eligible Loans or an increase in deferments or forbearance could affect the timing and amount of available funds for any monthly collection period and the ability to pay principal and interest on the Notes.

Borrowers may be offered and if so may elect to participate in graduated repayment programs. As a result of such participation, a borrower may be eligible initially to make lower periodic loan payments. However, such a borrower will incur a greater amount of interest over the life of the Financed Eligible Loan and, at one or more future points in time, will incur an increase in his or her periodic loan payment amount, which may adversely impact a borrower's ability to repay a Financed Eligible Loan and which could adversely affect the amount of available funds for any monthly collection period and the ability to pay principal and interest on the Notes.

In addition, the Financed Eligible Loans have been made to graduate and professional students, who generally have higher debt burdens than student loan borrowers as a whole. The effect of these factors, including the effect on the timing and amount of available funds for any monthly collection period and the ability to pay principal and interest on your Notes is impossible to predict.

The FFEL Program could change, which could adversely affect the loans and the timing and amounts available for payment of the Series 2002-2 Notes.

The Higher Education Act and other relevant federal or state laws may be amended or modified in the future. In particular, the level of guarantee payments may be adjusted from time to time. The Issuer cannot predict whether any changes will be adopted or, if so, what impact such changes may have on the Issuer or the Series 2002-2 Notes.

The Federal Direct Student Loan Program could adversely affect the availability of loans, the cost of servicing, the value of loans and prepayment expectations.

The Higher Education Act provides for a Federal Direct Student Loan Program. This program could result in reductions in the volume of loans made under the FFEL Program. Reduced volume in the FFEL Program in general may cause a servicer to experience increased costs due to reduced economies of scale. These cost increases could reduce the ability of the Servicer to satisfy its obligations to service the Eligible Loans. This could also reduce revenues received by the guarantee agencies available to pay claims on defaulted Eligible Loans. See "Description of the FFEL Program."

Redemption of the Series 2002-2 Notes may create reinvestment risks.

The proceeds of the Series 2002-2 Notes include amounts to be deposited in the Collection Fund and used to pay interest on the Series 2002-2 Notes. If those amounts are not needed for that purpose, they may be used to acquire Eligible Loans. If the amount used to pay interest on the Notes and to acquire Eligible Loans is less than the full amount so funded, the Issuer may prepay principal on the Notes, possibly including the Series 2002-2 Notes. See "Description of the Indenture—Funds and Accounts—Acquisition Fund."

Eligible Loans may be prepaid by borrowers at any time without penalty. The rate of prepayments may be influenced by economic and other factors, such as interest rates, the availability of other financing and the general job market.

The Issuer also has the right to redeem Series 2002-2 Notes at any time, from any source, including through the issuance of refunding obligations.

The interest rates on the Series 2002-2 Notes are subject to limitations, which could reduce your yield.

The interest rate for the Series 2002-2 Notes will be based generally on the outcome of Auctions of Series 2002-2 Notes. The Eligible Loans, however, generally bear interest at a rate based on U.S. Treasury bill rates plus a stated margin, and in some cases will also give rise to Special Allowance Payments based on commercial paper rates, plus a stated margin.

The interest rates on the Series 2002-2 Notes generally will be limited by the Maximum Rate. The Maximum Rate is the least of the Maximum Auction Rate, the Maximum Interest Rate and, during a Net Loan Restriction Period, the Net Loan Rate. The Maximum Auction Rate will be based in part on an average spread over the U.S. Treasury bill rate dependent upon the ratings on the Series 2002-2 Notes.

The Maximum Interest Rate is the lesser of (a) 17% per annum (or such higher rate as the Issuer may establish with a Rating Agency Confirmation) or (b) the highest rate the Issuer may legally pay, from time to time, as interest on the Series 2002-2 Notes.

The Net Loan Rate for an Auction Period is the rate of interest per annum (rounded to the next highest 0.01%) equal to the amount determined by dividing (a) the product of

12 times the sum of the following amounts accrued during the most recent calendar month that ended at least 25 days before the start of such Auction Period (except for (i) below, whether or not actually received or paid): (i) interest (including Interest Subsidy Payments), assumed Special Allowance Payments and late fees collected with respect to the Financed Student Loans plus (ii) investment earnings on amounts in the Funds, plus (iii) any Counterparty Swap Payments minus (iv) any amount required to be paid to the Department of Education or to be repaid to Guarantee Agencies with respect to the Financed Student Loans that do not qualify for Guarantee, minus (v) the aggregate amount of default claims filed during the month with respect to Financed Student Loans which (x) exceed the amount the Guarantor is required to pay under the applicable Guarantee Agreement or (y) are payable only by a Guarantor that is in default of its Guarantee obligations with respect to Financed Student Loans and has not provided collateral security sufficient to pay such claims, minus (vi) any reduction in the interest as a result of borrower incentive programs, minus (vii) any rebate fees due to the U.S. Department of Education with respect to Financed Student Loans that are Consolidation Loans, minus (viii) any Issuer Swap Payments, minus (ix) the interest accrued on all Outstanding Notes other than those that bear interest based upon an auction mode, minus (x) the Note Fees, Administration Fees and Servicing Fees; by (b) the aggregate principal balance of all Notes bearing interest based upon an auction mode that are Outstanding on the date of such calculation.

A Net Loan Restriction Period generally is a period immediately following three consecutive months in which the weighted average of the Auction Rates for each series of Series 2002-2 Notes bearing interest based upon an auction mode in effect during the month exceeded a (a) per annum rate equal to the sum of (i) the bond equivalent yield of Ninety-One Day United States Treasury Bill sold at the last auction prior to the 25th day of the applicable month plus (ii) 1.0% or (b) a per annum rate equal to the sum of (i) the "3 month commercial paper rate" plus (ii) 0.25%. The term "3 month commercial paper rate" means the 90-day commercial paper index calculated quarterly and based on an average of the daily 90-day commercial paper rates reported in the Federal Reserve's Statistical Release H-15.

For an interest payment date on which the Maximum Rate, including the Maximum Auction Rate, applies, the difference between the lesser of the amount of interest at the Auction Rate and the Maximum Interest Rate over the amount of interest at the Maximum Rate will be treated as a Carry-Over Amount and will be paid on succeeding interest payment dates only to the extent of available funds, and may never be paid. The ratings on the Series 2002-2 Notes do not address the likelihood of payment of any Carry-Over Amount. See "Description of the Series 2002-2 Notes—Carry-Over Amounts on the Series 2002-2 Notes."

The interest rates on the Issuer's investments may be insufficient to cover interest on the Series 2002-2 Notes.

Unspent proceeds of the Series 2002-2 Notes and moneys in the funds and accounts under the Indenture will be invested at fluctuating interest rates. There can be no assurance that the interest rates at which these proceeds and moneys are invested will equal or exceed the interest rates on the Series 2002-2 Notes.

Potential for Carry-Over Amount, which may not be paid before final payment of the Series 2002-2 Notes.

The interest rate for the Series 2002-2 Notes will be based generally on the outcome of auctions for the Series 2002-2 Notes. However, the interest rates for the Series 2002-2 Notes will be limited by the Maximum Rate. The Maximum Rate is the least of the Maximum Auction Rate, the Maximum Interest Rate and, during a Net Loan Restriction Period, the Net Loan Rate. The Financed Student Loans will bear interest based upon a commercial paper index. If in respect of any Auction Period the interest rate on a Series 2002-2 Note is limited by the Maximum Rate, the difference between (i) the lesser of the amount of interest such Series 2002-2 Note would have accrued at the Auction Rate and the Maximum Interest Rate over (ii) the amount of interest such Series 2002-2 Note actually accrues at the Maximum Rate will be treated as Carry-Over Amount. Any Carry-Over Amount will be paid on the next Interest Payment Date or on any succeeding Interest Payment Date to the extent funds are available therefor after making all required prior distributions and deposits with respect to such Interest Payment Date and assuming no further Carry-Over Amount is accruing on such series of Notes. If the Carry-Over Amount is not paid by Maturity, such amount will not be paid. See "Description of the Series 2002-2 Notes–Carry-Over Amounts on Series 2002-2 Notes" and "Auction of the Series 2002-2 Notes."

The principal amount of the Notes outstanding may exceed the principal amount of the assets in the Trust Estate, which could result in losses on the Series 2002-2 Notes if there was a liquidation.

The Issuer expects to acquire Eligible Loans from amounts in the Acquisition Fund at premiums exceeding the principal amount of such Eligible Loans. Therefore, the principal amount of Notes outstanding at any time may exceed the principal amount of Financed Eligible Loans and other assets in the Trust Estate held by the trustee under the Indenture. If an Event of Default occurs and the assets in the Trust Estate are liquidated, the Eligible Loans would have to be sold at a premium for the Holders of Subordinated Notes and possibly the Holders of Senior Notes to avoid a loss. The Issuer cannot predict the rate or timing of accelerated payments of principal or the occurrence of an Event of Default or when the aggregate principal amount of the Notes may be reduced to the aggregate principal amount of the Eligible Loans and other assets in the Trust Estate held by the Trustee under the Indenture.

Payment of principal and interest on the Notes is dependent upon collections on the Financed Eligible Loans. If the yield on the Financed Eligible Loans does not generally exceed the interest rate on the Notes and expenses relating to the servicing of the Financed Eligible Loans and administration of the Indenture, the Issuer may have insufficient funds to repay the Notes.

If the Trustee is forced to sell loans after an Event of Default, there could be losses on the Series 2002-2 Notes.

Generally, during an Event of Default, the Trustee is authorized with certain noteholder consent to sell the Financed Eligible Loans. However, the Trustee may not find a purchaser for the Financed Eligible Loans. Also, the market value of the Financed Eligible Loans plus other assets in the Trust Estate might not equal the principal amount of Notes plus accrued interest. The competition currently existing in the secondary market for loans made under the FFEL Program also could be reduced, resulting in fewer potential buyers of the FFELP Loans and lower prices available in the secondary market for those loans. There may be even fewer potential buyers for those loans, and therefore lower prices available in the secondary market. The noteholders may suffer a loss if the Trustee is unable to find purchasers willing to pay sufficient prices for the Financed Eligible Loans.

Bankruptcy of the Issuer could result in accelerated

The Issuer has been established as a bankruptcy remote entity. However, if the Issuer becomes bankrupt, the United States Bankruptcy Code could materially limit or

prepayment on the Series 2002-2 Notes.

prevent the enforcement of its obligations under the Notes, including the Series 2002-2 Notes. The Issuer's trustee in bankruptcy or the Issuer itself as debtor-in-possession may seek to accelerate payment on the Notes and liquidate the assets held under the Indenture. If principal on the Notes, including the Series 2002-2 Notes, is declared due and payable, you may lose the right to future payments and face reinvestment risks mentioned above. If the assets held under the Indenture are liquidated, you may face the risks relating to the sale of the loan portfolio mentioned above.

Less than all of the holders can approve amendments to the Indenture or waive Events of Default under the Indenture.

Under the Indenture, holders of specified percentages of the aggregate principal amount of the Notes may amend or supplement provisions of the Indenture and the Notes and waive Events of Default and compliance provisions without the consent of the other Holders. You have no recourse if the Holders vote and you disagree with the vote on these matters. The Holders may vote in a manner which impairs the ability to pay principal and interest on your Notes. Also, so long as Senior Notes are outstanding, the Holders of Subordinate Notes will not have the right to approve certain amendments, or exercise certain rights under the Indenture.

The Series 2002-2 Notes are not suitable investments for all investors.

The Notes are not a suitable investment if you require a regular or predictable schedule of payments or payment on any specific date. The Notes are complex investments that should be considered only by investors who, either alone or with their financial, tax and legal advisors, have the expertise to analyze the prepayment, reinvestment, default and market risk, the tax consequences of an investment, and the interaction of these factors.

Rating Agencies can permit certain actions to be taken without noteholder approval.

The Indenture provides that the Issuer and the Trustee may undertake various actions based upon receipt by the Trustee of confirmation from the Rating Agencies that the outstanding ratings assigned by such Rating Agencies to the Notes are not thereby impaired. Such actions include, but are not limited to, amendments to the Indenture, the issuance of additional Notes and the execution by the Issuer of Swap Agreements. To the extent such actions are taken after issuance of the Series 2002-2 Notes, investors in the Series 2002-2 Notes will be relying on the evaluation by the Rating Agencies of such actions and their impact on credit quality.

Book-entry registration may limit your ability to participate directly as a holder.

The Series 2002-2 Notes will be represented by one or more certificates registered in the name of Cede & Co., the nominee for DTC, and will not be registered in your name. You will only be able to exercise the rights of Noteholders indirectly through DTC and its participating organizations. See "Description of the Series 2002-2 Notes—Book-Entry-Only System."

Credit ratings only address a limited scope of your concerns.

One or more Rating Agencies will rate each series of the Series 2002-2 Notes. A rating is not a recommendation to buy or sell Series 2002-2 Notes or a comment concerning suitability for any investor. A rating only addresses the likelihood of the ultimate payment of principal and stated interest and does not address the likelihood of prepayments on the Series 2002-2 Notes or the likelihood of the payment of Carry-Over Amounts. A rating may not remain in effect for the life of the Series 2002-2 Notes. See "Ratings."

The Issuer may enter into Swap Agreements which could result in delays in payment or losses on the Series 2002-2 Notes if the counterparty fails to make its payments.

Under the Indenture, the Issuer may enter into interest rate Swap Agreements if certain requirements are met, including a Rating Agency Confirmation. Interest rate Swap Agreements carry risks relating to the credit quality of the counterparty and the enforceability of the Swap Agreement. See "Source of Payment and Security for the Notes—Additional Obligations."

Military service obligations may result in delayed payments from borrowers called to active military service.

The Soldiers' and Sailors' Civil Relief Act of 1940 (the "Relief Act"), provides relief to borrowers who enter active military service and to borrowers in reserve status who are called to active duty after the origination of their student loan. The Relief Act provides generally that a borrower who is covered by the Relief Act may not be charged interest on an Alternative Loan in excess of 6% per annum during the period of the borrower's active duty. These shortfalls are not required to be paid by the borrower at any future time. This limitation does not apply to FFELP Loans.

The Relief Act also limits the ability of a lender of FFELP and Alternative Loans to take legal action against a borrower during the borrower's period of active duty and, in some cases, during an additional three month period thereafter. As a result, there may be delays in payment and increased losses on the Eligible Loans.

The Department of Education has issued guidelines recently that would extend the in-school status, in-school deferment status, grace period status or forbearance status of certain borrowers ordered to active duty. Further, if a borrower is in default on a FFELP Loan, the applicable Guarantee Agency must, upon being notified that the borrower has been called to active duty, cease all collection activities for the expected period of the borrower's military service, through September 14, 2002, unless the Department of Education provides guidance extending this period.

We do not know how many Eligible Loans have been or may be affected by the application of the Relief Act and the Department of Education's recent guidelines.

Book-Entry-Only System.

Each series of Series 2002-2 Notes will be initially represented by one or more certificates registered in the name of Cede & Co., the nominee for DTC, and will not be registered in the names of the beneficial owners of such Series 2002-2 Notes or their nominees. Because of this, unless and until definitive securities are issued, beneficial owners of such Series 2002-2 Notes will not be recognized by the Trustee as "Holders" (as such terms are used in the Indenture). Hence, until definitive securities are issued, beneficial owners of such series of Series 2002-2 Notes will only be able to exercise the rights of Holders indirectly through DTC and its participating organizations. See "Description of the Series 2002-2 Notes—Book-Entry-Only System" herein.

Financial status of any Swap Provider. If the Issuer enters into Swap Agreements, at such times that the payment due to the Issuer is greater than the Issuer's payment obligation, the Trustee's ability to make principal and interest payments on the Series 2002-2 Notes will be affected by the ability of the provider of the Swap Agreement to meet its net payment obligation to the Trustee. The Indenture requires that the Issuer obtain a Rating Agency Confirmation prior to entering into a Swap Agreement. At such times that the Issuer's payment obligation is greater than the payment due to the Issuer by the provider of a Swap Agreement, the Trustee's ability to make principal and interest payments of the Series 2002-2 Notes and pay amounts owing on other Notes and Swap Agreements may be affected by the Issuer's legal requirement to meet its net payment obligation to the provider of the Swap Agreement.

Actual cash flow results may be materially different. The Issuer expects that the revenues and recoveries of principal to be received pursuant to the Indenture will be sufficient to pay principal of and interest on the Series 2002-2 Notes when due and also to pay the expenses of the Trust Estate until the final maturity of the Series 2002-2 Notes. This expectation is based upon analysis of cash flow projections, based upon assumptions, which the Issuer believes are reasonable, regarding the timing of the financing of the Financed Eligible Loans to be held pursuant to the Indenture, the future composition of and yield on the Financed Eligible Loan portfolio, the rate of return on moneys to be invested in various Funds and Accounts under the Indenture, and the occurrence of future events and conditions.

Forward-looking statements. This Offering Memorandum contains statements relating to future results that are "forward-looking statements" as defined in the Private Litigation Reform Act of 1995. When used in this Offering Memorandum, the words "estimate," "intend," "expect," "assume" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty and risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and actual results; those differences could be material.

The proceeds from the sale of the Series 2002-2 Notes are expected to be used as follows:

- approximately $886,110,000 will be deposited in the Acquisition Fund and used to acquire Eligible Loans during the Acquisition Period;

- approximately $6,750,000 will be used to make the required Reserve Fund deposit; and

On each of the September 26, 2002 Closing Date and the November 21, 2002 Closing Date, an amount equal to 0.75% of the principal amount of each series of Series 2002-2 Notes being issued on such date shall be deposited in the Reserve Fund and the balance of such proceeds shall be deposited in the Acquisition Fund.

Upon the issuance of all of the Series 2002-2 Notes and after giving effect to the acquisition of Eligible Loans with funds from the Acquisition Fund, the Senior Asset Percentage is expected to be approximately 105.0% and the Subordinate Asset Percentage is expected to be approximately 98.0%. The Indenture does not require maintenance of any such asset percentages.

CONDITIONS PRECEDENT TO THE ISSUANCE OF THE SERIES 2002-2 NOTES

Subsequent to the initial issuance, the execution, authentication and delivery of each series of Series 2002-2 Notes is subject to the satisfaction of certain conditions precedent set forth in the Second Supplemental Indenture, including the satisfaction of the conditions set forth in the Indenture relating to the issuance of a new series of Notes, the delivery of an Issuer Order from the Issuer to the Trustee relating to the terms of each of Series 2002-2 Notes to be issued on the applicable Closing Date and either a certificate from the Issuer to the Trustee that there have been no material changes with respect to the information in this Offering Memorandum since the delivery of this Offering Memorandum to the Initial Purchaser that would require an update to this Offering Memorandum, or the delivery to Initial Purchaser of a supplement to this Offering Memorandum setting forth any material changes with respect to the information in the Offering Memorandum since the delivery of the most recent offering memorandum to the Initial Purchaser and the Initial Purchaser has determined that such changes do not, in its reasonable judgment, adversely affect the market price of the Series 2002-2 Notes.

SOURCE OF PAYMENT AND SECURITY FOR THE NOTES

General

The Notes will be limited obligations of the Issuer payable solely from the Trust Estate created under the Indenture, consisting of certain revenues and Funds and Accounts pledged under the Indenture. The pledged revenues include: (1) payments of interest and principal made by obligors of Financed Eligible Loans, (2) guarantee payments made by the Guarantee Agencies with respect to defaulted Financed Eligible Loans, (3) Interest Subsidy Payments and Special Allowance Payments made by the Department of Education to or for the account of the Eligible Lender Trustee as the holder of Financed Eligible Loans (excluding any Special Allowance Payments and Interest Subsidy Payments accrued prior to the date of Financing the related FFELP Loan), (4) income from investment of moneys in the pledged Funds and Accounts, (5) payments from a Swap Counterparty under a Swap Agreement, if any, (6) proceeds of any sale or assignment by the Issuer of any Financed Eligible Loans, and (7) available Note proceeds. In addition, the pledged revenues with respect to one or more series of additional Notes may include payments made by a Credit Facility Provider pursuant to a Credit Enhancement Facility.

The principal of, premium, if any, and interest on the Notes will be secured by a pledge of and a security interest in all rights, title, interest and privileges of the Issuer (1) with respect to Financed Eligible Loans, in, to and under any Servicing Agreement, the Eligible Lender Trust Agreement, the Guarantee Agreements and any purchase and sale agreements pursuant to which the Issuer acquires Financed Eligible Loans; (2) in, to and under all Financed Eligible Loans (including the evidences of indebtedness thereof and related documentation); (3) in the proceeds of the sale of the Notes (until expended for the purpose for which the Notes were issued) and the revenues, moneys, evidences of indebtedness and

securities (including any earnings thereon) in and payable into the Acquisition Fund, the Debt Service Fund, the Collection Fund, the Alternative Loan Loss Reserve Fund, the Reserve Fund, the Administration Fund and the Surplus Fund, in the manner and subject to the prior applications provided in the Indenture; (4) in, to and under any Credit Enhancement Facility, any Swap Agreement, any Swap Counterparty Guarantee, any Tender Agent Agreement, any Remarketing Agreement, any Auction Agent Agreement, any Market Agent Agreement and any Broker-Dealer Agreement; and (5) in and to the proceeds from the sale of the Notes (until expended for the purpose for which the Notes were issued) and the revenues, moneys, evidences of indebtedness and securities (including any earnings thereon) in and payable to the pledged Funds and Accounts. Certain pledged revenues are subject to withdrawal from the pledged Funds and Accounts, to prior applications to pay costs of issuance, Servicing Fees, Administration Fees and Note Fees, and to certain other applications as described under "Description of the Indenture—Funds and Accounts."

Additional Indenture Obligations

The Indenture provides that in the future, upon the satisfaction of certain conditions, the Issuer may issue one or more series of Notes thereunder. Such additional Notes may be issued as Senior Notes on a parity basis with any other Senior Notes (including the Series 2002-2 Senior Notes) or as Subordinate Notes on a parity basis with any other Subordinate Notes (including the Series 2002-2 Subordinate Notes). The Series 2002-2 Senior Notes are Senior Obligations on parity with the Series 2002 Senior Notes previously issued pursuant to the terms of the Indenture and the Series 2002-2 Subordinate Notes are Subordinate Obligations on parity with the Series 2002 Subordinate Notes previously issued pursuant to the terms of the Indenture. The Indenture also provides that Junior Subordinate Notes, that are subordinate to Senior Obligations and Subordinate Obligations, may be issued in the future. In addition, the Issuer may enter into Swap Agreements and may obtain Credit Enhancement Facilities from one or more Credit Facility Providers. The Issuer's obligations under the Swap Agreements, and its obligations to pay the premiums or fees of Credit Facility Providers and, if applicable, to reimburse payments made under Credit Enhancement Facilities, may be parity obligations with the Senior Notes (such Other Obligations, together with the Senior Notes, being referred to herein as "Senior Obligations") or parity obligations with the Subordinate Notes (such Other Obligations, together with the Subordinate Notes, being referred to herein as "Subordinate Obligations"), or parity obligations with the Junior Subordinate Notes (such Other Obligations, together with the Junior Subordinate Notes, being referred to herein as "Junior Subordinate Obligations"). The Senior Obligations, the Subordinate Obligations and the Junior Subordinate Obligations are referred to herein as "Indenture Obligations." See "Description of the Indenture—Notes and Other Obligations."

Under the Indenture, the Issuer may not enter into a Swap Agreement or obtain a Credit Enhancement Facility unless the Trustee shall have received a Rating Agency Confirmation that entering into the Swap Agreement or obtaining the Credit Enhancement Facility, as the case may be, will not cause the reduction or withdrawal of any rating or ratings then applicable to any Outstanding Notes.

Any Credit Enhancement Facility may be obtained for the sole benefit of a particular series of Notes designated therein, in which event payments under such Credit Enhancement Facility would not be available for the payment of principal of, premium, if any, or interest on any other series of Notes. However, any payments required to be made to any Credit Facility Provider would be parity obligations with the Other Obligations of the same class, payable from any revenues available to pay such other Indenture Obligations. No Credit Enhancement Facility is being obtained with respect to the Series 2002-2 Notes, and it is not expected that any revenues obtained under any Credit Enhancement Facility would be available to pay the Series 2002-2 Notes.

Priorities

The Senior Notes (and any Other Senior Obligations including the Series 2002 Senior Notes and the Series 2002-2 Senior Notes) are entitled to payment and certain other priorities over the Subordinate Notes (and any Other Subordinate Obligations including the Series 2002 Subordinate Notes and the Series 2002-2 Subordinate Notes) and the Junior Subordinate Notes (and Other Junior Subordinate Obligations). Current payments of interest and principal due on Subordinate Notes and Junior Subordinate Notes on an interest payment date or principal payment date will be made (on a parity basis with any Other Subordinate Obligations and Other Junior Subordinate Obligations) only to the extent that there are sufficient moneys available for such payment, after making all such payments due on such date with respect to

Senior Notes and Other Senior Obligations. So long as any Senior Obligations remain Outstanding under the Indenture, the failure to make interest or principal payments with respect to Subordinate Notes or Junior Subordinate Notes will not constitute an Event of Default under the Indenture. In the event of an acceleration of the Notes, the principal of and accrued interest on the Subordinate Notes and Junior Subordinate Notes will be paid (on a parity basis with any Other Subordinate Obligations and Other Junior Subordinate Obligations) only to the extent there are moneys available under the Indenture after payment of the principal of, and accrued interest on, all Senior Notes and the satisfaction of all Other Senior Obligations. In addition, holders of Senior Notes and Beneficiaries of Other Senior Obligations are entitled to direct certain actions to be taken by the Trustee prior to and upon the occurrence of an Event of Default, including election of remedies. See "Description of the Indenture—Remedies."

The Subordinate Notes (and any Other Subordinate Obligations) are entitled to payment and certain other priorities over the Junior Subordinate Notes (and any Other Junior Subordinate Obligations). Current payments of interest and principal due on Junior Subordinate Notes on an interest payment date or principal payment date will be made (on a parity basis with any Other Junior Subordinate Obligations) only to the extent that there are sufficient moneys available for such payment, after making all such payments due on such date with respect to Senior Notes, Subordinate Notes and Other Senior Obligations and Other Subordinate Obligations. So long as any Senior Obligations or Subordinate Obligations remain Outstanding under the Indenture, the failure to make interest or principal payments with respect to Junior Subordinate Notes will not constitute an Event of Default under the Indenture. In the event of an acceleration of the Notes, the principal of and accrued interest on the Junior Subordinate Notes will be paid (on a parity basis with any Other Junior Subordinate Obligations) only to the extent there are moneys available under the Indenture after payment of the principal of, and accrued interest on, all Senior Notes and Subordinate Notes and the satisfaction of all Other Senior Obligations and Other Subordinate Obligations. If there are no Senior Notes or Other Senior Obligations Outstanding under the Indenture, the holders of Subordinate Notes and Beneficiaries of Other Subordinate Obligations are entitled to direct certain actions to be taken by the Trustee prior to and upon the occurrence of an Event of Default, including election of remedies. See "Description of the Indenture—Remedies."

Reserve Fund

The Notes, including the Series 2002-2 Senior Notes and the Series 2002-2 Subordinate Notes, will be additionally secured by the Reserve Fund in an amount equal to the Reserve Fund Requirement. The Reserve Fund Requirement with respect to the Series 2002-2 Notes shall be at any time an amount equal to 0.75% of the aggregate Principal Amount of the Series 2002-2 Notes then Outstanding plus an amount equal to the Principal Balance of all Financed Eligible Loans which are more than 270 days delinquent and the claims on which have not been paid by a Guarantor or the Secretary of Education or such other amount specified as the Reserve Fund Requirement in a Supplemental Indenture provided; however, that the amount on deposit shall never be less than $500,000.

The Reserve Fund secures all Notes issued under the Indenture. Consequently, the establishment of a Reserve Fund Requirement with respect to additional Notes at a level less than 0.75% of the outstanding Principal Amount of such additional Notes will dilute the security of the Reserve Fund with respect to the Series 2002-2 Notes. However, additional Notes may only be issued upon receipt by the Issuer and the Trustee of a Rating Agency Confirmation.

Subordination of the Series 2002-2 Subordinate Notes

The rights of the holders of the Series 2002-2 Subordinate Notes to receive principal and interest payments will be subordinated to such rights of the holders of the Series 2002-2 Senior Notes, the Series 2002 Senior Notes, any other series of Senior Notes and any Other Senior Obligations to the extent described herein. This subordination is intended to enhance the likelihood of regular receipt of the interest and principal by the holders of the Series 2002-2 Senior Notes, the Series 2002 Senior Notes, any other series of Senior Notes and any Other Senior Obligations. See "—Priorities" and "Description of the Indenture—Funds and Accounts."

In addition, the Subadministrator consults with the Delaware Trustee regarding the duties of the Issuer and the Delaware Trustee under the Trust Related Agreements. The Subadministrator monitors the performance of the Issuer and advises the Eligible Lender Trustee and the Delaware Trustee when action is necessary to comply with the Issuer's duties under the Trust Related Agreements. THE FINANCED ELIGIBLE LOANS

Description of Financed Eligible Loans to be Acquired

The Financed Eligible Loans to be acquired with proceeds of the Series 2002-2 Notes will be acquired by the Issuer during the period beginning on each respective Closing Date and ending on December 2, 2002 with respect to each series with a July 26, 2002 Closing Date; February 3, 2003 with respect to each series with a September 26, 2002 Closing Date and May 1, 2003 with respect to each series with a November 21, 2002 Closing Date. This period, referred to as the "Acquisition Period," may, subject to obtaining a Rating Agency Confirmation, be periodically extended by the Issuer.

Although the Issuer has only identified a portion of the Financed Eligible Loans it will acquire, all of the Financed Eligible Loans to be acquired by the Issuer during the Acquisition Period will consist of FFELP Loans.

Each FFELP Loan is required to be guaranteed as to principal and interest by a Guarantee Agency and reinsured by the Department of Education to the extent provided under the Higher Education Act. FFELP Loans are required to be eligible for Special Allowance Payments and, in the case of Stafford Loans, Interest Subsidy Payments paid by the Department of Education. See "Description of the FFEL Program."

Each Financed Eligible Loan will be a Consolidation Loan or other FFELP loan provided that the aggregate principal balance of all such FFELP loans which are not Consolidation Loans does not exceed $25 million at any given time and provided further that no more than $12,500,000 of such FFELP Loans which are not Consolidation Loans may be "unsubsidized Stafford loans", unless Rating Agency Confirmation is obtained. Each of the Financed Eligible Loans is expected to be acquired at a purchase price which will include a Premium. In addition, it is expected that a substantial amount of the Financed Eligible Loans to be acquired with the proceeds of the Series 2002-2 Notes will permit the borrowers to choose a graduated repayment schedule. See "DESCRIPTION OF THE INDENTURE—Funds and Accounts—*Acquisition Fund*."

Except as described above, there will be no required characteristics of the Financed Eligible Loans. Therefore, the acquisition of Financed Eligible Loans from funds available for that purpose under the Indenture will cause the aggregate characteristics of the entire pool of Financed Eligible Loans, including the composition of the Financed Eligible Loans and of the borrowers thereof, the distribution by interest rate and the distribution by principal balance, to vary over time. Furthermore, the issuance of additional series of Notes and the acquisition of Financed Eligible Loans with the proceeds thereof may cause the aggregate characteristics of the pool of Financed Eligible Loans to vary still further.

The Financed Eligible Loans may have "graduated repayment characteristics." For example, the Depositor intends to offer one or more graduated repayment programs to prospective Consolidation Loan borrowers. A borrower who participates in such program may be eligible initially to make lower periodic loan payments, which might include paying only interest for a period of time. However, such a borrower would incur a greater amount of interest over the life of the loan and, at one or more further points in time, would incur an increase in his or her periodic loan payment amounts, which may adversely impact a borrower's ability to repay a Financed Eligible Loan.

Initially, the Issuer will acquire the Financed Eligible Loans from:

- the Depositor pursuant to the terms of a Loan Purchase Agreement between the Issuer and the Depositor covering Consolidation Loans being originated and funded by the Depositor, via its eligible lender trustee, under the Higher Education Act; and

- potentially, the Depositor pursuant to a Loan Purchase Agreement between it and the Issuer, with the sale being made by the Depositor contemporaneously with the acquisition by the Depositor of such loans as the result of the call of an option held by Student Loan Consolidation Center, LLC under a Call Option Agreement between it and Union Bank and Trust Company to purchase such loans itself or to have an entity owned by Student Loan Consolidation Center, LLC purchase such loans.

Thereafter, the Issuer is expected to acquire additional Consolidation Loans or FFELP loans, provided that the aggregate principal of all such FFELP loans which are not Consolidation Loans does not exceed $25 million at any given time and provided further that no more than $12,500,000 of such FFELP Loans which are not Consolidation Loans may be "unsubsidized Stafford loans", from the Depositor and/or from other persons under Loan Purchase Agreements and, if Rating Agency Confirmation is first obtained, other FFELP Loans and Alternative Loans eligible to be Financed Eligible Loans.

The Depositor may elect in the future to offer borrower incentives (such as, without limitation, reduced payments for automatic electronic payments and on time payment history) on the Financed Eligible Loans to be acquired by the

Issuer. However, if such new borrower incentives adversely affect the then most recent cash flows delivered to the Rating Agencies, a Rating Agency Confirmation must first be obtained before the Depositor offers those borrower incentives.

In the Loan Purchase Agreement, the Seller of the Financed Eligible Loans will make certain representations and warranties concerning each FFELP Loan being sold to the Issuer. The Seller will be required to repurchase any Financed Eligible Loan sold to the Issuer if, among other reasons (i) any representation or warranty made by the Seller proves to have been materially incorrect or (ii) the Secretary of Education or a Guarantee Agency refuses to honor all or part of a claim filed with respect to a Financed Eligible Loan on account of any circumstance or event that occurred prior to the sale of such Financed Eligible Loan to the Issuer. In respect of loans purchased by the Issuer from the Depositor, if the Depositor has acquired those loans after they were originated by other entities, the Issuer expects that the Depositor will have entered into agreements with those persons by which they make warranties and representations to the Depositor conforming to those it makes to the Issuer. However, even though the Depositor will have made the aforesaid representations and warranties to the Issuer, the Depositor is not expected to have assets other than its interest in the Issuer and its claims, if any, against persons that supplied the Depositor with loans with which to back the warranties and representations in the Loan Purchase Agreements between the Depositor and the Issuer. With respect to Consolidation Loans originated by the Depositor (via its eligible lender trustee), the only warranties and representations which the Depositor will have received in respect of those loans are the warranties and representations made by the borrowers and the Guarantee Agencies. The sale of Eligible Loans by the Depositor into the Trust Estate will be made at fair market value, which may include a premium to the Depositor.

Servicing and Due Diligence

The Issuer has covenanted in the Indenture to cause a Servicer to administer and collect all Financed Eligible Loans in accordance with all applicable requirements of the Higher Education Act, the Secretary of Education, the Indenture, and the Guarantee Agreements.

The Higher Education Act requires that the originating lender, the Eligible Lender Trustee, and their agents (including the Servicer) exercise due diligence in the making, servicing and collection of FFELP Loans and that a Guarantee Agency exercise due diligence in collecting loans which it holds. The Higher Education Act defines "due diligence" as requiring the holder of a Student Loan to utilize servicing and collection practices at least as extensive and forceful as those generally practiced by financial institutions for the collection of consumer loans, and requires that certain specified collection actions be taken within certain specified time periods with respect to a delinquent loan or a defaulted loan. The Guarantee Agencies have established procedures and standards for due diligence to be exercised by each Servicer and by lenders (including the Eligible Lender Trustee) which hold loans that are guaranteed by the respective Guarantee Agencies. The Eligible Lender Trustee, the Lender or a Guarantee Agency may not relieve itself of its responsibility for meeting these standards by delegation to any servicing agent. Accordingly, if the originating lender or the Servicer fails to meet any such standards, the Issuer's ability to realize the benefits of guarantee payments (and, with respect to Student Loans eligible for such payments, Interest Subsidy Payments and Special Allowance Payments) may be adversely affected. If a Guarantee Agency fails to meet such standards with respect to FFELP Loans, that Guarantee Agency's ability to realize the benefits of federal reinsurance payments may be adversely affected.

However, the Servicing Agreements provide that the Servicer will indemnify the Issuer for certain amounts if, as a result of the activities of the Servicer a Financed Eligible Loan is denied guarantee payments by a Guarantee Agency or Interest Subsidy Payments or Special Allowance Payments. *For loans originated on or after April 1, 2002, via Nelnet Loan Services, Inc. as servicer, that liability is limited to seven thousand five hundred ($7,500) dollars per borrower.*

The initial Servicer of the Financed Eligible Loans originated by the Depositor (through its eligible lender trustee) is Great Lakes Educational Loan Services, Inc. or AFSA Data Corporation. The initial Servicer of the Financed Eligible Loans originated by Union Bank and Trust Company is Nelnet Loan Services, Inc.

Eligible Loans to be acquired with proceeds of the Series 2002-2 Notes, other than those acquired from Union Bank and Trust Company, may be serviced by one or more servicers including Great Lakes Educational Loan Services, Inc., AFSA Data Corporation, Nelnet Loan Services, Inc. or SunTech, Inc.

SERVICING OF FINANCED ELIGIBLE LOANS

The Servicers are required under the Higher Education Act, the rules and regulations of the Guarantee Agencies and the Indenture to use due diligence in the servicing and collection of the Financed Eligible Loans and to use collection practices no less extensive and forceful than those generally in use among financial institutions with respect to other consumer debt. The Issuer has entered into Servicing Agreements with Great Lakes Educational Loan Services, Inc. (the "Great Lakes Servicing Agreement") and AFSA Data Corporation (the "AFSA Servicing Agreement") with respect to Financed Eligible Loans other than those originated by Union Bank and Trust Company. The Issuer has entered into a life-of-loan Servicing Agreement (the "Nelnet Servicing Agreement") with Nelnet Loan Services, Inc. (the "Nelnet Servicer") with respect to the Financed Eligible Loans originated by Union Bank and Trust Company.

The Issuer may enter into servicing agreements with other servicers, including, without limitation, SunTech, Inc., for the servicing of the Financed Student Loans to be acquired with proceeds of the Series 2002-2 Notes, other than those acquired from Union Bank and Trust Company as a result of the exercise of the call option under the Call Option Agreement between it and Student Loan Consolidation Center, LLC.

Pursuant to the Great Lakes Servicing Agreement, Great Lakes Educational Loan Services, Inc. agrees to provide all customary post-origination student loan servicing activities with respect to Loans under the Higher Education Act which are purchased or originated by the Lender, which are guaranteed by Great Lakes Higher Education Guaranty Corporation and which are submitted to Great Lakes Educational Loan Services, Inc. by the Issuer and accepted by Great Lakes Educational Loan Services, Inc. for servicing. Such services generally include completing all forms and reports required by the Department of Education and by the Guarantee Agency, accrual and capitalization of interest on those loans not eligible for interest subsidy under the Act, verifying the current status of all borrowers, addressing borrower inquiries, collecting principal, interest and fees owed by the borrowers, providing certain reports of its activities and the loan portfolios serviced by the Servicer, complying with all collection procedures required by the Act, and preparing and submitting all documentation necessary to comply with the Guarantee Agency's reimbursement procedures. The Servicing Agreement may be terminated only at the end of a calendar quarter, and only if written notice is given (i) by the Issuer to Great Lakes Educational Loan Services, Inc. at least 30 days prior to the end of the calendar quarter, or (ii) by Great Lakes Educational Loan Services, Inc. to the Issuer at least 180 days prior to the end of the calender quarter. The Servicing Agreement may be amended by Great Lakes Educational Loan Services, Inc. upon 30 days written notice to the Issuer, provided that the provisions of the Agreement shall at all times be consistent with the Act and applicable regulations. In the event of any such modification by Great Lakes Educational Loan Services, Inc., the Issuer has 30 days in which to accept or reject the modification by written notice.

Pursuant to the servicing agreement between the Issuer and AFSA, and with respect to student loans originated by AFSA for the Depositor, AFSA agrees to perform all services and duties customary to the servicing of student loans in accordance with generally established procedures and industry standards and practices until each account is paid in full or deconverted from AFSA's servicing system in accordance with the AFSA servicing agreement. Generally, these services and duties include; loan conversion and note examination, borrower relations including, disclosure letters, billing notification, responding to borrower inquiries, and skip tracing procedures, reporting to the Issuer, and related loan servicing activities which may include servicing activities required by the Higher Education Act or Guarantee Agency regulations. AFSA agrees to perform its services and duties in material compliance with (i) the Higher Education Act, (ii) the applicable manual of policies and procedures to be followed under the guarantee program operated by applicable Guarantee Agency of the loans serviced by AFSA as well as all supplements and amendments thereto, (iii) the applicable contract of insurance or guarantee, and (iv) any other laws and regulations governing the servicing of the loans. AFSA will (i) establish and maintain records received by AFSA with respect to each account and complete records of AFSA's servicing of the account from the date such servicing commenced, (ii) maintain possession of original promissory notes, loan applications and other required supplements, (iii) otherwise commence servicing the accounts relating to such loan documents, and (iv) microfilm or otherwise reproduce the promissory notes, loan applications, and other required supplements and cause such reproductions to be stored.

Pursuant to the Nelnet Servicing Agreement, the Nelnet Servicer agrees to provide all customary post-origination student loan servicing activities with respect to the Financed Eligible Loans serviced thereunder. Such services generally

include maintaining custody of copies of promissory notes and related documentation, billing for and processing payments from borrowers, undertaking certain required collection activities with respect to delinquent loans, submitting guarantee claims with respect to defaulted loans, establishing and maintaining records with respect to its servicing activities, and providing certain reports of its activities and the student loan portfolios serviced by them. The Nelnet Servicer agrees to service the Financed Eligible Loans in compliance with the Higher Education Act, the guidelines of the applicable Guarantor, and all applicable federal and state laws and regulations. The Nelnet Servicing Agreement is for the life of the Student Loans serviced thereunder; however, it has an initial term of five years and will automatically continue on a month-to-month basis and may be renewed for an additional period of time upon mutual agreement of the parties thereafter, unless either party gives 60 days written notice prior to the end of the initial term or any extension of the term. The Nelnet Servicer also has the right to request an increase in its fees and expenses during the term of the Nelnet Servicing Agreement by giving 60 days prior written notice to the Issuer. If the Issuer objects to any such increase within the time period set forth in the Servicing Agreement, the proposed increase will not be effective and the Nelnet Servicer may terminate the Nelnet Servicing Agreement. However, no termination of the Nelnet Servicing Agreement will be effective unless and until the Issuer enters into another agreement similar to the Nelnet Servicing Agreement with a successor servicer and has obtained a Rating Agency Confirmation with respect to such successor servicer.

The Servicers

The following descriptions have been provided by the entities being referred to. The Issuer has not independently verified this information.

Great Lakes Educational Loan Services, Inc. Great Lakes Educational Loan Services, Inc. ("GLELSI") acts as a loan servicing agent for the Trust. GLELSI is a wholly owned subsidiary of Great Lakes Higher Education Servicing Corporation ("GLHESC"), a Wisconsin nonstock, nonprofit corporation whose sole member is Great Lakes Higher Education Corporation ("GLHEC"). DESCRIPTION OF THE FFEL PROGRAM

The Higher Education Act provides for several different educational loan programs (collectively, "Federal Family Education Loans" or "FFELP Loans" and, the program with respect thereto, the "Federal Family Education Loan Program"). Under these programs, state agencies or private nonprofit corporations administering student loan insurance programs ("Guarantee Agencies") are reimbursed for portions of losses sustained in connection with FFELP Loans, and holders of certain loans made under such programs are paid subsidies for owning such loans. Certain provisions of the Federal Family Education Loan Program are summarized below.

The Higher Education Act has been subject to frequent amendments, including several amendments that have changed the terms of and eligibility requirements for the FFELP Loans. Generally, this Offering Memorandum describes only the provisions of the Federal Family Education Loan Program that apply to loans made on or after July 1, 1998. The following summary of the Federal Family Education Loan Program as established by the Higher Education Act does not purport to be comprehensive or definitive and is qualified in its entirety by reference to the text of the Higher Education Act and the regulations thereunder.

Federal Family Education Loans

Several types of loans are currently authorized as Federal Family Education Loans pursuant to the Federal Family Education Loan Program. These include: (i) loans to students meeting certain financial needs tests with respect to which the federal government makes interest payments available to reduce student interest cost during periods of enrollment ("Subsidized Stafford Loans"); (ii) loans to students made without regard to financial need with respect to which the federal government does not make such interest payments ("Unsubsidized Stafford Loans" and, collectively with Subsidized Stafford Loans, "Stafford Loans"); (iii) loans to parents of dependent students ("PLUS Loans"); and (iv) loans available to borrowers with certain existing federal educational loans to consolidate repayment of such loans ("Consolidation Loans").

Generally, a loan may be made only to a United States citizen or national or otherwise eligible individual under federal regulations who (i) has been accepted for enrollment or is enrolled and is maintaining satisfactory progress at an eligible institution, (ii) is carrying at least one-half of the normal full-time academic workload for the course of study the student is pursuing, as determined by such institution, (iii) has agreed to notify promptly the holder of the loan of any address change, and (iv) meets the applicable "need" requirements. Eligible institutions include higher educational institutions and vocational schools that comply with certain federal regulations. With certain exceptions, an institution with a cohort (composite) default rate that is higher than certain specified thresholds in the Higher Education Act is not an eligible institution.

Subsidized Stafford Loans

The Higher Education Act provides for federal (i) insurance or reinsurance of eligible Subsidized Stafford Loans, (ii) interest subsidy payments to eligible lenders with respect to certain eligible Subsidized Stafford Loans, and (iii) special allowance payments representing an additional subsidy paid by the Secretary of Education to such holders of eligible Subsidized Stafford Loans.

Subsidized Stafford Loans are eligible for reinsurance under the Higher Education Act if the eligible student to whom the loan is made has been accepted or is enrolled in good standing at an eligible institution of higher education or vocational school and is carrying at least one-half the normal full-time workload at that institution. In connection with eligible Subsidized Stafford Loans there are limits as to the maximum amount which may be borrowed for an academic year and in the aggregate for both undergraduate and graduate/professional study. The Secretary of Education has discretion to raise these limits to accommodate students undertaking specialized training requiring exceptionally high costs of education.

Subject to these limits, Subsidized Stafford Loans are available to borrowers in amounts not exceeding their unmet need for financing as provided in the Higher Education Act. Provisions addressing the implementation of need analysis and the relationship between unmet need for financing and the availability of Subsidized Stafford Loan Program funding have been the subject of frequent and extensive amendment in recent years. There can be no assurance that further amendment to such provisions will not materially affect the availability of Subsidized Stafford Loan funding to borrowers or the availability of Subsidized Stafford Loans for secondary market acquisition.

Unsubsidized Stafford Loans

Unsubsidized Stafford Loans are available for students who do not qualify for Subsidized Stafford Loans due to parental and/or student income or assets in excess of permitted amounts. In other respects, the general requirements for Unsubsidized Stafford Loans are essentially the same as those for Subsidized Stafford Loans. The interest rate, the annual loan limits, the loan fee requirements and the special allowance payment provisions of the Unsubsidized Stafford Loans are the same as the Subsidized Stafford Loans. However, the terms of the Unsubsidized Stafford Loans differ materially from Subsidized Stafford Loans in that the Secretary of Education does not make interest subsidy payments and the loan limitations are determined without respect to the expected family contribution. The borrower is required to pay interest from the time such loan is disbursed or capitalize the interest until repayment begins.

PLUS Loan Program

The Higher Education Act authorizes PLUS Loans to be made to parents of eligible dependent students. Only parents who do not have an adverse credit history are eligible for PLUS Loans. The basic provisions applicable to PLUS Loans are similar to those of Stafford Loans with respect to the involvement of Guarantee Agencies and the Secretary of Education in providing federal reinsurance on the loans. However, PLUS Loans differ significantly from Subsidized Stafford Loans, particularly because federal interest subsidy payments are not available under the PLUS Program and special allowance payments are more restricted.

The Consolidation Loan Program

The Higher Education Act authorizes a program under which certain borrowers may consolidate their various student loans into a single loan insured and reinsured on a basis similar to Subsidized Stafford Loans. Consolidation Loans may be made in an amount sufficient to pay outstanding principal, unpaid interest and late charges on certain federally insured or reinsured student loans incurred under and pursuant to the Federal Family Education Loan Program (other than PLUS Loans made to "parent borrowers") selected by the borrower, as well as loans made pursuant to the Perkins (formally "National Direct Student Loan") Loan Program, the Health Professional Student Loan Programs and the William D. Ford Federal Direct Loan Program (the "Direct Loan Program"). The borrowers may be either in repayment status or in a grace period preceding repayment. Delinquent or defaulted borrowers are eligible to obtain Consolidation Loans if they agree to re-enter repayment through loan consolidation. Borrowers may add additional loans to a Consolidation Loan during the

180-day period following origination of the Consolidation Loan. Further, a married couple who agrees to be jointly and severally liable is to be treated as one borrower for purposes of loan consolidation eligibility. A Consolidation Loan will be federally insured or reinsured only if such loan is made in compliance with requirements of the Higher Education Act.

In the event that a borrower is unable to obtain a Consolidation Loan with income sensitive repayment terms acceptable to the borrower from the holders of the borrower's outstanding loans (that are selected for consolidation), or from any other eligible lender, the Higher Education Act authorizes the Secretary of Education to offer the borrower a Direct Consolidation Loan with income contingent terms under the Direct Loan Program. Such direct Consolidation Loans shall be repaid either pursuant to income contingent repayment or any other repayment provision under the authorizing section of the Higher Education Act.

Certain Key Differences Between Federal Consolidation Loans and Other Federal Student Loans

Two principal differences between federal consolidation loans and the federal student loans being consolidated are: maturity and interest rates. Federal consolidation loans can in general be of significantly longer maturity than the federal student loans being consolidated. Federal consolidation loans have fixed interest rates, whereas the federal student loans being consolidated almost always have variable interest rates. The net effect of these differences often allows a borrower to reduce his or her monthly payments and to convert them into a consistent monthly obligation by taking advantage of the longer period for payment until maturity and the fixed interest rate. In doing so, the borrower will generally incur a substantially greater aggregate interest cost over the life of the loan, if the borrower uses the entire maturity period to pay off the consolidation loan.

Interest Rates

Subsidized and Unsubsidized Stafford Loans made between October 1, 1998 and July 1, 2006 which are in in-school, grace and deferment periods bear interest at a rate equivalent to the 91-day T-Bill rate plus 1.7 percent, with a maximum rate of 8.25 percent. Subsidized Stafford Loans and Unsubsidized Stafford Loans in all other periods bear interest at a rate equivalent to the 91-day T-Bill rate plus 2.3 percent, with a maximum rate of 8.25 percent. The rate is adjusted annually on July 1. PLUS Loans bear interest at a rate equivalent to the 91-day T-Bill rate plus 3.1 percent, with a maximum rate of 9 percent. Consolidation Loans for which the application was received by an eligible lender on or after October 1, 1998 and prior to July 1, 2003, bear interest at a rate equal to the weighted average of the loans consolidated, rounded to the nearest higher one-eighth of one percent, with a maximum rate of 8.25 percent. Consolidation Loan applications received on or after July 1, 2003 bear interest at a rate equal to the weighted average of the interest rates on the loans being consolidated, rounded upward to the nearest higher 1%.

The Higher Education Act currently provides that for Subsidized and Unsubsidized Stafford Loans made on or after July 1, 2006, the interest rate will be equal to 6.8% per annum and for PLUS loans made after July 1, 2006, the interest rate will be equal to 7.9% per annum.

Loan Limits

The Higher Education Act requires that Subsidized and Unsubsidized Stafford Loans made to cover multiple enrollment periods, such as a semester, trimester or quarter be disbursed by eligible lenders in at least two separate disbursements. A Stafford Loan borrower may receive a subsidized loan, an unsubsidized loan, or a combination of both for an academic period. Generally, the maximum amount of a Stafford Loan for an academic year cannot exceed $2,625 for the first year of undergraduate study, $3,500 for the second year of undergraduate study and $5,500 for the remainder of undergraduate study. The aggregate limit for undergraduate study is $23,000 (excluding PLUS Loans). Independent undergraduate students may receive an additional Unsubsidized Stafford Loan of up to $4,000 per academic year, with an aggregate maximum of $46,000. The maximum amount of the loans for an academic year for graduate students is $8,500, and independent students may borrow an additional Unsubsidized Stafford Loan up to $10,000 per academic year. The Secretary of Education has discretion to raise these limits by regulation to accommodate highly specialized or exceptionally expensive courses of study. For example, certain medical students may now borrow up to $46,000 per academic year, with a maximum aggregate limit of $189,125.

The total amount of all PLUS Loans that parents may borrow on behalf of each dependent student for any academic year may not exceed the student's cost of attendance minus other estimated financial assistance for that student.

Repayment

Repayment of principal on a Stafford Loan does not commence while a student remains a qualified student, but generally begins not more than six months after the borrower ceases to pursue at least a half-time course of study (the six month period is the "Grace Period"). Grace Periods may be waived by borrowers. Repayment of interest on an Unsubsidized Stafford Loan begins immediately upon disbursement of the loan, however the lender may capitalize the interest until repayment of principal is scheduled to begin. Except for certain borrowers as described below, each loan generally must be scheduled for repayment over a period of not more than ten years after the commencement of repayment. The Higher Education Act currently requires minimum annual payments of $600, including principal and interest, unless the borrower and the lender agree to lesser payments; in instances in which a borrower and spouse both have such loans outstanding, the total combined payments for such a couple may not be less than $600 per year. Regulations of the Secretary of Education require lenders to offer standard, graduated or income-sensitive repayment schedules to borrowers. Use of income sensitive repayment plans may extend the ten-year maximum term for up to five years.

PLUS Loans enter repayment on the date the last disbursement is made on the loan. Interest accrues and is due and payable from the date of the first disbursement of the loan. The first payment is due within 60 days after the loan is fully disbursed. Repayment plans are the same as in the Subsidized and Unsubsidized Stafford Loan Program.

Consolidation Loans enter repayment on the date the loan is disbursed. The first payment is due within 60 days after that date. Consolidation Loans must be repaid during a period agreed to by the borrower and lender, subject to maximum repayment periods which vary depending upon the Principal Amount of the borrower's outstanding student loans. The following restrictions apply to the length of repayment.

- Loans less than $7,500 must be repaid within 10 years.
- Loans equal to or greater than $7,500 but less than $10,000 must be repaid within 12 years.
- Loans equal to or greater than $10,000 but less than $20,000 must be repaid within 15 years.
- Loans equal to or greater than $20,000 but less than $40,000 must be repaid within 20 years.
- Loans equal to or greater than $40,000 but less than $60,000 must be repaid within 25 years.
- Loans equal to or greater than $60,000 must be repaid within 30 years.

The repayment schedule established with respect to a consolidation loan shall require that the minimum installment payment be an amount equal to not less than the accrued unpaid interest. Repayment shall commence within 60 days after all holders have discharged the liability of the borrower on the loans selected for consolidation. No insurance premium may be charged to the borrower.

FFEL Program borrowers who accumulate outstanding FFELP Loans totaling more than $30,000 may receive an extended repayment plan, with a fixed or graduated payment amount paid over a longer period of time, not to exceed 25 years. A borrower may accelerate principal payments at any time without penalty. Once a repayment plan is established, the borrower may annually change the selection of the plan.

Deferment and Forbearance Periods. No principal repayments need to be made during certain periods prescribed by the Higher Education Act ("Deferment Periods") but interest accrues and must be paid. Generally, Deferment Periods include periods (a) when the borrower has returned to an eligible educational institution on a half-time basis or is pursuing studies pursuant to an approved graduate fellowship or rehabilitation training program, (b) not exceeding three years while the borrower is seeking and unable to find full-time employment, and (c) not in excess of three years for any reason which

the lender determines, in accordance with regulations, has caused or will cause the borrower economic hardship. Deferment periods extend the maximum repayment periods. Under certain circumstances, a lender may also allow periods of forbearance ("Forbearance") during which the borrower may defer payments because of temporary financial hardship. The Higher Education Act specifies certain periods during which Forbearance is mandatory. Mandatory Forbearance periods exist when the borrower is impacted by a national emergency, military mobilization, or when the geographical area in which the borrower resides or works is declared a disaster area by certain officials. Other mandatory periods include periods during which the borrower is (a) participating in a medical or dental residency and is not eligible for deferment; (b) serving in a qualified medical or dental internship program or certain national service programs; or (c) determined to have a debt burden of certain federal loans equal to or exceeding 20% of the borrower's gross income. In other circumstances, Forbearance may be granted at the lender's option. Forbearance also extends the maximum repayment periods.

Interest Subsidy Payments

The Secretary of Education is to pay interest on Subsidized Stafford Loans while the student is a qualified student, during a Grace Period or during certain Deferment Periods. In addition, those portions of Consolidation Loans that repay Subsidized Stafford Loans or similar subsidized loans made under the Direct Loan Program are eligible for Interest Subsidy Payments. The Secretary of Education is required to make interest subsidy payments to the holder of Subsidized Stafford Loans in the amount of interest accruing on the unpaid balance thereof prior to the commencement of repayment or during any Deferment Period. The Higher Education Act provides that the holder of an eligible Subsidized Stafford Loan, or the eligible portions of Consolidation Loans, shall be deemed to have a contractual right against the United States to receive interest subsidy payments in accordance with its provisions.

Special Allowance Payments

The Higher Education Act provides for Special Allowance Payments to be made by the Secretary of Education to eligible lenders. The rates for Special Allowance Payments are based on formulae that differ according to the type of loan, the date the loan was first disbursed, the interest rate and the type of funds used to finance such loan (tax-exempt or taxable). Loans made or purchased with funds obtained by the holder from the issuance of tax exempt obligations issued prior to October 1, 1993 have an effective minimum rate of return of 9.5%. The Special Allowance Payments payable with respect to eligible loans acquired or funded with the proceeds of tax-exempt obligations issued after September 30, 1993 are equal to those paid to other lenders.

Subject to the foregoing, the formulae for special allowance payment rates for Stafford and Unsubsidized Stafford Loans are summarized in the following chart. The term "T-Bill" as used in this table and the following table, means the average 91-day Treasury bill rate calculated as a "bond equivalent rate" in the manner applied by the Secretary of Education as referred to in Section 438 of the Higher Education Act. The term "3 Month Commercial Paper Rate" means the 90-day commercial paper index calculated quarterly and based on an average of the daily 90-day commercial paper rates reported in the Federal Reserve's Statistical Release H-15.

Date of Loans	Annualized SAP Rate
On or after October 1, 1992	T-Bill Rate less Applicable Interest Rate + 3.1%
On or after July 1, 1995	T-Bill Rate less Applicable Interest Rate + 3.1%(1)
On or after July 1, 1998	T-Bill Rate less Applicable Interest Rate + 2.8%(2)
On or after January 1, 2000	3 Month Commercial Paper Rate less Applicable Interest Rate + 2.34%(3)

(1) Substitute 2.5% in this formula while such loans are in the in-school or grace period.
(2) Substitute 2.2% in this formula while such loans are in the in-school or grace period.
(3) Substitute 1.74% in this formula while such loans are in the in-school or grace period.

The formula for Special Allowance Payment rates for PLUS and Consolidation Loans are as follows:

Date of Loans	Annualized SAP Rate
On or after October 1, 1992	T-Bill Rate less Applicable Interest Rate + 3.1%
On or after January 1, 2000	3 Month Commercial Paper Rate less Applicable Interest Rate + 2.64%

Special Allowance Payments are generally payable, with respect to variable rate FFELP Loans to which a maximum borrower interest rate applies, only when the maximum borrower interest rate is in effect. The Secretary of Education offsets Interest Subsidy Payments and Special Allowance Payments by the amount of Origination Fees and Lender Loan Fees described in the following section.

The Higher Education Act provides that a holder of a qualifying loan who is entitled to receive Special Allowance Payments has a contractual right against the United States to receive those payments during the life of the loan. Receipt of Special Allowance Payments, however, is conditioned on the eligibility of the loan for federal insurance or reinsurance benefits. Such eligibility may be lost due to violations of federal regulations or Guarantee Agency requirements.

Loan Fees

Insurance Premium. A Guarantee Agency is authorized to charge a premium, or guarantee fee, of up to 1% of the principal amount of the loan, which may be deducted proportionately from each installment of the loan. Generally, Guarantee Agencies have waived this fee since 1999.

Origination Fee. The lender is required to pay to the Secretary of Education an origination fee equal to 3% of the principal amount of each Subsidized and Unsubsidized Stafford and PLUS Loan. The lender may charge these fees to the borrower by deducting them proportionately from each disbursement of the loan proceeds.

Lender Loan Fee. The lender of any FFELP Loan, which includes Consolidation Loans, is required to pay to the Secretary of Education an additional origination fee equal to 0.5% of the principal amount of the loan.

The Secretary of Education collects from the lender or subsequent holder the maximum origination fee authorized (regardless of whether the lender actually charges the borrower) and the lender loan fee, either through reductions in Interest Subsidy or Special Allowance Payments or directly from the lender or holder.

Rebate Fee on Consolidation Loans. In addition, the holder of any Consolidation Loan is required to pay to the Secretary of Education a monthly fee equal to .0875% (1.05% per annum) of the principal amount of plus accrued interest on the loan.

INSURANCE AND GUARANTEES

A FFELP Loan is considered to be in default for purposes of the Higher Education Act when the borrower fails to make an installment payment when due, or to comply with other terms of the loan, and if the failure persists for 270 days in the case of a loan repayable in monthly installments or for 330 days in the case of a loan repayable in less frequent installments. If the loan is guaranteed by a guarantor in accordance with the provisions of the Higher Education Act, the guarantor is to pay the holder a percentage of such amount of the loss subject to reduction as described in the following paragraphs within 90 days of notification of such default.

Federal Insurance

The Higher Education Act provides that, subject to compliance with such Act, the full faith and credit of the United States is pledged to the payment of insurance claims and ensures that such reimbursements are not subject to reduction. In addition, the Higher Education Act provides that if a guarantor is unable to meet its insurance obligations, holders of loans may submit insurance claims directly to the Secretary of Education until such time as the obligations are transferred to a new guarantor capable of meeting such obligations or until a successor guarantor assumes such obligations. Federal reimbursement and insurance payments for defaulted loans are paid from the Student Loan Insurance Fund established under the Higher Education Act. The Secretary of Education is authorized, to the extent provided in advance by appropriations acts, to issue obligations to the Secretary of the Treasury to provide funds to make such federal payments.

Guarantees

If the loan is guaranteed by a guarantor in accordance with the provisions of the Higher Education Act, the eligible lender is reimbursed by the guarantor for a statutorily-set percentage (98%) of the unpaid principal balance of the loan plus accrued unpaid interest on any loan defaulted so long as the eligible lender has properly serviced such loan. Under the Higher Education Act, the Secretary of Education enters into a guarantee agreement and a reinsurance agreement (the "FFELP Guarantee Agreements") with each guarantor which provides for federal reimbursement for amounts paid to eligible lenders by the guarantor with respect to defaulted loans.

FFELP Guarantee Agreements. Pursuant to the FFELP Guarantee Agreements, the Secretary of Education is to reimburse a guarantor for the amounts expended in connection with a claim resulting from the death, bankruptcy or total and permanent disability of a borrower, the death of a student whose parent is the borrower of a PLUS Loan, certain claims by borrowers who are unable to complete the programs in which they are enrolled due to school closure, borrowers whose borrowing eligibility was falsely certified by the eligible institution, or the amount of an unpaid refund due from the school to the lender in the event the school fails to make a required refund. Such claims are not included in calculating a guarantor's claims rate experience for federal reimbursement purposes. Generally, educational loans are non-dischargeable in bankruptcy unless the bankruptcy court determines that the debt will impose an undue hardship on the borrower and the borrower's dependents. Further, the Secretary of Education is to reimburse a guarantor for any amounts paid to satisfy claims not resulting from death, bankruptcy, or disability subject to reduction as described below.

The Secretary of Education may terminate FFELP Guarantee Agreements if the Secretary of Education determines that termination is necessary to protect the federal financial interest or to ensure the continued availability of loans to student or parent borrowers. Upon termination of such agreements, the Secretary of Education is authorized to provide the guarantor with additional advance funds with such restrictions on the use of such funds as is determined appropriate by the Secretary of Education, in order to meet the immediate cash needs of the guarantor, ensure the uninterrupted payment of claims, or ensure that the guarantor will make loans as the lender-of-last-resort.

If the Secretary of Education has terminated or is seeking to terminate FFELP Guarantee Agreements, or has assumed a guarantor's functions, notwithstanding any other provision of law: (i) no state court may issue an order affecting the Secretary of Education's actions with respect to that guarantor; (ii) any contract entered into by the guarantor with respect to the administration of the guarantor's reserve funds or assets acquired with reserve funds shall provide that the contract is terminable by the Secretary of Education upon 30 days notice to the contracting parties if the Secretary of Education determines that such contract includes an impermissible transfer of funds or assets or is inconsistent with the terms or purposes of the Higher Education Act; and (iii) no provision of state law shall apply to the actions of the Secretary of Education in terminating the operations of the guarantor. Finally, notwithstanding any other provision of law, the Secretary of Education's liability for any outstanding liabilities of a guarantor (other than outstanding student loan guarantees under the Higher Education Act), the functions of which the Secretary of Education has assumed, shall not exceed the fair market value of the reserves of the guarantor, minus any necessary liquidation or other administrative costs.

Reimbursement. The amount of a reimbursement payment on defaulted loans made by the Secretary of Education to a guarantor is subject to reduction based upon the annual claims rate of the guarantor calculated to equal the amount of federal reimbursement as a percentage of the original principal amount of originated or guaranteed loans in repayment on

the last day of the prior fiscal year. The claims experience is not accumulated from year to year, but is determined solely on the basis of claims in any one federal fiscal year compared with the original principal amount of loans in repayment at the beginning of that year. The formula for reimbursement amounts is summarized below:

CLAIMS RATE	GUARANTOR REINSURANCE RATE FOR LOANS MADE PRIOR TO OCTOBER 1, 1993	GUARANTOR REINSURANCE RATE FOR LOANS MADE BETWEEN OCTOBER 1, 1993 AND SEPTEMBER 30, 1998[1]	GUARANTOR REINSURANCE RATE FOR LOANS MADE ON OR AFTER OCTOBER 1, 1998
0% up to 5%	100%	98%	95%
5% up to 9%	100% of claims up to 5%; and 90% of claims 5% and over	98% of claims up to 5%; and 88% of claims 5% and over	95% of claims up to 5% and 85% of claims 5% and over
9% and over	100% of claims up to 5%; 90% of claims 5% up to 9%; 80% of claims 9% and over	98% of claims up to 5%; 88% of claims 5% up to 9%; 78% of claims 9% and over	95% of claims up to 5%, 85% of claims 5% up to 9%; 75% of claims 9% and over

The original principal amount of loans guaranteed by a guarantor which are in repayment for purposes of computing reimbursement payments to a guarantor means the original principal amount of all loans guaranteed by a guarantor less: (i) guarantee payments on such loans, (ii) the original principal amount of such loans that have been fully repaid, and (iii) the original amount of such loans for which the first principal installment payment has not become due.

In addition, the Secretary of Education may withhold reimbursement payments if a guarantor makes a material misrepresentation or fails to comply with the terms of its agreements with the Secretary of Education or applicable federal law. A supplemental guarantee agreement is subject to annual renegotiation and to termination for cause by the Secretary of Education.

Under the FFELP Guarantee Agreements, if a payment on a Federal Family Education Loan guaranteed by a guarantor is received after reimbursement by the Secretary of Education, the Secretary of Education is entitled to receive an equitable share of the payment. Guarantor retentions remaining after payment of the Secretary of Education's equitable share on such collections on consolidations of defaulted loans were reduced to 18.5% from 27% effective July 1, 1997 and for other loans were reduced from 27% to 24% (23% effective October 1, 2003).

Lender Agreements. Pursuant to most typical agreements for guarantee between a guarantor and the originator of the loan, any eligible holder of a loan insured by such a guarantor is entitled to reimbursement from such guarantor of any proven loss incurred by the holder of the loan resulting from default, death, permanent and total disability or bankruptcy of the student borrower at the rate of 100% of such loss (or, subject to certain limitations, 98% for loans in default made on or after October 1, 1993). Guarantors generally deem default to mean a student borrower's failure to make an installment payment when due or to comply with other terms of a note or agreement under circumstances in which the holder of the loan may reasonably conclude that the student borrower no longer intends to honor the repayment obligation and for which the failure persists for 270 days in the case of a loan payable in monthly installments or for 330 days in the case of a loan payable in less frequent installments. When a loan becomes at least 60 days past due, the holder is required to request default aversion assistance from the applicable guarantor in order to attempt to cure the delinquency. When a loan becomes 240 days past due, the holder is required to make a final demand for payment of the loan by the borrower. The holder is required to continue collection efforts until the loan is 270 days past due. At the time of payment of insurance benefits, the holder must assign to the applicable guarantor all right accruing to the holder under the note evidencing the loan. The Higher Education Act prohibits a guarantor from filing a claim for reimbursement with respect to losses prior to 270 days after the loan becomes delinquent with respect to any installment thereon.

[1] Other than student loans made pursuant to the lender-of-last resort program or student loans transferred by an insolvent guarantor as to which the amount of reinsurance is equal to 100%.

Any holder of a loan is required to exercise due care and diligence in the servicing of the loan and to utilize practices which are at least as extensive and forceful as those utilized by financial institutions in the collection of other consumer loans. If a guarantor has probable cause to believe that the holder has made misrepresentations or failed to comply with the terms of its agreement for guarantee, the guarantor may take reasonable action including withholding payments or requiring reimbursement of funds. The guarantor may also terminate the agreement for cause upon notice and hearing.

Guarantee Agency Reserves

Each Guarantee Agency is required to establish a Federal Student Loan Reserve Fund (the "Federal Fund") which, together with any earnings thereon, are deemed to be property of the United States. Each guarantor is required to deposit into the Federal Fund any reserve funds plus reinsurance payments received from the Secretary of Education, default collections, insurance premiums, 70% of payments received as administrative cost allowance and other receipts as specified in regulations. A guarantor is authorized to transfer up to 180 days' cash expenses for normal operating expenses (other than claim payments) from the Federal Fund to the Operating Fund (described below) at any time during the first three years after establishment of the fund. The Federal Fund may be used to pay lender claims and to pay default aversion fees into the Operating Fund. A guarantor is also required to establish an operating fund (the "Operating Fund") which, except for funds transferred from the Federal Fund to meet operating expenses during the first three years after fund establishment, is the property of the guarantor. A guarantor may deposit into the Operating Fund loan processing and issuance fees equal to 0.65% of the total principal amount of loans insured during the fiscal year, 30% of payments received after October 7, 1998 for the administrative cost allowance for loans insured prior to that date and the 24% retention of collections on defaulted loans and other receipts as specified in regulations. An Operating Fund must be used for application processing, loan disbursement, enrollment and repayment status management, default aversion, collection activities, compliance monitoring, and other student financial aid related activities.

The Higher Education Act requires the Secretary of Education to recall $1 billion in federal reserve funds from guarantors on September 1, 2002. Each guarantor is required to transfer its equitable share of the $1 billion to a restricted account. Each guarantor must transfer its required share to the restricted account in equal annual installments for each of the five federal fiscal years 1998 through 2002. However, a guarantor with a reserve ratio equal to or less than 1.1% as of September 30, 1996 may transfer its required share to the restricted account in four equal annual installments beginning in federal fiscal year 1999. The guarantor's required reserve ratio has been reduced from 1.1% to .5%.

The Higher Education Act provides for an additional recall of reserves from each Federal Fund, but also provides for certain minimum reserve levels which are protected from recall. The Secretary of Education is authorized to enter into voluntary, flexible agreements with guarantors under which various statutory and regulatory provisions can be waived. In addition, under the Higher Education Act, the Secretary of Education is prohibited from requiring the return of all of a guarantor's reserve funds unless the Secretary of Education determines that the return of these funds is in the best interest of the operation of the FFEL program, or to ensure the proper maintenance of such guarantor's funds or assets or the orderly termination of the guarantor's operations and the liquidation of its assets. The Higher Education Act also authorizes the Secretary of Education to direct a guarantor to: (i) return to the Secretary of Education all or a portion of its reserve fund that the Secretary of Education determines is not needed to pay for the guarantor's program expenses and contingent liabilities; and (ii) cease any activities involving the expenditure, use or transfer of the guarantor's reserve funds or assets which the Secretary of Education determines is a misapplication, misuse or improper expenditure. Under current law, but commencing September 30, 2002, the Secretary of Education will also be authorized to direct a guarantor to return to the Secretary of Education all or a portion of its reserve fund which the Secretary of Education determines is not needed to pay for the guarantor's program expenses and contingent liabilities.

GUARANTEE AGENCIES

Information Relating to the Guarantee Agencies

The payment of principal and interest on all of the FFELP Loans will be guaranteed by designated Guarantee Agencies and will be reinsured by the Secretary of Education. In general, the guarantee provided by each Guarantee Agency is an obligation solely of that Guarantee Agency and is not supported by the full faith and credit of the federal or any state government. However, the Higher Education Act provides that if the Secretary of Education determines a Guarantee Agency is unable to meet its insurance obligations, the Secretary of Education shall assume responsibility for all functions of the Guarantee Agency under its loan insurance program. For further information on the Secretary of Education's authority in the event a Guarantee Agency is unable to meet its insurance obligations see "Description of the FFEL Program" and "Insurance and Guarantees" herein.

As of the date hereof, the Issuer has identified only a portion of the Eligible Loans to be acquired with the proceeds of the Series 2002-2 Notes. However, the Issuer expects that substantially all of the Eligible Loans it acquires with the proceeds of the Series 2002-2 Notes will be guaranteed through the Nebraska Student Loan Program, Inc. d/b/a National Student Loan Program ("NSLP"), a nonprofit corporation organized under the laws of the State of Nebraska, Florida Office of Student Financial Assistance ("OSFA"), a designated state agency for the State of Florida, Great Lakes Higher Education Guaranty Corporation, a nonprofit Wisconsin corporation ("GLHEGC") or Northwest Education Loan Association, a nonprofit State of Washington corporation ("NELA"). NSLP has been a designated guarantor for FFELP Loans since 1986. OSFA has been a designated guarantor for FFELP Loans since 1978. Great Lakes has been a designated guarantor for FFELP Loans since 1967.

Presented below is information with respect to NSLP, OSFA, GLHEGC and NELA. Except as otherwise indicated, the information regarding NSLP has been obtained from NSLP, the information regarding OSFA has been obtained from OSFA, the information regarding GLHEGC has been obtained from GLHEGC and the information regarding NELA has been obtained from NELA. The Issuer has not independently verified this information.

NSLP

NSLP, of 1300 "O" Street, Lincoln, NE 68508, does business as "National Student Loan Program" for its federal student loan guarantee program. NSLP was incorporated as a private, non-profit organization on October 23, 1986. NSLP's primary purpose is to guarantee the repayment of principal and accrued interest on eligible student loans made by participating lenders under the FFEL Program. NSLP is a duly authorized guarantee agency acting under specific authority conferred by the FFEL Program and the Department of Education. NSLP has been conferred tax-exempt status under Sections 501(c)(3) and 509(a)(2) of the Internal Revenue Code. NSLP guarantees the repayment of principal and accrued interest to the lender to each eligible loan. NSLP processes loan applications submitted for guarantee, issues loan guarantees, provides collection assistance to lenders for delinquent loans, pays lender claims for loans in default and collects loans on which default claims have been paid. NSLP also conducts activities on default aversion and supports educational planning centers, which help students and families plan and pay for college. After collection efforts and other due diligence required by the Higher Education Act and corresponding regulations have been exhausted, a guarantee agency may submit a reimbursement claim to the Department of Education. NSLP is currently the eighth largest guarantee agency in the nation. NSLP had guarantee loan volume exceeding $800 million in the last fiscal year ending September 30, 2001.

OSFA

OSFA is a state agency of the State of Florida which was authorized to administer federal student loans in 1978. Pursuant to the provisions of Chapter 240 of Title 16 of Florida Statutes Annotated, the State Department of Education is authorized to administer or contract for the administration of the State's student financial assistance programs and is to administer the guarantee of student loans in such a manner as to comply with applicable provisions of the Higher Education Act. GLHEGC

The information in the following two paragraphs has been provided to the Issuer by GLHEGC.

GLHEGC is a Wisconsin nonstock, nonprofit corporation, the sole member of which is Great Lakes Higher Education Corporation ("GLHEC"). GLHEGC's predecessor organization (GLHEC) was organized as a Wisconsin nonstock, nonprofit corporation and began guaranteeing student loans under the Higher Education Act in 1967. GLHEGC is the designated guarantee agency under the Higher Education Act for Wisconsin, Minnesota, Ohio, Puerto Rico and the Virgin Islands. On January 1, 2002, GLHEC (and GLHEGC directly and through its support services agreement with GLHEC), transferred the majority of their student loan program guaranty support operations and personnel to Great Lakes Educational Loan Services, Inc. ("GLELSI") a wholly owned subsidiary of Great Lakes Higher Education Servicing Corporation ("GLHESC"), is a Wisconsin nonstock, nonprofit corporate affiliate of GLHEC and GLHEGC and whose sole member is also GLHEC. GLHEGC continues as the "guaranty agency" as defined in Section 435(j) of the Higher Education Act and continues its federal reporting, claim purchase and compliance responsibilities as well as custody and responsibility for all revenues, expenses and assets related to that status. GLHEGC also performs oversight of all student loan program guaranty support operations transferred to GLELSI and supportive of GLHEGC's "guaranty agency" responsibilities. The primary operations center for GLHEC and its affiliates (including GLHEGC, GLHESC and GLELSI) is in Madison, Wisconsin, which includes the data processing center and operational staff offices for both guaranty and servicing functions. GLHEC and affiliates also maintain regional offices in Columbus, Ohio and St. Paul, Minnesota and customer support staff located nationally. GLHEGC will provide a copy of GLHEC's most recent consolidated financial statements on receipt of a written request directed to 2401 International Lane, Madison, Wisconsin 53704, Attention: Chief Financial Officer.

GLHEGC has entered into a voluntary flexible agreement with the U.S. Department of Education pursuant to the 1998 Reauthorization Amendments. Under GLHEGC's agreement, which commenced October 1, 2000 and is currently effective through September 30, 2002, GLHEGC's revenues are tied directly to default aversion performance. Certain sources of GLHEGC's Operating Fund revenues are replaced by a single fee-for-service funding source tied directly to the percentage of delinquent loans that do not default during the measurement period. In lieu of statutory collection retention amounts, the U.S. Department of Education will reimburse GLHEGC only for its actual post-default collection related expenses. This agreement also calls for GLHEGC to escrow the liquid assets of GLHEGC's Federal Fund for the benefit of the U.S. Department of Education. GLHEGC may also engage in negotiations with lenders to define whether the lender or GLHEGC will complete each of the due diligence requirements. Finally, this agreement will allow GLHEGC

to pilot a new approach to the claims review process, under which GLHEGC will develop and implement with willing lenders and servicers a post-claim random sampling process that will replace the current claim-by-claim process.

Prospective investors may consult the United States Department of Education Data Books and Web site www.ed.gov.offices/OPE/Data/loanvol.html for further information concerning GLHEGC or any other guarantee agency.

Guarantee Volume. GLHEGC's guaranty volume for each of the last five federal fiscal years, including Stafford, Unsubsidized Stafford, SLS, PLUS and Consolidation loan volume was as follows:

Federal Fiscal Year	Guaranty Volume (millions)
1997	$2,173.5
1998	$1,812.0
1999	$1,736.0
2000	$2,141.9
2001	$2,246.7

Statutory Reserve Ratio. Following are GLHEGC's reserve fund levels as calculated in accordance with 34 CFR 682.410(a)(10) for the last five federal fiscal years:

Federal Fiscal Year	Cumulative Cash Reserves (millions)	Total Loans Outstanding* (millions)	Federal Guaranty Reserve Fund Level
1997	$81.6	$6,858.2	1.19%
1998	$107.8	$7,493.2	1.44%
1999	$124.5	$4,885.0	2.55%
2000	$116.5	$5,496.1	2.12%
2001	$116.4	$6,058.3	1.92%

* In accordance with Section 428(c)(9) of the Higher Education Act, does not include loans transferred from the former Higher Education Assistance Foundation, NorthStar Guarantee Inc., Ohio Student Aid Commission or Puerto Rico Higher Education Assistance Corporation. (Beginning in federal fiscal year 1999 under the Higher Education Act, the federal guaranty reserve fund is based on net assets with a reserve requirement of .25% as compared to .50% for prior years.)

Claims Rate. For the past five federal fiscal years, GLHEGC's claims rate has not exceeded 5%, and, as a result, the highest allowance reinsurance has been paid on all GLHEGC's claims. The Actual claims rates are as follows:

Federal Fiscal Year	Claims Rate
1997	2.12%
1998	1.78%
1999	1.28%
2000	1.17%
2001	1.46%

NELA

NELA was organized as a private, non-profit corporation in November 1978 under the General Corporation Law of the State of Washington. In accordance with its Articles of Incorporation, NELA (i) maintains facilities for the provision of guarantee services with respect to approved education loans made to or for the benefit of eligible students who are enrolled at or plan to attend approved educational institutions, (ii) guarantees education loans made pursuant to the Higher Education Act loan programs and (iii) serves pursuant to designation as the guaranty agency for the Federal Family Education Loan Programs in Washington and Idaho. For the purpose of providing loan guarantees under the Higher Education Act, NELA has entered into various agreements with the Secretary of Education (collectively, the "Federal Reinsurance Agreements"). Pursuant to the Federal Reinsurance Agreements, NELA serves as a "Guaranty Agency" as defined in Section 435(j) of the Higher Education Act. Under the terms of the Federal Reinsurance Agreements, reinsurance is paid to NELA by the Secretary of Education in accordance with a formula based on the annual default rate of loans guaranteed by NELA under the Higher Education Act. Under the Higher Education Act, certain reserve funds of a guarantee agency are considered the property of the United States and the Secretary of Education has indicated that a partial recall of reserves will occur.

As of September 30, 2001, NELA had total assets in excess of $42 million, including restricted assets of approximately $36 million. At September 30, 2001, the aggregate amount of loan principal (excluding cancellations) which had been guaranteed by NELA since its inception was approximately $4.6 billion (excluding consolidations). NELA employs approximately 110 persons. NELA will provide a copy of its most recent annual report upon receipt of a written request directed to its headquarters at 190 Queen Anne Ave. No., Suite 300, Seattle, WA 98109, Attention: Chief Financial Officer.

NELA's "claims rate" represents the percentage of default claims (based on dollar value) submitted as reinsurance claims to the Department of Education relative to its existing portfolio of loans in repayment at the start of the federal fiscal year. Past "claims rates" were as follows:

Fiscal Year	Claims Rate
1997	4.1%
1998	3.2%
1999	2.6%
2000	3.0%
2001	2.0%

2002-2A-19	**
2002-2A-20	**
2002-2B-2	September 24, 2002

** To be determined by Issuer Order.

The Series 2002-2 Notes of each series will bear interest to the respective initial Interest Rate Adjustment Dates at the initial rates established in the Indenture or, with respect to any Series 2002-2 Notes with a Closing Date other than July 26, 2002, as provided in an Issuer Order. Thereafter, the Series 2002-2 Notes will bear interest at the Applicable Interest Rate for the number of days of the applicable Interest Period generally consisting of 28 days, subject, in each case, to adjustment as described in "Auction of the Series 2002-2 Notes—Changes in Auction Terms—Changes in Auction Period or Periods."

Interest on each series of the Series 2002-2 Notes will be paid on the Business Day following each Auction Period for such series. For each series of the Series 2002-2 Notes during the Initial Interest Period and each Auction Period thereafter, interest will accrue daily and will be computed for the actual number of days elapsed on the basis of a year consisting of 365 days, except that, for any leap year, such calculation shall be computed on the basis of a 366 day year.

The Applicable Interest Rate to be borne by each series of the Series 2002-2 Notes until an Auction Period Adjustment, if any, will be determined for each Auction Period as hereinafter described. The Auction Period that immediately follows the Initial Interest Period for a series of the Series 2002-2 Notes will commence on and include the

initial Interest Rate Adjustment Date for that series. Each Auction Period thereafter (i) will commence on and include the first Business Day following the applicable Series Auction Date, and end on (and include) the applicable Series Auction Date (unless such date is not followed by a Business Day, in which case on the next succeeding day that is followed by a Business Day) and (ii) if the Auction Periods are changed as provided in the Second Supplemental Indenture, each period commencing on an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date. By way of example, if an Auction Period ordinarily would end on a Tuesday, but the following Wednesday is not a Business Day, the Auction Period will end on that Wednesday and the new Interest Period will begin on Thursday.

The Applicable Interest Rate on each series of the Series 2002-2 Notes for each Auction Period will be the least of (i) the Maximum Auction Rate in effect for such Auction Period, (ii) the Auction Rate in effect for such Auction Period as determined in accordance with the Auction Procedures described in "Auction of the Series 2002-2 Notes," (iii) during a Net Loan Rate Restriction Period, the Net Loan Rate, and (iv) 17% per annum (or such higher rate as the Issuer may establish with a Rating Agency Confirmation) or such lesser rate as permitted by the applicable law (the "Maximum Interest Rate"); provided that subject to the following paragraph, if, on any Interest Rate Determination Date, an Auction is not held with respect to a series of the Series 2002-2 Notes for any reason, then the Auction Rate on such series for the next succeeding Auction Period shall be the Maximum Rate.

Notwithstanding the preceding paragraph, if an Auction is scheduled to occur for the next Interest Period on a date that was reasonably expected to be a Business Day, but that Auction does not occur because that date is later not considered to be a Business Day, the Auction shall nevertheless be deemed to have occurred. The applicable Auction Rate in effect for the next Interest Period will be the Auction Rate in effect for the preceding Interest Period and that Interest Period will generally be 28 days in duration, beginning on the calendar day following the date of the deemed Auction and ending on (and including) the applicable Series Auction Date (unless that Series Auction Date is not followed by a Business Day, in which case on the next succeeding day that is followed by a Business Day). If the preceding Interest Period was other than generally 28 days in duration, the Auction Rate for the deemed Auction will instead be the rate of interest determined by the Market Agent on equivalently rated auction securities with a comparable length of auction period.

Notwithstanding the foregoing:

(a) if the ownership of a series of the Series 2002-2 Notes is no longer maintained in Book-Entry Form, the Auction Rate on the Series 2002-2 Notes of such series for any Interest Period commencing after the delivery of certificates representing the Series 2002-2 Notes of such series will equal the Maximum Rate on the Business Day immediately preceding the first day of such subsequent Interest Period; or

(b) if a Payment Default has occurred with respect to a series of the Series 2002-2 Notes, the Applicable Interest Rate on such series for the Interest Period commencing on or immediately after such Payment Default and for each Interest Period thereafter, to and including the Interest Period, if any, during which, or commencing less than two Business Days after, such Payment Default is cured in accordance with the Second Supplemental Indenture, will equal the Non–Payment Rate on the first day of each such Interest Period.

In any event, no Auction will be held on any Auction Date during the pendency of a Payment Default (or on the next Business Day after a Payment Default is cured) or if the Series 2002-2 Notes are no longer in Book-Entry-Form.

The Trustee is to notify the Holders of Series 2002-2 Notes of the Applicable Interest Rate with respect to each such series of Series 2002-2 Notes for each Auction Period on the second Business Day of such Auction Period.

If the Auction Agent no longer determines, or fails to determine, when required, the Applicable Interest Rate with respect to a series of Series 2002-2 Notes or if, for any reason, such manner of determination is held to be invalid or unenforceable, the Applicable Interest Rate for the next succeeding Interest Period will be the Maximum Rate.

Carry-Over Amounts on the Series 2002-2 Notes

If the Auction Rate for a series of the Series 2002-2 Notes is greater than the Maximum Rate, then the Applicable Interest Rate with respect to such series for the related Interest Period will be the Maximum Rate. The excess of the amount of interest that would have accrued on the Series 2002-2 Notes at the lesser of the Auction Rate or the Maximum Interest Rate over the amount of interest actually accrued at the Maximum Rate will accrue as the Carry-Over Amount (Interest accrued at the Maximum Interest Rate will not yield a Carry-Over Amount). Such determination of the Carry-Over Amount shall be made separately for each series of Series 2002-2 Notes. Each Carry-Over Amount shall bear interest for each Interest Period calculated at a rate equal to One-Month LIBOR (as determined by the Auction Agent on the related Interest Rate Determination Date, provided the Trustee has received notice of One-Month LIBOR from the Auction Agent, and, if the Trustee shall not have received such notice from the Auction Agent, then as determined by the Trustee) from the Interest Payment Date for the Interest Period with respect to which such Carry-Over Amount was calculated, until paid. Any payment in respect of Carry-Over Amount shall be applied, first, to any accrued interest payable thereon and, thereafter, in reduction of such Carry-Over Amount. For purposes of the Second Supplemental Indenture, the Indenture and the Series 2002-2 Notes, any reference to "principal" or "interest" therein shall not include, within the meaning of such words, Carry-Over Amount or any interest accrued on any such Carry-Over Amount. Such Carry-Over Amount shall be separately calculated for each Series 2002-2 Note of each series by the Trustee during such Interest Period in sufficient time for the Trustee to give notice to each Holder of such Carry-Over Amount as required in the next succeeding sentence. On the Interest Payment Date with respect to which such Carry–Over Amount has been calculated by the Trustee, the Trustee shall give written notice to each Holder of the Carry-Over Amount applicable to such Holder's Series 2002-2 Note, which written notice may accompany the payment of interest (if paid by check made to each such Holder on such Interest Payment Date) or otherwise shall be mailed on such Interest Payment Date by first-class mail to each such Holder at such Holder's address as it appears on the registration books maintained by the Note Registrar.

The Carry-Over Amount (and interest accrued thereon) on Outstanding Series 2002-2 Notes of a series shall be paid by the Trustee on the first occurring Interest Payment Date for a subsequent Interest Period with respect to such series if and to the extent that (i) the Eligible Carry-Over Make-Up Amount with respect to such Interest Period is greater than zero, and (ii) moneys in the Collection Fund and Surplus Fund are available on the Monthly Calculation Date immediately preceding the month in which such Interest Payment Date occurs, for transfer to the Interest Account for such purpose in accordance with the priorities and limitations described under "Description of the Indenture—Funds and Accounts—Collection Fund" and "—Surplus Fund," after taking into account all other amounts payable from the Collection Fund and the Surplus Fund as described in such paragraphs on such Monthly Calculation Date. Any Carry-Over Amount (and any interest accrued thereon) with respect to any Series 2002-2 Note which is unpaid as of the Maturity of such Series 2002-2 Note shall be paid to the Holder thereof on the date of such Maturity to the extent that moneys are available therefor in accordance with the provisions described in clause (ii) of the preceding sentence; provided, however, that any Carry-Over Amount (and any interest accrued thereon) which is not so paid on the date of such Maturity shall be cancelled with respect to such Series 2002-2 Note on the date of such Maturity and shall not be paid on any succeeding Interest Payment Date. To the extent that any portion of the Carry-Over Amount (and any interest accrued thereon) remains unpaid after payment of a portion thereof, such unpaid portion shall be paid in whole or in part until fully paid by the Trustee on the next occurring Interest Payment Date or Dates, as necessary, for a subsequent Interest Period or Periods, if and to the extent that the conditions in the first sentence of this paragraph are satisfied. On any Interest Payment Date or Dates on which the Trustee pays less than all of the Carry–Over Amounts (and any interest accrued thereon) with respect to a Series 2002-2 Note, the Trustee is required to give notice as set forth in the immediately preceding paragraph to the Holder of such Series 2002-2 Note of the Carry–Over Amount remaining unpaid on such Series 2002-2 Note.

The Interest Payment Date on which any Carry-Over Amount (and any interest accrued thereon) for a series of the Series 2002-2 Notes will be paid is to be determined by the Trustee as described in the immediately preceding paragraph, and the Trustee is to make payment of the Carry-Over Amount (and any interest accrued thereon) in the same manner as it pays interest on the Series 2002-2 Notes on an Interest Payment Date.

Interest Limited to the Extent Permissible by Law

In no event shall the cumulative amount of interest paid or payable on a series of Series 2002-2 Notes exceed the amount permitted by applicable law. If the applicable law is ever judicially interpreted so as to render usurious any amount called for under the Series 2002-2 Notes of a series or related documents or otherwise contracted for, charged, reserved,

taken or received in connection with the Series 2002-2 Notes of such series, or if the redemption or acceleration of the maturity of the Series 2002-2 Notes of such series results in payment to or receipt by the Holder or any former Holder of the Series 2002-2 Notes of such series of any interest in excess of that permitted by applicable law, then, notwithstanding any provision of the Series 2002-2 Notes of such series or related documents to the contrary, all excess amounts theretofore paid or received with respect to the Series 2002-2 Notes of such series shall be credited on the principal balance of the Series 2002-2 Notes of such series (or, if the Series 2002-2 Notes of such series have been paid or would thereby be paid in full, refunded by the recipient thereof), and the provisions of the Series 2002-2 Notes of such series and related documents shall automatically and immediately be deemed reformed and the amounts thereafter collectible thereunder reduced, without the necessity of the execution of any new document, so as to comply with the applicable law, but so as to permit the recovery of the fullest amount otherwise called for under the Series 2002-2 Notes of such series and under the related documents.

Redemption of the Series 2002-2 Notes

The Series 2002-2 Notes will be subject to redemption as described in this Offering Memorandum under the captions "Description of the Series 2002-2 Notes—Mandatory Redemption" and "—Optional Redemption."

Book-Entry-Only System

The description which follows of the procedures and record keeping with respect to beneficial ownership interests in the Series 2002-2 Notes, payment of principal of and interest on the Series 2002-2 Notes to DTC Participants, or to purchasers of the Series 2002-2 Notes, confirmation and transfer of beneficial ownership interests in the Series 2002-2 Notes, and other securities-related transactions by and between DTC, DTC Participants and Beneficial Owners (as hereinafter defined), is based solely on information furnished by DTC, and has not been independently verified by the Issuer or the Trustee.

DTC will act as securities depository for the Series 2002-2 Notes. The Series 2002-2 Notes will be issued as fully-registered notes in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered note certificate will be issued for each series of Series 2002-2 Notes, in the aggregate principal amount of each series of Series 2002-2 Notes, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue. So long as Cede & Co. is the Holder of the Series 2002-2 Notes, as nominee of DTC, references herein to the owners or Holders of the Series 2002-2 Notes shall mean DTC or its nominee, Cede & Co., and shall not mean the Beneficial Owners of the Series 2002-2 Notes. Noteholders may hold their certificates through DTC if they are DTC participants, or indirectly through organizations that are DTC participants.

DTC, the world's largest depository, is a limited-purpose trust company organized under New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing agency" within the meaning of the New York Uniform Commercial Code, and a "clearing corporation" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC's participants deposit with DTC. DTC also facilitates the post trade settlement among DTC Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation, (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial

relationship with a Direct Participant, either directly or indirectly. DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com..

Purchases of the Series 2002-2 Notes (in Authorized Denominations) under the DTC system must be made by or through DTC Participants which will receive a credit for Series 2002-2 Notes on DTC's records. The ownership interest of each actual purchaser of each Series 2002-2 Note (a "Beneficial Owner") is in turn to be recorded on the DTC Participant's and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings from the DTC Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests of the Series 2002-2 Notes are to be accomplished by entries made on the books of DTC Participants and Indirect Participants acting on behalf of the Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interest in the Series 2002-2 Notes, except in the event that use of the book-entry system for the Series 2002-2 Notes is discontinued.

To facilitate subsequent transfers, all Series 2002-2 Notes deposited with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2002-2 Notes with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2002-2 Notes; DTC's records reflect only the identity of the DTC Participants to whose accounts such Series 2002-2 Notes are credited, which may or may not be the Beneficial Owners. The DTC Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to DTC Participants, by DTC Participants to Indirect Participants and by DTC Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory and regulatory requirements as may be in effect from time to time. Beneficial Owners may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Series 2002-2 Notes such as redemptions, tenders, defaults, and proposed amendments to the Series 2002-2 Note documents. Beneficial Owners may wish to ascertain that the nominee holding the Series 2002-2 Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners, or in the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each DTC Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Series 2002-2 Notes unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date it establishes. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those DTC Participants to whose accounts the Series 2002-2 Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal, of premium, if any, and interest on the Series 2002-2 Notes will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit DTC Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer on payable date in accordance with their respective holdings shown on DTC's records. Payments by DTC Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such DTC Participant or Indirect Participant and not of DTC, or Issuer, subject to any statutory and regulatory requirements as may be in effect from time to time. Payment of principal, of premium, if any, and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer disbursement of such payments to DTC Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of DTC Participants and Indirect Participants.

By purchasing the Series 2002-2 Notes, whether in an Auction or otherwise, each prospective purchaser of the Series 2002-2 Notes or its Broker-Dealer must agree and will be deemed to have agreed: (i) to have its beneficial ownership of the Series 2002-2 Notes maintained at all times in Book-Entry Form for the account of its DTC Participant, which in turn will maintain records of such beneficial ownership, and to authorize such DTC Participant to disclose to the Auction Agent such information with respect to such beneficial ownership as the Auction Agent may request; and (ii) so long as the beneficial ownership of the Series 2002-2 Notes is maintained in Book-Entry Form, to sell, transfer or otherwise dispose of the Series 2002-2 Notes only pursuant to a Bid or a Sell Order in an Auction, or otherwise through a Broker-Dealer, provided that in the case of all transfers other than those pursuant to an Auction, the Existing Holder of the Series 2002-2 Notes so transferred, its DTC Participant or Broker-Dealer advises the Auction Agent of such transfer.

For every transfer of the Series 2002-2 Notes, the Beneficial Owner may be charged a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto.

So long as Cede & Co. or its registered assign is the registered holder of the Series 2002-2 Notes, the Issuer and the Trustee will be entitled to treat Cede & Co., or its registered assign, as the absolute owner thereof for all purposes of the Indenture and any applicable laws, notwithstanding any notice to the contrary received by the Issuer or the Trustee, and the Issuer and the Trustee will have no responsibility for transmitting payments to, communicating with, notifying, or otherwise dealing with any Beneficial Owners of the Series 2002-2 Notes.

DTC may discontinue providing its services as securities depository with respect to the Series 2002-2 Notes at any time by giving reasonable notice to the Issuer. Under such circumstances, in the event that a successor securities depository is not obtained, Series 2002-2 Notes certificates are required to be printed and delivered. The Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Series 2002-2 Notes certificates will be printed and delivered.

If (i) the Series 2002-2 Notes of any series are not eligible for the services of DTC, (ii) DTC determines to discontinue providing its services with respect to the Series 2002-2 Notes of any series or (iii) the Issuer determines that a system of book-entry transfers for Series 2002-2 Notes of any series, or the continuation thereof, through DTC is not in the best interest of the Beneficial Owners or the Issuer, the Issuer may either identify another qualified securities depository or direct or cause Series 2002-2 Note certificates for such series to be delivered to Beneficial Owners thereof or their nominees and, if certificates are delivered to the Beneficial Owners, the Beneficial Owners or their nominees, upon authentication of the Series 2002-2 Notes of such series in Authorized Denominations and registration thereof in the Beneficial Owners' or nominees' names, shall become the Holders of such Series 2002-2 Notes for all purposes. In any such event, the Trustee is to mail an appropriate notice to the securities depository for notification to DTC Participants and Beneficial Owners of the substitute securities depository or the issuance of Series 2002-2 Note certificates to Beneficial Owners or their nominees, as applicable.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but the Issuer takes not responsibility for the accuracy thereof.

Denomination and Payment

The Series 2002-2 Notes are being issued in denominations of $50,000 and any multiple thereof.

The principal of and premium, if any, on the Series 2002-2 Notes, together with interest payable on the Series 2002-2 Notes at the Maturity thereof if the date of such Maturity is not a regularly scheduled Interest Payment Date, shall be payable in lawful money of the United States of America upon, except as otherwise provided in the Indenture with respect to a Securities Depository, presentation and surrender of such Series 2002-2 Notes at the Principal Office of the Trustee, as paying agent with respect to the Series 2002-2 Notes, or a duly appointed successor paying agent. Interest on each series of the Series 2002-2 Notes shall be payable on each regularly scheduled Interest Payment Date with respect to such series, except as otherwise provided in the Indenture with respect to a Securities Depository, by check or draft drawn upon the paying agent and mailed to the person who is the Holder thereof as of 5:00 p.m. in the city in which the Principal Office of the Note Registrar is located on the Regular Record Date for such Interest Payment Date at the address

of such Holder as it appears on the Note Register, or, in the case of any Series 2002-2 Note the Holder of which is the Holder of Series 2002-2 Notes in the aggregate Principal Amount of $1,000,000 or more (or, if less than $1,000,000 in Principal Amount of Series 2002-2 Notes is outstanding, the Holder of all outstanding Series 2002-2 Notes), at the direction of such Holder received by the Paying Agent by 5:00 p.m. on the applicable Regular Record Date, by electronic transfer by the Paying Agent in immediately available funds to an account designated by such Holder. The Regular Record Date with respect to any regularly scheduled Interest Payment Date for a series of the Series 2002-2 Notes is the last Business Day preceding such Interest Payment Date, so long as Interest Payment Dates are specified to occur at the end of each Auction Period. Any interest not so timely paid or duly provided for (herein referred to as "Defaulted Interest") shall cease to be payable to the person who is the Holder thereof at the close of business on the Regular Record Date and shall be payable to the person who is the Holder thereof at the close of business on a special record date established by the Trustee (a "Special Record Date") for the payment of any such Defaulted Interest. Such Special Record Date shall be fixed by the Trustee whenever moneys become available for payment of the Defaulted Interest, and notice of the Special Record Date shall be given to the Holders of the Series 2002-2 Notes not less than 10 days prior thereto by first-class mail to each such Holder as shown on the Note Register on a date selected by the Trustee, stating the date of the Special Record Date and the date fixed for the payment of such Defaulted Interest. All payments of principal of and interest on the Series 2002-2 Notes shall be made in lawful money of the United States of America.

Mandatory Redemption

The Series 2002-2 Notes of any series are subject to mandatory redemption on any Interest Payment Date following the Acquisition Period (which ends on December 2, 2002 with respect to the proceeds of each series of Notes with a July 26, 2002 Closing Date; February 3, 2003 with respect to the proceeds of each series of Notes with a September 26, 2002 Closing Date; and May 1, 2003 with respect to the proceeds of each series of Notes with a November 21, 2002 Closing Date) in an amount equal to the Remaining Acquisition Amount. See "Description of the Indenture—Funds and Accounts—Acquisition Fund." The Series 2002-2 Notes of each series selected for redemption (see "Selection of Series 2002-2 Notes for Redemption") shall be redeemed on the first regularly scheduled Interest Payment Date for that series following the Acquisition Period. The redemption price will be 100% of the Principal Amount of such Notes to be redeemed, plus accrued interest thereon to the redemption date.

The Series 2002-2 Notes of any series also are subject to mandatory redemption on any regularly scheduled Interest Payment Date following the Revolving Period from revenues deposited to the Collection Fund which the Issuer directs to be deposited therein which are in excess of amounts necessary to pay or provide for the payment of Servicing Fees, Administration Fees and Note Fees, interest on the Notes, principal of the Notes at the stated maturity thereof or on mandatory sinking fund payment dates therefor, and certain other payments. See "Description of the Indenture—Funds and Accounts—Collection Fund." The Series 2002-2 Notes of each series selected for redemption (see "—Selection of Series 2002-2 Notes for Redemption") shall be redeemed on the first regularly scheduled Interest Payment Date for that series for which the Trustee can give the required notice. The redemption price will be 100% of the Principal Amount of such Notes to be redeemed, plus accrued interest thereon to the redemption date.

The Series 2002-2 Notes of any series shall be redeemed on the next regularly scheduled Interest Payment Date following the end of each Acquisition Period for the Series 2002-2 Notes and in an amount equal to the unexpended portion of the Series 2002-2 Notes with respect to each applicable Acquisition Period at the end of that Acquisition Period. For purposes of determining the amount of Notes to be redeemed pursuant to the Second Supplemental Indenture, the Issuer shall assume that moneys in the Acquisition Fund from the proceeds of the Series 2002-2 Notes were used to acquire or originate Eligible Loans on a "first-in, first-out basis. Notes to be redeemed shall be selected first from Series 2002 Subordinate Notes (subject to "Limitation on Redemption of Subordinate Noes" above), then from Series 2002 Senior Notes, then from Series 2002-2 Subordinate Notes (subject to "Limitation on Redemption of Subordinate Noes" above), then from Series 2002-2 Senior Notes, in each instance to the extent otherwise allowed by the Indenture.

Revenues deposited to the Collection Fund in any monthly collection period will be applied to the redemption of Series 2002-2 Notes only to the extent that amounts are available for such purpose on the next Monthly Calculation Date.

The Second Supplemental Indenture provides that any future series of Notes, or any portion thereof, may be designated for mandatory redemption or principal distributions from moneys on deposit in the Retirement Account before such principal repayments are applied to the redemption of the Series 2002-2 Notes.

Optional Redemption

At the Issuer's option but subject to compliance with the conditions described under "—Senior Asset Requirement" below, Series 2002-2 Notes of any series may be redeemed on any Business Day, in whole or in part, and if in part as described under "—Selection of Series 2002-2 Notes for Redemption" below, at a redemption price of 100% of the Principal Amount of such Notes to be redeemed, plus accrued interest thereon to the redemption date.

Selection of Series 2002-2 Notes for Redemption

If less than all Outstanding Series 2002-2 Notes are to be redeemed such Principal Amounts of each series of Series 2002-2 Notes as the Issuer may designate shall be selected for redemption, to the extent that the provisions of the Indenture will not be violated thereby. In the absence of valid direction by the Issuer, the Series 2002-2 Notes to be redeemed will be selected first from the Series 2002-2B-2 Notes, subject to the provisions of the Indenture described under "—Senior Asset Requirement" below, and thereafter from the Series 2002-2A Notes in ascending numerical order of the series designation.

If less than all of the Outstanding Series 2002-2 Notes of a given series are to be redeemed, the particular Series 2002-2 Notes to be redeemed shall be selected by the Trustee by lot in such manner as the Trustee shall deem fair and appropriate and which may provide for the selection for redemption of portions of the principal of Series 2002-2 Notes in Authorized Denominations.

Senior Asset Requirement

No redemption of any Series 2002-2 Subordinate Note or Series 2002 Subordinate Note under any of the foregoing provisions is to be made unless, after giving effect to the redemption, while Senior Notes are outstanding, the Senior Asset Requirement will be met. Compliance with the Senior Asset Requirement will be determined as of the date of the selection of Series 2002-2 Notes or Series 2002 Subordinate Notes to be redeemed, and any failure to meet the Senior Asset Requirement as of the redemption date will not affect such determination. Currently, the "Senior Asset Requirement" requires that the Senior Asset Percentage is at least 107% and the Subordinate Asset Percentage is at least 101.5% or such lesser percentage as permitted upon obtaining a Rating Agency Confirmation. See "Glossary of Certain Defined Terms" and "Description of the Indenture—Notes and Other Obligations—Call for Redemption or Purchase of Notes; Senior Asset Requirement."

Notice and Effect of Redemption

Notice of redemption of the Series 2002-2 Notes shall be given by first class mail, mailed not less than 30 days prior to the date fixed for redemption to each Holder (which initially will be DTC or its nominee) of Series 2002-2 Notes to be prepaid at the address of such Holder appearing in the Note Register; but no defect in or failure to give such mailed notice of redemption shall affect the validity of proceedings for the redemption of any Series 2002-2 Note not affected by such defect or failure. All notices of redemption shall state: (i) the redemption date; (ii) the redemption price; (iii) the name (including series designation), Stated Maturity and CUSIP numbers of the Series 2002-2 Notes to be redeemed, the Principal Amount of Series 2002-2 Notes of each series to be redeemed, and, if less than all Outstanding Notes of such series are to be redeemed, the identification (and, in the case of partial redemption, the respective principal amounts) of the Series 2002-2 Notes to be redeemed; (iv) that, on the redemption date, the redemption price of and accrued interest on each such Series 2002-2 Note will become due and payable and interest thereon shall cease to accrue on and after such date; (v) the place or places where such Series 2002-2 Notes are to be surrendered for payment of the redemption price thereof and accrued interest thereon; and (vi) if it be the case, that such Series 2002-2 Notes are to be redeemed by the application of certain specified trust moneys and for certain specified reasons.

Notice of redemption having been given as provided above, the Series 2002-2 Notes designated in such notice shall become due and payable at the applicable redemption price, plus interest accrued thereon to the redemption date, and, upon surrender in accordance with such notice, shall be so paid, and thereafter such Series 2002-2 Notes shall cease to accrue interest.

AUCTION OF THE SERIES 2002-2 NOTES

If not otherwise defined below, capitalized terms used below will have the meanings given such terms under "Glossary of Certain Defined Terms." Unless otherwise noted or the context otherwise requires, the following description of Auctions and related procedures is applicable separately to each series of the Series 2002-2 Notes.

Summary of Auction Procedures

The following summarizes certain procedures that will be used in determining the interest rates on the Series 2002-2 Notes. Immediately following this summary is a more detailed description of these procedures. Prospective investors in the Series 2002-2 Notes should read carefully the following summary, along with the more detailed description.

The interest rate on each series of Series 2002-2 Notes will be determined periodically (generally, for periods ranging from seven days to one year, and initially 28 days for the Series 2002-2 Notes) by means of an auction. In this auction, investors and potential investors submit orders through an eligible Broker-Dealer as to the Principal Amount of Series 2002-2 Notes such investors wish to buy, hold or sell at various interest rates. The Broker-Dealers submit their clients' orders to the Auction Agent, who processes all orders submitted by all eligible Broker-Dealers and determines the interest rate for the upcoming Interest Period. The Broker-Dealers are notified by the Auction Agent of the interest rate for the upcoming Interest Period and are provided with settlement instructions relating to purchases and sales of Series 2002-2 Notes.

In the auction procedure, the following orders may be submitted:

- "Bid Orders" — the minimum interest rate that a current investor is willing to accept in order to continue to hold some or all of its Series 2002-2 Notes for the upcoming Interest Period;
- "Sell Orders" — an order by a current investor to sell a specified Principal Amount of Series 2002-2 Notes, regardless of the upcoming interest rate;
- "Hold Order" — an order by a current investor to hold a specified Principal Amount of Series 2002-2 Notes, regardless of the upcoming interest rate; and
- "Potential Bid Orders" — the minimum interest rate that a potential investor (or a current investor wishing to purchase additional Series 2002-2 Notes) is willing to accept in order to buy a specified Principal Amount of Series 2002-2 Notes.

If an existing investor does not submit orders with respect to all its Series 2002-2 Notes of a particular series, the investor will be deemed to have submitted a Hold Order for that portion of such series for which no order was received.

In connection with each Auction, Series 2002-2 Notes will be purchased and sold between investors and potential investors at a price equal to their then-outstanding principal balance (i.e., par) plus any accrued interest. The following example helps illustrate how the above-described procedures are used in determining the interest rate on the Series 2002-2 Notes.

Assumptions:
Denominations (Units) = $50,000
Principal Amount Outstanding = $25 million (500 units)
Summary of All Orders received for the Auction:

Bid Orders	Sell Orders	Potential Bid Orders
10 Units at 5.90%	50 Units Sell	20 Units of 5.95%
30 Units at 6.02%	50 Units Sell	30 Units of 6.00%
60 Units at 6.05%	100 Units Sell	50 Units of 6.05%
100 Units at 6.10%	200 Units	50 Units of 6.10%
100 Units at 6.12%		50 Units of 6.11%
300 Units		50 Units of 6.14%
		100 Units of 6.15%
		350 Units

Total units under existing Bid Orders, Hold Orders and Sell Orders always equal issue size (in this case 500 units).

Auction Agent Organizes Orders in Ascending Order:

Order Number	Number Of Units	Cumulative Total (Units)	Interest Rate	Order Number	Number of Units	Cumulative Total (Units)	Interest Rate
1.	10(W)	10	5.90%	7.	100(W)	300	6.10%
2.	20(W)	30	5.95	8.	50(W)	350	6.10
3.	30(W)	60	6.00	9.	50(W)	400	6.11
4.	30(W)	90	6.02	10.	100(W)	500	6.12
5.	60(W)	150	6.05	11.	50(L)		6.14
6.	50(W)	200	6.05	12.	100(L)		6.15

(W) Winning Order (L) Losing Order

Order #10 is the order that clears the market of all available units. All winning orders are awarded the winning rate (in this case, 6.12%) as the Auction Rate for the next Interest Period, when another Auction will be held. To the extent there are multiple orders at the winning rate, the Series 2002-2 Notes will be allocated among the winning orders as described under the caption "Auction Procedures -- Acceptance and Rejection of Submitted Bids and Submitted Sell Orders" below. Notwithstanding the foregoing, in no event will the Applicable Interest Rate exceed the Maximum Rate.

The above example assumes that a successful Auction has occurred (i.e., all Sell Orders and all Bid Orders below the new interest rate were fulfilled). In certain circumstances, there may be insufficient Potential Bid Orders to purchase all the Series 2002-2 Notes offered for sale. In such circumstances, the Applicable Interest Rate for the upcoming Interest Period will equal the Maximum Rate. Also, if all the Series 2002-2 Notes are subject to Hold Orders (i.e., each Holder of Series 2002-2 Notes wishes to continue holding its Series 2002-2 Notes, regardless of the interest rate), the interest rate for the upcoming Interest Period will equal the All Hold Rate.

The foregoing is only a summary of the Auction Procedures. The remainder of this section is a more detailed description of these procedures.

Auction Participants

Existing Holders and Potential Holders

Participants in each Auction will include: (i) "Existing Holders," which shall include any Person (including a Broker-Dealer) who is a holder of Series 2002-2 Notes in the records of the Auction Agent (described below) at the close of business on the Business Day preceding each Auction Date and (ii) "Potential Holders," which shall include any Person (including a Broker-Dealer), including any Existing Holder, who may be interested in acquiring the Series 2002-2 Notes

(or, in the case of an Existing Holder, an additional Principal Amount of the Series 2002-2 Notes). See "—Broker-Dealer" below.

By purchasing the Series 2002-2 Notes, whether in an Auction or otherwise, each purchaser of the Series 2002-2 Notes or its Broker-Dealer must agree and will be deemed to have agreed: (i) to participate in Auctions on the terms described in the Second Supplemental Indenture; (ii) to have its beneficial ownership of the Series 2002-2 Notes maintained at all times in Book-Entry Form for the account of its Participant, which in turn will maintain records of such beneficial ownership; (iii) to authorize such Participant to disclose to the Auction Agent such information with respect to such beneficial ownership as the Auction Agent may request; (iv) that a Sell Order placed by an Existing Holder will constitute an irrevocable offer to sell the Principal Amount of the Series 2002-2 Notes specified in such Sell Order; (v) that a Bid placed by an Existing Holder will constitute an irrevocable offer to sell the Principal Amount, or a lesser Principal Amount, of the Series 2002-2 Notes specified in such Bid if the rate specified in such Bid is greater than, or in some cases equal to, the Applicable Interest Rate, determined as described herein; and (vi) that a Bid placed by a Potential Holder will constitute an irrevocable offer to purchase the Principal Amount, or a lesser Principal amount, of the Series 2002-2 Notes specified in such Bid if the rate specified in such Bid is, respectively, less than or equal to the Applicable Interest Rate, determined as described herein. So long as the beneficial ownership of the Series 2002-2 Notes is maintained in Book-Entry Form, an Existing Holder may sell, transfer or otherwise dispose of the Series 2002-2 Notes only pursuant to a Bid (as defined below) or a Sell Order (as defined below) placed in an Auction, or otherwise sell, transfer or dispose of Series 2002-2 Notes through a Broker-Dealer, provided that in the case of all transfers other than those pursuant to an Auction, the Existing Holder of the Series 2002-2 Notes so transferred, or its Participant or Broker-Dealer, advises the Auction Agent of such transfer.

The Principal Amount of the Series 2002-2 Notes purchased or sold may be subject to proration procedures on the Auction Date. Each purchase or sale of the Series 2002-2 Notes on the Auction Date will be made for settlement on the first day of the Interest Period immediately following such Auction Date at a price equal to 100% of the principal amount thereof plus, unless such day is an Interest Payment Date, accrued interest thereon to but not including such day. The Auction Agent is entitled to rely upon the terms of any Order submitted to it by a Broker-Dealer.

Auction Agent

The Bank of New York is appointed in the Second Supplemental Indenture as the initial Auction Agent to serve as agent for the Issuer in connection with Auctions with respect to Series 2002-2 Notes. The Trustee and the Issuer will enter into an Auction Agent Agreement relating to Series 2002-2 Notes with The Bank of New York as the initial Auction Agent. Any substitute Auction Agent shall be (i) a bank, national banking association or trust company duly organized under the laws of the United States of America or any state or territory thereof having its principal place of business in the Borough of Manhattan, New York, or such other location as approved by the Trustee in writing, and having a combined capital stock or surplus of at least $50,000,000, or (ii) a member of the National Association of Securities Dealers, Inc., having a capitalization of at least $50,000,000, and, in either case, authorized by law to perform all the duties imposed upon it under the Second Supplemental Indenture and the Auction Agent Agreement. The Auction Agent may at any time resign and be discharged of the duties and obligations created by the Second Supplemental Indenture by giving at least 90 days' notice to the Trustee, each Market Agent and the Issuer. The Auction Agent may be removed at any time by the Trustee upon the written direction of an Authorized Officer of the Issuer or the Holders of 66-2/3% of the aggregate principal amount of the Series 2002-2 Senior Notes of all series then Outstanding (or if there are no Series 2002-2 Senior Notes Outstanding, the Holders of 66-2/3% of the aggregate Principal Amount of the Series 2002-2 Subordinate Notes), and, if by such Holders, by an instrument signed by such Holders or their attorneys and filed with the Auction Agent, the Issuer and the Trustee upon at least 90 days' notice. Neither resignation nor removal of the Auction Agent as described in the preceding two sentences shall be effective unless and until a substitute Auction Agent has been appointed and has accepted such appointment. Notwithstanding the foregoing, the Auction Agent may terminate the Auction Agent Agreement if, within 25 days after notifying the Trustee, each Market Agent and the Issuer in writing that it has not received payment of any Auction Agent fee due it in accordance with the terms of the Auction Agent Agreement, the Auction Agent does not receive such payment.

If the Auction Agent shall resign or be removed or be dissolved, or if the property or affairs of the Auction Agent shall be taken under the control of any state or federal court or administrative body because of bankruptcy or insolvency, or for any other reason, an Authorized Officer of the Issuer in consultation with the Market Agent, shall use its best efforts to appoint a substitute Auction Agent.

The Auction Agent is acting as agent for the Issuer in connection with Auctions. In the absence of bad faith, negligent failure to act or negligence on its part, the Auction Agent shall not be liable for any action taken, suffered or omitted or any error of judgment made by it in the performance of its duties under the Auction Agent Agreement and shall not be liable for any error of judgment made in good faith unless the Auction Agent shall have been negligent in ascertaining (or failing to ascertain) the pertinent facts.

The Issuer will pay the Auction Agent the Auction Agent fee on each Interest Payment Date and will reimburse the Auction Agent upon its request for all reasonable expenses, disbursements and advances incurred or made by the Auction Agent in accordance with any provision of the Auction Agent Agreement or the Broker-Dealer Agreements (including the reasonable compensation and the expenses and disbursements of its agents and counsel). Such amounts are payable from the Administration Fund. The Issuer will indemnify and hold harmless the Auction Agent for and against any loss, liability or expense incurred without negligence or bad faith on the Auction Agent's part, arising out of or in connection with the acceptance or administration of its agency under the Auction Agent Agreement and the Broker-Dealer Agreements, including the reasonable costs and expenses (including the reasonable fees and expenses of its counsel) of defending itself against any such claim or liability in connection with its exercise or performance of any of its respective duties thereunder.

Broker-Dealer

Existing Holders and Potential Holders may participate in Auctions only by submitting orders (in the manner described below) through a Broker-Dealer, initially UBS PaineWebber Inc., which initially will be the sole Broker-Dealer, or any other broker or dealer (each as defined in the Exchange Act), commercial bank or other entity permitted by law to perform the functions required of a Broker-Dealer set forth below which (i) is a Participant or an affiliate of a Participant, (ii) has been selected as such with respect to such series of Series 2002-2 Notes by the Issuer, and (iii) has entered into a Broker-Dealer Agreement with the Auction Agent that remains effective, in which the Broker-Dealer agrees to participate in Auctions as described in the Auction Procedures, as from time to time amended or supplemented.

The Broker-Dealers are entitled to a Broker-Dealer fee, which is payable by the Auction Agent from monies received from the Issuer, on each Interest Payment Date. Such Broker-Dealer fee is payable from the Administration Fund as provided in the Second Supplemental Indenture.

Broker-Dealers may submit Orders in Auctions for their own accounts. Any Broker-Dealer submitting an Order for its own account in any Auction might have an advantage over other bidders in that it would have knowledge of other Orders placed through it in that Auction (but it would not have knowledge of Orders submitted by other Broker-Dealers, if any). The Broker-Dealer Agreements provide that a Broker-Dealer shall handle its customers' Orders in accordance with its duties under applicable securities laws and rules.

Market Agent

UBS PaineWebber Inc. will initially be the Market Agent. The Market Agent is a member of the National Association of Securities Dealers, Inc., has a capitalization of at least $50,000,000 and is authorized by law to perform all the duties imposed it by any Supplemental Indenture.

Auction Procedures

General

Pursuant to the Second Supplemental Indenture, Auctions to establish the Auction Rates for each series of the Series 2002-2 Notes will be held on each Series Auction Date, except as described under "Description of the Series 2002-2 Notes—Interest Rate on the Series 2002-2 Notes," by application of the Auction Procedures described herein. Such procedures are to be applicable separately to each series of Series 2002-2 Notes. "The Auction Date" means, initially, with respect to the Series 2002-2A-9 Senior Notes, August 26, 2002; with respect to the Series 2002-2A-10 Senior Notes, August 30, 2002; with respect to the Series 2002-2A-11 Senior Notes, September 9, 2002; with respect to the Series 2002-2A-12 Senior Notes, September 16, 2002; with respect to the Series 2002-2A-13 Senior Notes, the Series 2002-2A-14 Senior Notes, the Series 2002-2A-15 Senior Notes, the Series 2002-2A-16 Senior Notes, the Series 2002-2A-17 Senior Notes, the Series 2002-2A-18 Senior Notes, the Series 2002-2A-19 Senior Notes, and the Series 2002-2A-20 Senior Notes, as provided in an Issuer Order and with respect to the Series 2002-2B-2 Subordinate Notes, September 23, 2002, and, thereafter, with respect to each such series of Series 2002-2 Notes, the Auction Date means the Business Day immediately preceding the first day of each related Auction Period, other than: (i) an Auction Period commencing after the ownership of such series is no longer maintained in Book-Entry Form; (ii) an Auction Period commencing after the occurrence and during the continuance of a Payment Default; or (iii) an Auction Period commencing less than the Applicable Number of Business Days after the cure or waiver of a Payment Default. Notwithstanding the foregoing, the Auction Date for one or more Auction Periods may be changed as described below under "—Changes in Auction Terms."

The Auction Agent will calculate the Maximum Auction Rate, the All Hold Rate and the Applicable LIBOR–Based Rate on each Auction Date. If the ownership of the Series 2002-2 Notes is no longer maintained in Book-Entry Form, the Trustee in consultation with the Market Agent, will calculate the Maximum Rate on the Business Day immediately preceding the first day of each Interest Period commencing after delivery of definitive Series 2002-2 Notes. If a Payment Default has occurred, the Trustee in consultation with the Market Agent, will calculate the Non–Payment Rate on the Interest Rate Determination Date for (i) each Interest Period commencing after the occurrence and during the continuance of such Payment Default and (ii) any Interest Period commencing less than two Business Days after the cure of any Payment Default. The Auction Agent shall determine the Applicable LIBOR–Based Rate for each Interest Period other than the first Interest Period; provided that if the ownership of the Series 2002-2 Notes is no longer maintained in Book–Entry Form, or if a Payment Default has occurred, then the Trustee shall determine the Applicable LIBOR–Based Rate for each such Interest Period. The determination by the Trustee or the Auction Agent, as the case may be, of the foregoing shall (in the absence of manifest error) be final and binding upon all parties.

The Issuer shall determine on each Auction Date whether the Net Loan Rate Restriction Period is applicable for the next Auction Period and, if it is, the Issuer shall notify the Trustee, the Auction Agent and the Broker-Dealers of such event. If the Net Loan Rate Restriction Period is applicable for an Auction Period, the Issuer shall calculate the Net Loan Rate, the Adjusted Student Loan Portfolio Rate of Return and the Program Expense Percentage, and shall notify the Trustee, the Auction Agent and the Broker-Dealers of such calculations.

No Auction is to be held on any Auction Date during the continuance of a Payment Default.

Submission by Existing Holders and Potential Holders to a Broker–Dealer

Prior to the Submission Deadline (defined as 1:00 p.m., New York City time, on any Auction Date or such other time on any Auction Date by which Broker-Dealers are required to submit Orders to the Auction Agent as specified by the Auction Agent from time to time) on each Auction Date:

- each Existing Holder of Series 2002-2 Notes may submit to a Broker-Dealer by telephone or otherwise information as to: (i) the Principal Amount of Outstanding Series 2002-2 Notes, if any, held by such Existing Holder which such Existing Holder desires to continue to hold without regard to the Auction Rate for the next succeeding Auction Period (a "Hold Order"); (ii) the Principal Amount of Outstanding Series 2002-2 Notes, if any, which such Existing Holder offers to sell if the Auction Rate for the next succeeding Auction Period will be

less than the rate per annum specified by such Existing Holder (a "Bid"); and/or (iii) the Principal Amount of Outstanding Series 2002-2 Notes, if any, held by such Existing Holder which such Existing Holder offers to sell without regard to the Auction Rate for the next succeeding Auction Period (a "Sell Order"); and

- one or more Broker-Dealers may contact Potential Holders to determine the Principal Amount of Series 2002-2 Notes which each such Potential Holder offers to purchase, if the Auction Rate for the next succeeding Auction Period will not be less than the rate per annum specified by such Potential Holder (also a "Bid").

Each Hold Order, Bid and Sell Order will be an "Order." Each Existing Holder and each Potential Holder placing an Order is referred to as a "Bidder."

Subject to the provisions of the Second Supplemental Indenture described below under "—Validity of Orders," a Bid by an Existing Holder will constitute an irrevocable offer to sell: (i) the Principal Amount of Outstanding Series 2002-2 Notes specified in such Bid if the Auction Rate will be less than the rate specified in such Bid, (ii) such Principal Amount or a lesser Principal Amount of Outstanding Series 2002-2 Notes to be determined as described below under "—Acceptance and Rejection of Submitted Bids and Submitted Sell Orders," if the Auction Rate will be equal to the rate specified in such Bid, or (iii) such Principal Amount or a lesser Principal Amount of Outstanding Series 2002-2 Notes to be determined as described below under "—Acceptance and Rejection of Submitted Bids and Submitted Sell Orders," if the rate specified therein will be higher than the Maximum Rate and Sufficient Bids (as defined below) have not been made.

Subject to the provisions of the Second Supplemental Indenture described below under "—Validity of Orders," a Sell Order by an Existing Holder will constitute an irrevocable offer to sell: (i) the Principal Amount of Outstanding Series 2002-2 Notes specified in such Sell Order or (ii) such Principal Amount or a lesser Principal Amount of Outstanding Series 2002-2 Notes as described below under "—Acceptance and Rejection of Submitted Bids and Submitted Sell Orders," if Sufficient Bids have not been made.

Subject to the provisions of the Second Supplemental Indenture described below under "—Validity of Orders," a Bid by a Potential Holder will constitute an irrevocable offer to purchase: (i) the Principal Amount of Outstanding Series 2002-2 Notes specified in such Bid if the Auction Rate will be higher than the rate specified in such Bid or (ii) such Principal Amount or a lesser Principal Amount of Outstanding Series 2002-2 Notes as described below under "—Acceptance and Rejection of Submitted Bids and Submitted Sell Orders," if the Auction Rate is equal to the rate specified in such Bid.

Submission by Broker–Dealer to the Auction Agent

Each Broker-Dealer will submit in writing to the Auction Agent prior to the Submission Deadline on each Auction Date all Orders obtained by such Broker-Dealer and will specify with respect to each such Order: (i) the name of the Bidder placing such Order; (ii) the aggregate Principal Amount of Series 2002-2 Notes that are the subject of such Order; (iii) to the extent that such Bidder is an Existing Holder: (a) the Principal Amount of Series 2002-2 Notes, if any, subject to any Hold Order placed by such Existing Holder; (b) the Principal Amount of Series 2002-2 Notes, if any, subject to any Bid placed by such Existing Holder and the rate specified in such Bid; and (c) the Principal Amount of Series 2002-2 Notes, if any, subject to any Sell Order placed by such Existing Holder; and (iv) to the extent such Bidder is a Potential Holder, the rate specified in such Potential Holder's Bid.

If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent will round such rate up to the next highest .001%.

If an Order or Orders covering all Outstanding Series 2002-2 Notes held by any Existing Holder are not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent will deem a Hold Order to have been submitted on behalf of such Existing Holder covering the Principal Amount of Outstanding Series 2002-2 Notes owned by such Existing Holder and not subject to an Order submitted to the Auction Agent.

Neither the Issuer, the Trustee nor the Auction Agent will be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Holder or Potential Holder.

An Existing Holder may submit multiple Orders, of different types and specifying different rates, in an Auction with respect to Series 2002-2 Notes then held by such Existing Holder. An Existing Holder that offers to purchase additional Series 2002-2 Notes is, for purposes of such offer, treated as a Potential Holder.

Neither the Issuer nor any affiliate of the Issuer may submit an Order (other than a Sell Order) in any Auction.

Validity of Orders

If any Existing Holder submits through a Broker-Dealer to the Auction Agent one or more Orders covering in the aggregate more than the Principal Amount of Outstanding Series 2002-2 Notes held by such Existing Holder, such Orders will be considered valid as follows and in the order of priority described below.

Hold Orders. All Hold Orders will be considered valid, but only up to the aggregate Principal Amount of Outstanding Series 2002-2 Notes held by such Existing Holder, and if the aggregate Principal Amount of Series 2002-2 Notes subject to such Hold Orders exceeds the aggregate Principal Amount of Series 2002-2 Notes held by such Existing Holder, the aggregate Principal Amount of Series 2002-2 Notes subject to each such Hold Order will be reduced pro rata so that the aggregate Principal Amount of Series 2002-2 Notes subject to such Hold Order equals the aggregate Principal Amount of Outstanding Series 2002-2 Notes held by such Existing Holder.

Bids. Any Bid will be considered valid up to an amount equal to the excess of the Principal Amount of Outstanding Series 2002-2 Notes held by such Existing Holder over the aggregate Principal Amount of Series 2002-2 Notes subject to any Hold Orders referred to above. Subject to the preceding sentence, if multiple Bids with the same rate are submitted on behalf of such Existing Holder and the aggregate Principal Amount of Outstanding Series 2002-2 Notes subject to such Bids is greater than such excess, such Bids will be considered valid up to and including an amount equal to such excess, and the stated amount of Outstanding Series 2002-2 Notes subject to each Bid with the same rate shall be reduced pro rata to cover the stated amount of Outstanding Series 2002-2 Notes equal to such excess. Subject to the two preceding sentences, if more than one Bid with different rates is submitted on behalf of such Existing Holder, such Bids will be considered valid first in the ascending order of their respective rates until the highest rate is reached at which such excess exists and then at such rate up to the amount of such excess. In any event, the aggregate Principal Amount of Outstanding Series 2002-2 Notes, if any, subject to Bids not valid under the provisions described above will be treated as the subject of a Bid by a Potential Holder at the rate therein specified.

Sell Orders. All Sell Orders will be considered valid up to an amount equal to the excess of the Principal Amount of Outstanding Series 2002-2 Notes held by such Existing Holder over the aggregate Principal Amount of Series 2002-2 Notes subject to valid Hold Orders and valid Bids as referred to above.

If more than one Bid for Series 2002-2 Notes is submitted on behalf of any Potential Holder, each Bid submitted will be a separate Bid with the rate and Principal Amount therein specified. Any Bid or Sell Order submitted by an Existing Holder covering an aggregate Principal Amount of Series 2002-2 Notes not equal to an Authorized Denomination will be rejected and will be deemed a Hold Order. Any Bid submitted by a Potential Holder covering an aggregate Principal Amount of Series 2002-2 Notes not equal to an Authorized Denomination will be rejected. Any Bid submitted by an Existing Holder or a Potential Holder specifying a rate lower than the All Hold Rate shall be treated as a Bid specifying the All Hold Rate, and any such Bid shall be considered as valid and shall be selected in ascending order of the respective rates in the Submitted Bids. An Existing Holder that offers to purchase additional Series 2002-2 Notes is, for purposes of such offer, treated as a Potential Holder. Any Bid specifying a rate higher than the applicable Maximum Interest Rate will (i) be treated as a Sell Order if submitted by an Existing Holder and (ii) not be accepted if submitted by a Potential Holder.

A Hold Order, a Bid or a Sell Order that has been determined valid pursuant to the procedures described above is referred to as a "Submitted Hold Order," a "Submitted Bid" and a "Submitted Sell Order," respectively (collectively, "Submitted Orders").

Determination of Sufficient Bids, Auction Rate, and Winning Bid Rate

Not earlier than the Submission Deadline on each Auction Date, the Auction Agent will assemble all valid Submitted Orders and will determine:

(a) the excess of the total Principal Amount of Outstanding Series 2002-2 Notes over the sum of the aggregate Principal Amount of Outstanding Series 2002-2 Notes subject to Submitted Hold Orders (such excess being hereinafter referred to as the "Available Series 2002-2 Notes"); and

(b) from such Submitted Orders whether: (i) the aggregate Principal Amount of Outstanding Series 2002-2 Notes subject to Submitted Bids by Potential Holders specifying one or more rates equal to or lower than the Maximum Interest Rate exceeds or is equal to the sum of (ii) the aggregate Principal Amount of Outstanding Series 2002-2 Notes subject to Submitted Bids by Existing Holders specifying one or more rates higher than the Maximum Interest Rate and (iii) the aggregate Principal Amount of Outstanding Series 2002-2 Notes subject to Submitted Sell Orders (in the event such excess or such equality exists other than because the sum of the Principal Amount of Series 2002-2 Notes in clauses (ii) and (iii) above is zero because all of the Outstanding Series 2002-2 Notes are subject to Submitted Hold Orders, such Submitted Bids by Potential Holders described in (i) above will be hereinafter referred to collectively as " Sufficient Bids"); and

(c) if Sufficient Bids exist, the "Winning Bid Rate," which will be the lowest rate specified in such Submitted Bids such that if:

(i) each such Submitted Bid from Existing Holders specifying such lowest rate and all other Submitted Bids from Existing Holders specifying lower rates were rejected (thus entitling such Existing Holders to continue to own the Principal Amount of Series 2002-2 Notes subject to such Submitted Bids); and

(ii) each such Submitted Bid from Potential Holders specifying such lowest rate and all other Submitted Bids from Potential Holders specifying lower rates were accepted;

the result would be that such Existing Holders described in subparagraph (c)(i) above would continue to hold an aggregate Principal Amount of Outstanding Series 2002-2 Notes which, when added to the aggregate Principal Amount of Outstanding Series 2002-2 Notes to be purchased by such Potential Holders described in subparagraph (c)(ii) above would equal not less than the Available Series 2002-2 Notes.

Determination of Auction Rate and Applicable Interest Rate; Notice

Promptly after the Auction Agent has made the determinations described above, the Auction Agent is to advise the Trustee, the Broker–Dealer and the Issuer of the Maximum Auction Rate, the Maximum Interest Rate, the All Hold Rate, One–Month LIBOR and the Applicable LIBOR–Based Rate and the components thereof on the Auction Date and, based on such determinations, the Auction Rate for the next succeeding Interest Period as follows:

(a) if Sufficient Bids exist, that the Auction Rate for the next succeeding Interest Period will be equal to the Winning Bid Rate so determined;

(b) if Sufficient Bids do not exist (other than because all of the Outstanding Series 2002-2 Notes are subject to Submitted Hold Orders), that the Auction Rate for the next succeeding Interest Period will be equal to the Maximum Rate; or

(c) if all Outstanding Series 2002-2 Notes are subject to Submitted Hold Orders, that the Auction Rate for the next succeeding Interest Period will be equal to the All Hold Rate.

Promptly after the Auction Agent has determined the Auction Rate, the Auction Agent will determine and advise the Trustee of the Applicable Interest Rate, which rate will not exceed the Maximum Rate.

If for any Interest Period the Auction Rate exceeds the Maximum Rate the Applicable Interest Rate will be equal to the Maximum Rate. If the Maximum Auction Rate is less than the Auction Rate, the Applicable Interest Rate will be the Maximum Auction Rate. If the Auction Agent has not received Sufficient Bids (other than because all of the Outstanding Series 2002-2 Notes are subject to Submitted Hold Orders), the Applicable Interest Rate will be the Maximum Rate. In any of the cases described above in this paragraph, Submitted Orders will be accepted or rejected and the Auction Agent will take such other action as described below under "—Insufficient Bids."

Acceptance and Rejection of Submitted Bids and Submitted Sell Orders

Existing Holders will continue to hold the Principal Amount of Series 2002-2 Notes that are subject to Submitted Hold Orders and based upon the determinations made as described above under "—Determination of Sufficient Bids, Auction Rate, and Winning Bid Rate," Submitted Bids and Submitted Sell Orders will be accepted or rejected and the Auction Agent will take such other action as provided in the Second Supplemental Indenture and described below under "—Sufficient Bids."

Sufficient Bids. If Sufficient Bids have been made all Submitted Sell Orders will be accepted and, subject to the denomination requirements described below, Submitted Bids will be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(a) Existing Holders' Submitted Bids specifying any rate that is higher than the Winning Bid Rate will be accepted, thus requiring each such Existing Holder to sell the aggregate Principal Amount of Series 2002-2 Notes subject to such Submitted Bids;

(b) Existing Holders' Submitted Bids specifying any rate that is lower than the Winning Bid Rate will be rejected, thus entitling each such Existing Holder to continue to hold the aggregate Principal Amount of Series 2002-2 Notes subject to such Submitted Bids;

(c) Potential Holders' Submitted Bids specifying any rate that is lower than the Winning Bid Rate will be accepted thus requiring such Potential Owner to purchase the aggregate Principal Amount of Series 2002-2 Notes subject to such Submitted Bid.

(d) Each Existing Holder's Submitted Bid specifying a rate that is equal to the Winning Bid Rate will be rejected, thus entitling such Existing Holder to continue to hold the aggregate Principal Amount of Series 2002-2 Notes subject to such Submitted Bid, unless the aggregate Principal Amount of Series 2002-2 Notes subject to all such Submitted Bids will be greater than the Principal Amount of Series 2002-2 Notes (the "Remaining Principal Amount") equal to the excess of the Available Series 2002-2 Notes over the aggregate Principal Amount of Series 2002-2 Notes subject to Submitted Bids described in subparagraphs (b) and (c) above, in which event such Submitted Bid of such Existing Holder will be rejected in part and such Existing Holder will be entitled to continue to hold the Principal Amount of Series 2002-2 Notes subject to such Submitted Bid, but only in an amount equal to the aggregate Principal Amount of Series 2002-2 Notes obtained by multiplying the Remaining Principal Amount by a fraction, the numerator of which will be the Principal Amount of Outstanding Series 2002-2 Notes held by such Existing Holder subject to such Submitted Bid and the denominator of which will be the sum of the Principal Amount of Outstanding Series 2002-2 Notes subject to such Submitted Bids made by all such Existing Holders that specified a rate equal to the Winning Bid Rate; and

(e) Each Potential Holder's Submitted Bid specifying a rate that is equal to the Winning Bid Rate will be accepted, but only in an amount equal to the Principal Amount of Series 2002-2 Notes obtained by multiplying the excess of the aggregate Principal Amount of Available Series 2002-2 Notes over the aggregate Principal Amount of Series 2002-2 Notes subject to Submitted Bids described in subparagraphs (b), (c) and (d) above by a fraction, the numerator of which will be the aggregate Principal Amount of Outstanding Series 2002-2 Notes subject to such Submitted Bid and the denominator of which will be the sum of the Principal Amount of Outstanding Series 2002-2 Notes subject to Submitted Bids made by all such Potential Holders that specified a rate equal to the Winning Bid Rate.

Insufficient Bids. If Sufficient Bids have not been made (other than because all of the Outstanding Series 2002-2 Notes are subject to Submitted Hold Orders), subject to the denomination requirements described below, Submitted Orders will be accepted or rejected as follows in the following order of priority and all other Submitted Bids will be rejected:

(a) Existing Holders' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate will be rejected, thus entitling such Existing Holders to continue to hold the aggregate Principal Amount of Series 2002-2 Notes subject to such Submitted Bids;

(b) Potential Holders' Submitted Bids specifying any rate that is equal to or lower than the Maximum Rate will be accepted, thus requiring each Potential Holder to purchase the aggregate Principal Amount of Series 2002-2 Notes subject to such Submitted Bids; and

(c) each Existing Holder's Submitted Bid specifying any rate that is higher than the Maximum Rate and the Submitted Sell Order of each Existing Holder will be accepted, thus entitling each Existing Holder that submitted any such Submitted Bid or Submitted Sell Order to sell the Series 2002-2 Notes subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the aggregate Principal Amount of Series 2002-2 Notes obtained by multiplying the aggregate Principal Amount of Series 2002-2 Notes subject to Submitted Bids described in subparagraph (b) above by a fraction, the numerator of which will be the aggregate Principal Amount of Outstanding Series 2002-2 Notes held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and the denominator of which will be the aggregate Principal Amount of Outstanding Series 2002-2 Notes subject to all such Submitted Bids and Submitted Sell Orders.

All Hold Orders. If all Outstanding Series 2002-2 Notes are subject to Submitted Hold Orders, all Submitted Bids will be rejected.

Authorized Denominations Requirement. If, as a result of the procedures described above regarding Sufficient Bids and Insufficient Bids, any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a Principal Amount of Series 2002-2 Notes that is not equal to an Authorized Denomination, the Auction Agent will, in such manner as in its sole discretion it may determine, round up or down the Principal Amount of Series 2002-2 Notes to be purchased or sold by any Existing Holder or Potential Holder so that the Principal Amount of Series 2002-2 Notes purchased or sold by each Existing Holder or Potential Holder will be equal to an Authorized Denomination. If, as a result of the procedures described above regarding Sufficient Bids, any Potential Holder would be entitled or required to purchase less than a Principal Amount of Series 2002-2 Notes equal to an Authorized Denomination, the Auction Agent will, in such manner as in its sole discretion it may determine, allocate Series 2002-2 Notes for purchase among Potential Holders so that only Series 2002-2 Notes in an Authorized Denomination are purchased by any Potential Holder, even if such allocation results in one or more of such Potential Holders not purchasing any Series 2002-2 Notes.

Based on the results of each Auction, the Auction Agent is to determine the aggregate Principal Amount of Series 2002-2 Notes to be purchased and the aggregate Principal Amount of Series 2002-2 Notes to be sold by Potential Holders and Existing Holders on whose behalf each Broker-Dealer submitted Bids or Sell Orders and, with respect to each Broker-Dealer, to the extent that such aggregate Principal Amount of Series 2002-2 Notes to be sold differs from such aggregate principal amount of Series 2002-2 Notes to be purchased, determine to which other Broker-Dealer or Broker-Dealers acting

for one or more purchasers such Broker-Dealer will deliver, or from which Broker-Dealers acting for one or more sellers such Broker-Dealer will receive, as the case may be, Series 2002-2 Notes.

Settlement Procedures

The Auction Agent is required to advise each Broker-Dealer that submitted an Order in an Auction of the Applicable Interest Rate for the next Interest Period and, if such Order was a Bid or Sell Order, whether such Bid or Sell Order was accepted or rejected, in whole or in part, by telephone not later than 3:00 p.m., New York City time, on the Auction Date, if the Applicable Interest Rate is the Auction Rate; provided that such notice is not required until 4:00 p.m., New York City time, on the Auction Date, if the Applicable Interest Rate is the Maximum Auction Rate. Each Broker-Dealer that submitted an Order on behalf of a Bidder is required to then advise such Bidder of the Applicable Interest Rate for the next Interest Period and, if such Order was a Bid or a Sell Order, whether such Bid or Sell Order was accepted or rejected, in whole or in part, confirm purchases and sales with each Bidder purchasing or selling Series 2002-2 Notes as a result of the Auction and advise each Bidder purchasing or selling Series 2002-2 Notes as a result of the Auction to give instructions to its Participant to pay the purchase price against delivery of such Series 2002-2 Notes or to deliver such Series 2002-2 Notes against payment therefor, as appropriate. Pursuant to the Auction Agent Agreement, the Auction Agent is to record each transfer of Series 2002-2 Notes on the Existing Holders Registry to be maintained by the Auction Agent.

In accordance with DTC's normal procedures, on the Business Day after the Auction Date, the transactions described above will be executed through DTC, so long as DTC is the Securities Depository, and the accounts of the respective Participants at DTC will be debited and credited and Series 2002-2 Notes delivered as necessary to effect the purchases and sales of Series 2002-2 Notes as determined in the Auction. Purchasers are required to make payment through their Participants in same-day funds to DTC against delivery through their Participants. DTC will make payment in accordance with its normal procedures, which now provide for payment against delivery by its Participants in immediately available funds.

If any Existing Holder selling Series 2002-2 Notes in an Auction fails to deliver such Series 2002-2 Notes, the Broker-Dealer of any person that was to have purchased Series 2002-2 Notes in such Auction may deliver to such person a principal amount of Series 2002-2 Notes that is less than the principal amount of Series 2002-2 Notes that otherwise was to be purchased by such person but in any event equal to an Authorized Denomination. In such event, the principal amount of Series 2002-2 Notes to be delivered will be determined by such Broker-Dealer. Delivery of such lesser principal amount of Series 2002-2 Notes will constitute good delivery. Neither the Trustee nor the Auction Agent will have any responsibility or liability with respect to the failure of a Potential Holder, Existing Holder or their respective Broker-Dealer or Participant to deliver the principal amount of Series 2002-2 Notes or to pay for the Series 2002-2 Notes purchased or sold pursuant to an Auction or otherwise. For a further description of the settlement procedures, see "Settlement Procedures for Series 2002-2 Notes."

Trustee Not Responsible for Auction Agent, Market Agent and Broker-Dealers

The Trustee shall not be liable or responsible for the actions of or failure to act by the Auction Agent, the Market Agent or any Broker-Dealer under the Second Supplemental Indenture, the Auction Agent Agreement or any Broker-Dealer Agreement. The Trustee may conclusively rely upon any information required to be furnished by the Auction Agent, the Market Agent or any Broker-Dealer without undertaking any independent review or investigation of the truth or accuracy of such information.

Changes in Auction Terms

Changes in Auction Period or Periods

While any of the Series 2002-2 Notes are Outstanding, the Issuer may, from time to time, change the length of one or more Auction Periods (an "Auction Period Adjustment") in order to conform with then-current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the length

of the Auction Period and the interest rate borne by such series of the Series 2002-2 Notes. The Issuer will not initiate such change in the length of the Auction Period unless it shall have received, not less than ten days nor more than 20 days prior to the Auction Period Adjustment, the written consent of the Market Agent, which consent shall not be unreasonably withheld. The Issuer will initiate an Auction Period Adjustment by giving written notice to the Trustee, the Auction Agent, the Market Agent and the Securities Depository in substantially the form of, or containing substantially the information contained in, the Second Supplemental Indenture at least ten days prior to the Auction Date for such Auction Period.

Any such Auction Period Adjustment shall not result in an Auction Period of less than seven days nor more than one year.

An Auction Period Adjustment will take effect only if (A) the Trustee and the Auction Agent receive, by 11:00 a.m., New York City time, on the Business Day before the Auction Date for the first such Auction Period, a certificate from the Issuer authorizing an Auction Period Adjustment specified in such certificate, the written consent of the Market Agent and the Rating Agency confirmations described above and, if applicable, the written statement of the Trustee, the Auction Agent and the Securities Depository described above, and (B) Sufficient Bids exist at the Auction on the Auction Date for such first Auction Period. If the condition referred to in (A) is not met, the Applicable Interest Rate applicable for the next Auction Period will be determined pursuant to the Auction Procedures and the Auction Period will be the Auction Period determined without reference to the proposed change. If the condition referred to in (A) is met but the condition referred to in (B) above is not met, the Applicable Interest Rate for the next Auction Period will be the Maximum Rate, and in either case the Auction Period will be the Auction Period determined without reference to the proposed change.

Changes in the Auction Date

The Market Agent, with the written consent of an authorized officer of the Issuer, may specify an earlier Auction Date (but in no event more than five Business Days earlier) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" set forth above under "—Auction Procedures—General," with respect to one or more specified Auction Periods for one or more series of Series 2002-2 Notes in order to conform with then-current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the Applicable Interest Rate on the Series 2002-2 Notes of such series. The Market Agent shall deliver a written request for consent to such change in the Auction Date to the Issuer not less than three days nor more than 20 days prior to the effective date of such change. The Market Agent shall provide notice of its determination to specify an earlier Auction Date for one or more Auction Periods by means of a written notice delivered at least three days prior to the proposed changed Auction Date to the Trustee, the Auction Agent, the Issuer and the Securities Depository. Such notice will be substantially in the form of, or contain substantially the information contained in, the Second Supplemental Indenture.

Notice of Changes in Auction Terms

In connection with any change in Auction Terms described above, the Auction Agent is to provide such further notice to such parties as is specified in the Auction Agent Agreement.

(iii) in the case of a Broker-Dealer that is a Seller's Broker-Dealer, instruct each Existing Holder on whose behalf such Seller's Broker-Dealer submitted a Sell Order that was accepted, in whole or in part, or a Bid that was accepted, in whole or in part, to instruct such Existing Holder's Participant to deliver to such Seller's Broker-Dealer (or its Participant) through the Securities Depository the principal amount of the Series 2002-2 Notes to be sold pursuant to such Bid or Sell Order against payment therefor;

(vi) advise each Potential Holder on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, of the next Auction Date.

(c) On the basis of the information provided to it pursuant to paragraph (a) above, each Broker-Dealer that submitted a Bid or Sell Order in an Auction is required to allocate any funds received by it in connection with such Auction pursuant to paragraph (b)(ii) above, and any Series 2002-2 Notes received by it in connection with such Auction pursuant to paragraph (b)(iii) above, among the Potential Holders, if any, on whose behalf such Broker-Dealer submitted Bids, the Existing Holders, if any on whose behalf such Broker-Dealer submitted Bids or Sell Orders in such Auction, and any Broker-Dealers identified to it by the Auction Agent following such Auction pursuant to paragraph (a)(v) or (a)(vi) above.

(d) On each Auction Date:

(i) each Potential Holder and Existing Holder with an Order in the Auction on such Auction Date will instruct its Participant as provided in paragraph (b)(ii) or (b)(iii) above, as the case may be;

(ii) each Seller's Broker-Dealer that is not a Participant of the Securities Depository will instruct its Participant (A) to pay through the Securities Depository of the Existing Owner delivering Series 2002-2 Notes to such Broker-Dealer following such Auction pursuant to (b)(iii) above the amount necessary, including accrued interest if any, to purchase Series 2002-2 Notes against receipt of such Series 2002-2 Notes; and (B) to deliver such Series 2002-2 Notes through the Securities Depository to a Buyer's Broker-Dealer (or its Participant) identified to such Seller's Broker-Dealer pursuant to paragraph (a)(v) above against payment therefor; and

(iii) each Buyer's Broker-Dealer that is not a Participant of the Securities Depository will instruct its Participant to (A) pay through the Securities Depository to Seller's Broker-Dealer (or its Participant) identified to such Buyer's Broker-Dealer pursuant to paragraph (a)(vi) above the amount necessary to purchase the Series 2002-2 Notes to be purchased pursuant to paragraph (b)(ii) above against receipt of such Series 2002-2 Notes and (B) deliver such Series 2002-2 Notes through the Securities Depository to the Participant of the purchaser thereof against payment therefor.

(e) On the first Business Day of the Interest Period next following each Auction Date:

(i) each Participant for a Bidder in the Auction on such Auction Date referred to in paragraph (d)(i) above will instruct the Securities Depository to execute the

transactions described under paragraph (b)(ii) or (b)(iii) above for such Auction, and the Securities Depository will execute such transactions;

(ii) each Seller's Broker-Dealer or its Participant will instruct the Securities Depository to execute the transactions described in paragraph (d)(ii) above for such Auction, and the Securities Depository will execute such transactions; and

(iii) each Buyer's Broker-Dealer or its Participant will instruct the Securities Depository to execute the transactions described in paragraph (d)(iii) above for such Auction, and the Securities Depository will execute such transactions.

If an Existing Holder selling Series 2002-2 Notes in an Auction fails to deliver such Series 2002-2 Notes (by authorized book-entry), a Broker-Dealer may deliver to the Potential Holder on behalf of which it submitted a Bid that was accepted a principal amount of Series 2002-2 Notes that is less than the principal amount of Series 2002-2 Notes that otherwise was to be purchased by such Potential Holder (but only in an Authorized Denomination). In such event, the principal amount of Series 2002-2 Notes to be so delivered will be determined solely by such Broker-Dealer (but only in Authorized Denominations). Delivery of such lesser principal amount of Series 2002-2 Notes will constitute good delivery. Notwithstanding the foregoing terms of this paragraph (f), any delivery or nondelivery of Series 2002-2 Notes which will represent any departure from the results of an Auction, as determined by the Auction Agent, will be of no effect unless and until the Auction Agent will have been notified of such delivery or nondelivery in accordance with the provisions of the Auction Agent Agreement and the Broker-Dealer Agreements. Neither the Trustee nor the Auction Agent will have any responsibility or liability with respect to the failure of a Potential Holder, Existing Holder or their respective Broker-Dealer or Participant to take delivery of or deliver, as the case may be, the principal amount of the Series 2002-2 Notes purchased or sold pursuant to an Auction or otherwise.

DESCRIPTION OF THE INDENTURE

General

The Issuer, the Eligible Lender Trustee and the Trustee have entered into an Indenture of Trust, dated as of March 1, 2002 (the "Indenture"), which authorizes the issuance of series of Notes from time to time, as further provided in Supplemental Indentures. The Issuer and the Trustee have entered into a Second Supplemental Indenture of Trust, dated as of July 1, 2002 (the "Second Supplemental Indenture") which will authorize the particular terms of the Series 2002-2 Notes. See "Description of the Series 2002-2 Notes." The following is a summary of the material terms of the Indenture and certain terms of the Second Supplemental Indenture. The summary does not purport to be complete and is qualified in its entirety by reference to the provisions of the Indenture and the Second Supplemental Indenture.

The Indenture establishes the general provisions of Notes issued thereunder and sets forth various covenants and agreements relating thereto, default and remedy provisions, and responsibilities and duties of the Trustee and establishes the various Funds into which revenues related to the Financed Student Loans and the Notes are deposited and transferred for various purposes.

Funds and Accounts

Acquisition Fund

The Indenture establishes an Acquisition Fund. With respect to each series of Notes, the Trustee will, upon delivery to the initial purchasers thereof and from the proceeds thereof, credit to the Acquisition Fund the amount, if any, specified in the Supplemental Indenture providing for the issuance of such series of Notes. The Trustee will also deposit in the Acquisition Fund: (1) any funds to be transferred thereto from the Collection Fund or the Surplus Fund, and (2) any other amounts specified in a Supplemental Indenture.

Balances in the Acquisition Fund will be used only for (a) the acquisition of Eligible Loans, including the payment of any related Premium and origination and guarantee fees, if any, and any related Add-On Loan, (b) the redemption or purchase of, or distribution of principal with respect to, Notes as provided in a Supplemental Indenture providing for the issuance of such Notes, (c) the payment of debt service on the Notes and Other Obligations when due, (d) the deposit of amounts into the Alternative Loan Loss Reserve Fund, (e) following the Acquisition Period, the deposit of amounts into the Surplus Fund, (f) the deposit of amounts into the Administration Fund to pay Administration Fees, Servicing Fees and Note Fees or (g) such other purposes related to the Issuer's loan programs as may be provided in the Supplemental Indenture authorizing a series of Notes. The Trustee will make payments from the Acquisition Fund to Lenders for the acquisition of Eligible Loans, including all related Premiums, if any, in connection therewith and any related Add-On Loan (such payments to be made at a purchase price not in excess of any limitation specified in a Supplemental Indenture). The Trustee will also make payments from the Acquisition Fund for the origination of Eligible Loans, including all origination, guarantee and other fees, if any, in connection therewith, and any related Add-On Loan. Notwithstanding the foregoing and unless the Issuer has obtained a Rating Agency Confirmation, (i) the Issuer shall not pay any Premium other than as set forth in the cash flows delivered to the Rating Agencies for the Series 2002-2 Notes and (ii) after giving effect to the acquisition of any Eligible Loan, the Balance of the Financed Eligible Loans with "graduated repayment qualities" (as shown in the most recent cash flows delivered to the Rating Agencies) held in the Acquisition Fund shall not exceed that percentage set forth in the cash flows delivered to the Rating Agencies on the July 26, 2002 Closing Date of all Financed Eligible Loans held in the Acquisition Fund.

If, on any Monthly Calculation Date, the balance in the Acquisition Fund available for such purpose is less than the amount set forth in a certificate of the Issuer as the amount expected to be needed to pay such origination, guarantee fees, related premiums and other fees due in the next month, the Trustee will transfer an amount equal to such deficiency to the Acquisition Fund from the following Funds in the following order of priority: the Collection Fund and the Surplus Fund.

Balances in the Acquisition Fund (other than any portion of such balances consisting of Student Loans) will be transferred to the Debt Service Fund on any Monthly Calculation Date to the extent required to pay the debt service due on the Notes and any Other Obligations, as described under "—Debt Service Fund" below. If any amounts have been transferred to the Debt Service Fund as described in this paragraph, the Trustee will, to the extent necessary to cure the deficiency in the Acquisition Fund as a result of such transfer, transfer to the Acquisition Fund amounts from the Collection Fund as described below under "—Collection Fund."

On the first Monthly Calculation Date following the end of the Acquisition Period relating to a series of Notes, the Trustee will transfer from the Acquisition Fund to the Retirement Account of the Debt Service Fund, for the redemption of, or distribution of principal with respect to, Notes, an amount equal to the Remaining Acquisition Amount as described below under "—Debt Service Fund."

Except as otherwise set forth in a Supplemental Indenture, which Supplemental Indenture shall be executed by the Issuer only after receipt of a Rating Agency Confirmation, or with Rating Agency Confirmation, the Issuer may direct the Trustee and the Eligible Lender Trustee to sell to any purchaser one or more Student Loans Financed with moneys in the Acquisition Fund only in the following circumstances: (a) to the Depositor or other seller if such party is required to repurchase such Financed Student Loan pursuant to a Student Loan Purchase Agreement; (b) in order to avoid an Event of Default hereunder; (c) to a Guarantor; (d) if all of the Financed Student Loans are sold at a price sufficient to defease all Obligations Outstanding under the Indenture and such proceeds are so used; or (e) if, on an aggregate and cumulative basis, less than 5% of the aggregate principal amount of Outstanding Financed Student Loans have been sold or exchanged. Prior to any such sale and exchange, the Trustee will have received an Eligible Loan Acquisition Certificate and all documents and certifications required thereby with respect to all Eligible Loans to be so transferred to the Indenture, together with (i) an Issuer Certificate certifying that such sale and exchange will not materially adversely affect the Issuer's ability to pay Debt Service on the Outstanding Notes and Outstanding Other Obligations, Carry-Over Amounts (including accrued interest thereon) with respect to Outstanding Notes, Servicing Fees, Administration Fees or Note Fees; and (ii) a written instrument satisfactory to the Trustee assigning all right, title, interest and privilege of the Issuer in, to and under the Student Loan Purchase Agreement pursuant to which each such Eligible Loan to be transferred to the Indenture was acquired by the Issuer or the Depositor (or by the Eligible Lender Trustee on behalf of the Issuer or the Depositor), to the

extent such right, title, interest and privilege relate to such Eligible Loan. Any money received by the Issuer in connection with a sale of Financed Student Loans pursuant to this paragraph, including those moneys representing the excess of the aggregate Principal Balance of and accrued borrower interest on such Financed Student Loans released from the Indenture over the aggregate Principal Balance of and accrued borrower interest on the Eligible Loans transferred to the Indenture in exchange therefor, will be deposited to the credit of the Collection Fund in accordance with the Indenture. Notwithstanding the foregoing, the Issuer may not direct the Trustee or the Eligible Trustee to sell any Student Loans Financed with moneys in the Acquisition Fund to the Depositor pursuant to clause (a) of this paragraph (unless the Depositor is required to repurchase such Student Loan pursuant to a Student Loan Purchase Agreement).

In order to facilitate the acquisition of Eligible Loans being originated by the Depositor, the Issuer may instruct the Trustee to establish an Account within the Acquisition Fund pursuant to the terms and provisions of an Acquisition Account Agreement which permits the purchase price for one or more Eligible Loans to be withdrawn from such Account by the Depositor, or its agent, upon receipt by the Originating Agent (as defined in the Acquisition Account Agreement), as custodian for the Trustee, of the documentation evidencing the Eligible Loans to be purchased. Moneys in the Acquisition Fund may be transferred to an Account established pursuant to an Acquisition Account Agreement upon receipt by the Trustee of an Acquisition Account Deposit Certificate. Once deposited to an Account established pursuant to the terms and provisions of an Acquisition Account Agreement, moneys within such Account may be disbursed by the Trustee for the acquisition of one or more Eligible Loans upon receipt by the Trustee of an originated loan certificate and all documents and certificates required thereby.

Any acquisition or sale of Eligible Loans may be for an amount of principal interest and Special Allowance Payments as of a cut-off date determined by the Issuer, and, notwithstanding any other provision of the Indenture to the contrary, compensatory payments and receipts may be made to and from the Acquisition Fund in amounts necessary to reconcile the same. Pending application of moneys in the Acquisition Fund for one or more authorized purposes, such moneys will be invested in investment securities, as described under "—Investments" below, and any income from said investments will be deposited in the Collection Fund.

Collection Fund

The Indenture establishes a Collection Fund. The Trustee will credit to the Collection Fund: (1) all amounts received as interest, including federal interest subsidy payments, late fees and principal payments with respect to Financed Student Loans, including all guarantee payments, and all Special Allowance Payments with respect to Financed Student Loans (excluding, unless otherwise provided in a Supplemental Indenture, any federal interest subsidy payments and Special Allowance Payments that accrued prior to the date on which such Student Loans were Financed), (2) unless otherwise provided in a Supplemental Indenture, proceeds of the sale of any Financed Student Loans held in the Acquisition Fund, (3) any amounts transferred from the Acquisition Fund, the Administration Fund, the Reserve Fund and the Alternative Loan Loss Reserve Fund, (4) all amounts received as earnings on income from investment securities in the Acquisition Fund, the Reserve Fund, the Administration Fund, the Surplus Fund, the Alternative Loan Loss Reserve Fund, the Collection Fund and the Debt Service Fund, (5) all Counterparty Swap Payments, and (6) any amount representing proceeds of the Notes as specified in a Supplemental Indenture.

On each Monthly Calculation Date, the Trustee will transfer the moneys received during the preceding month in the Collection Fund in the following order:

- first, to make any payments due and payable by the Issuer to the U.S. Department of Education related to the Financed Student Loans or any other payment due and payable to a Guarantee Agency relating to its Guarantee of Financed Student Loans or any other payment due to another entity or trust estate if amounts due by the Issuer or the Eligible Lender Trustee to the U.S. Department of Education or a Guarantee Agency with respect to Financed Student Loans were paid by or offset against such other entity or trust estate;

- second, to the Administration Fund, to increase the balance thereof to such amounts as an authorized officer of the Issuer Administrator shall direct for certain costs and expenses, subject to the limitations set forth in any Supplemental Indenture;

- third, to the Interest Account, to provide for the payment of interest on Senior Notes or Other Senior Obligations (except termination payments due under Senior Swap Agreements as a result of Swap Counterparty default) payable therefrom as described under "—Interest Account" below;

- fourth, to the Principal Account, to provide for the payment of principal of Senior Notes at stated maturity or on mandatory sinking fund payment dates or the reimbursement of Senior Credit Facility Providers for the payment of principal of the Notes as described under "—Principal Account" below;

- fifth, to the Interest Account, to provide for the payment of interest on Subordinate Notes or Other Subordinate Obligations (except termination payments due under Subordinate Swap Agreements as a result of Swap Counterparty default) payable therefrom as described under "—Interest Account" below;

- sixth, to the Principal Account, to provide for the payment of principal of Subordinate Notes at stated maturity or on mandatory sinking fund payment dates or the reimbursement of Subordinate Credit Facility Providers for the payment of principal of the Notes as described under "—Principal Account" below;

- seventh, to the Reserve Fund if necessary to increase the balance thereof to the Reserve Fund Requirement;

- eighth, to the Interest Account to provide for the payment of interest on Junior Subordinate Notes or Other Junior Subordinate Obligations (except termination payments due under Junior Subordinate Swap Agreements as a result of Swap Counterparty default) payable therefrom as described under "—Interest Account" below;

- ninth, to the Principal Account, to provide for the payment of principal of Junior Subordinate Notes at stated maturity or on mandatory sinking fund payment dates or the reimbursement of Junior Subordinate Credit Facility Providers for the payment of principal of the Notes as described under "—Principal Account" below;

- tenth, to make such other payments as may be set forth in a Supplemental Indenture;

- eleventh, to the Acquisition Fund (but only during the Revolving Period) for the acquisition of other Student Loans, such amount as directed by the Issuer;

- twelfth, to the Retirement Account, at the direction of the Issuer, for the redemption of, or distribution of principal with respect to, Notes (or the reimbursement of Credit Facility Providers for the payment of the prepayment price of the Notes);

- thirteenth, to the Interest Account for the payment of Carry-Over Amounts (and interest thereon) due with respect to the Senior Notes;

- fourteenth (but only if the Senior Asset Percentage would be at least 100% upon the application of such amounts), to the Interest Account for the payment of Carry-Over Amounts (and interest thereon) due with respect to the Subordinate Notes;

- fifteenth, (but only if the Senior Asset Percentage and the Subordinate Asset Percentage would be at least 100% upon the application of such amounts), to the credit of the Interest Account, for the payment of Carry–Over Amounts (and interest thereon) with respect to the Junior Subordinate Notes;

- sixteenth, to the Interest Account for the payment of termination payments due under Senior Swap Agreements as a result of a Swap Counterparty default;

- seventeenth, to the Interest Account for the payment of termination payments due under Subordinate Swap Agreements as a result of a Swap Counterparty default;

- eighteenth, to the Interest Account for the payment of termination payments due under Junior Subordinate Swap Agreements as a result of a Swap Counterparty default; and

- nineteenth, to the Surplus Fund.

Pending transfers from the Collection Fund, the moneys therein will be invested in investment securities as described under "—Investments" below, and any income from said investments will be retained therein.

Administration Fund

With respect to each series of Notes, the Trustee will, upon delivery thereof and from the proceeds thereof, credit to the Administration Fund established under the Indenture the amount, if any, specified in the Supplemental Indenture providing for the issuance of such series of Notes. The Trustee will also credit to the Administration Fund, all amounts transferred thereto from the Collection Fund, and the Surplus Fund. Amounts in the Administration Fund will be used to pay costs of issuance (to the extent provided by a Supplemental Indenture), Servicing Fees, Administration Fees and Note Fees. For so long as any Series 2002-2 Notes shall be Outstanding, the Issuer covenants and agrees that the Note Fees with respect to the Series 2002-2 Notes to be paid, or reimbursed to the Issuer, from the Administration Fund shall not, in any year, exceed the sum of (1) the annual fees of the Trustee, the Eligible Lender Trustee, the Delaware Trustee and the Market Agents in effect as of the Closing Date, (2) the Broker-Dealer Fees payable at the Broker-Dealer Fee Rate in effect as of the Closing Date, plus (3) the Auction Agent Fees payable at the Auction Agent Fee Rate in effect as of the Closing Date, unless the Issuer delivers to the Trustee written confirmation from each of the Rating Agencies then rating the Series 2002-2 Notes to the effect that payment or reimbursement of such additional Note Fees will not result in a reduction or withdrawal of the rating of the Series 2002-2 Notes.

On each Monthly Calculation Date, the Trustee will transfer to the Administration Fund moneys available under the Indenture for transfer thereto from the sources set forth in the following sentence and in such amounts and at such times as an authorized officer of the Issuer Administrator shall direct, for the payment of Servicing Fees, Administration Fees or Note Fees. Deposits to the Administration Fund will be made from the following sources in the following order of priority: the Collection Fund, and the Surplus Fund.

Pending transfers from the Administration Fund, the moneys therein will be invested in investment securities, as described under "—Investments" below, and any income from such investments will be deposited in the Collection Fund.

Debt Service Fund

The Indenture establishes a Debt Service Fund which comprises three Accounts: the Interest Account, the Principal Account and the Retirement Account. The Debt Service Fund will be used only for the payment, when due, of principal of and premium, if any, and interest on the Notes, the purchase price of Notes, Other Obligations and Carry-Over Amounts (including any accrued interest thereon). Any Supplemental Indenture providing for the issuance of any series of Notes, the payment of which is to be provided pursuant to or secured by a Credit Enhancement Facility, shall also provide for the creation of separate sub-accounts within the Interest Account, the Principal Account and the Retirement Account. Any payment received pursuant to such Credit Enhancement Facility shall be deposited into such sub-accounts, and moneys deposited therein shall be used only for the payment of principal of and premium, if any, and interest on Notes of such series, or for such other purposes as may be permitted by such Supplemental Indenture, upon the conditions set forth in such Supplemental Indenture.

Interest Account. The Trustee will deposit in the Interest Account: (1) proceeds of the issuance of Notes if directed by the Supplemental Indenture authorizing the Notes, (2) that portion of the proceeds from the sale of the Issuer's refunding bonds, notes or other evidences of indebtedness, if any, to be used to pay interest on the Notes, (3) all payments under any Credit Enhancement Facilities to be used to pay interest on the Notes, and (4) all amounts required to be transferred thereto from the Funds described below.

With respect to each series of Notes on which interest is paid no less frequently than every 30 days, the Trustee shall deposit to the Interest Account on each Monthly Calculation Date an amount equal to the interest that will become payable on such Notes during the following calendar month. With respect to each series of Notes on which interest is paid less frequently than every 30 days, the Trustee shall make equal monthly deposits to the Interest Account on each Monthly Calculation Date preceding each Interest Payment Date, to aggregate the full amount of such interest. With respect to Variable Rate Notes for which any such amount cannot be determined on the Monthly Calculation Date, the Trustee will make such deposit based upon assumptions set forth in the Supplemental Indenture authorizing such Notes. The Second Supplemental Indenture provides that such deposits shall be made on the assumption that the Series 2002-2 Notes will bear interest at the rate determined by the Issuer and set forth in an Issuer Order.

With respect to each Swap Agreement or Credit Enhancement Facility under which Issuer Swap Payments or Credit Enhancement Facility fees, as the case may be, are paid no less frequently than every 30 days, the Trustee shall deposit to the credit of the Interest Account on each Monthly Calculation Date an amount equal to the Issuer Swap Payments or fees that will become payable during the following calendar month. With respect to each Swap Agreement or Credit Enhancement Facility under which Issuer Swap Payments or Credit Enhancement Facility fees, as the case may be, are paid less frequently than every 30 days, the Trustee shall make equal monthly deposits to the Interest Account on each Monthly Calculation Date preceding each payment date, to aggregate the full amount of such Issuer Swap Payments or Credit Enhancement Facility, as the case may be. With respect to any Swap Agreement for which any such amount cannot be determined on the Monthly Calculation Date, the Trustee will make such deposit based upon assumptions set forth in the Supplemental Indenture authorizing such Swap Agreement.

Each deposit required by the preceding paragraphs will be made by transfer from the following Funds and Accounts, in the following order of priority: the Collection Fund, the Surplus Fund, the Reserve Fund and, as to Senior Notes and Other Senior Obligations only, the Acquisition Fund (other than that portion of the balance thereof consisting of Financed Student Loans).

On each Monthly Calculation Date, if any Carry-Over Amount (including any accrued interest thereon) will be due and payable with respect to a series of Notes during the next month, as provided in the related Supplemental Indenture, the Trustee will transfer to the Interest Account (to the extent amounts are available therefor in the Collection Fund or the Surplus Fund, after taking into account all prior application of moneys in such Funds on such Monthly Calculation Date) an amount equal to such Carry-Over Amount (including any accrued interest thereon) so due and payable.

The moneys in the Interest Account will be invested in investment securities as described under "—Investments" below, and any income from such investments will be deposited in the Collection Fund.

Principal Account. The Trustee will deposit to the Principal Account (1) that portion of the proceeds from the sale of the Issuer's bonds, notes or other evidences of indebtedness, if any, to be used to pay principal of the Notes, (2) all payments under any Credit Enhancement Facilities to be used to pay principal of Notes, and (3) all amounts required to be transferred thereto from the Funds described below.

Such deposits shall be made by transfer from the following Funds in the following order of priority (after transfers therefrom to the Interest Account required on the date of any such transfer as described under "—Interest Account" above): the Collection Fund, the Surplus Fund, the Reserve Fund and the Acquisition Fund.

Balances in the Principal Account may also be applied to the purchase of Notes at a purchase price not to exceed the Principal Amount thereof plus accrued interest, or to the redemption of or distribution of principal with respect to Notes at a prepayment price not to exceed the Principal Amount thereof plus accrued interest upon transfer to the Retirement Account, as determined by the Issuer at such time. Any such purchase, redemption or distribution of principal will be limited to those Notes whose stated maturity or mandatory sinking fund payment date is the next succeeding principal payment date.

The moneys in the Principal Account will be invested in investment securities as described under "—Investments" below, and any income from such investments will be deposited in the Collection Fund.

Retirement Account. The Trustee will deposit to the Retirement Account (1) any amounts transferred thereto from the Acquisition Fund, the Collection Fund, the Reserve Fund, the Surplus Fund, or the Principal Account to provide for the redemption of the distribution of principal with respect to the Notes, (2) that portion of the proceeds from the sale of the Issuer's bonds, notes or other evidences of indebtedness, if any, to be used to pay the principal or redemption price of Notes on a date other than the stated maturity thereof or a mandatory sinking fund payment date therefor, (3) that portion of the proceeds of the sale or securitization of an Eligible Loan, if any, to be used to pay the principal or prepayment price of Notes on a date other than the stated maturity date thereof or a mandatory sinking fund payment date thereof, and (4) all payments under any Credit Enhancement Facilities to be used to pay the principal or redemption price of Notes payable from the Retirement Account. All Notes which are to be redeemed, or with respect to which principal distributions are to be made, other than at stated maturity or on a mandatory sinking fund payment date, will be redeemed or paid with moneys deposited to the Retirement Account. Moneys in the Retirement Account shall also be used for the reimbursement to any Credit Facility Provider for the payment of such amounts pursuant to a Credit Enhancement Facility.

Subject to the provisions of the Indenture described under "—Notes and Other Indenture Obligations—Call for Redemption or Purchase of Notes; Senior Asset Requirement," amounts deposited to the credit of the Retirement Account to provide for the payment of the redemption price of Notes subject to mandatory redemption, or for mandatory principal distributions with respect to Notes, shall be applied to such payments with respect to Notes of all series subject to prepayment in such order of priority as may be established by the Supplemental Indentures pursuant to which such Notes have been issued (or in the absence of direction from such Supplemental Indentures, in the order in which Notes mature, and among Notes with the same stated maturity, in the order in which such Notes were issued).

Balances in the Retirement Account may also be applied to the purchase of Notes at a purchase price not to exceed the Principal Amount thereof plus accrued interest plus any then applicable redemption premium, as determined by the Issuer at such time.

The moneys in the Retirement Account will be invested in investment securities as described under "—Investments" below, and any income from such investment will be deposited in the Collection Fund.

Reserve Fund

Upon the delivery of any series of Notes, and from the proceeds thereof or, at the option of the Issuer, from any amounts to be transferred thereto from the Surplus Fund and from any other available moneys of the Issuer not otherwise credited to or payable into any Fund or Account under or otherwise subject to the pledge and security interest created by the Indenture, the Trustee will credit to the Reserve Fund the amount, if any, specified in the Supplemental Indenture providing for the issuance of that series of Notes, such that, upon issuance of such Notes, the balance in the Reserve Fund shall not be less than the Reserve Fund Requirement.

If on any Monthly Calculation Date the balance in the Reserve Fund is less than the Reserve Fund Requirement, the Trustee will transfer thereto an amount equal to the deficiency from moneys available therefor in the following Funds and Accounts in the following order of priority (to the extent not required for credit to the Administration Fund, the Debt Service Fund or the Acquisition Fund): the Collection Fund and the Surplus Fund.

The balance in the Reserve Fund will be used and applied solely for the payment when due of principal of and interest on the Notes and any Other Obligations payable from the Debt Service Fund (see "Debt Service Fund" above), and will be so used and applied by transfer by the Trustee to the Debt Service Fund at any time and to the extent that the balance in such Fund and the balances available for deposit to the credit thereof from the Collection Fund and the Surplus Fund are insufficient to meet the requirements specified in the Indenture for deposit to such Fund at such time (provided, however, that such amounts shall be applied in the following order of priority: (a) to the payment of interest on the Senior Notes and the payment of Other Senior Obligations payable from the Interest Account, (b) to the payment of principal and the purchase price of the Senior Notes and the payment of Other Senior Obligations payable from the Principal Account, (c) to the payment of interest on the Subordinate Notes and the payment of Other Subordinate Obligations payable from the Interest Account, (d) to the payment of principal and the purchase price of the Subordinate Notes and the payment of Other Subordinate Obligations payable from the Principal Account, (e) to the payment of interest on the Junior Subordinate

Notes and the payment of Other Junior Subordinate Obligations payable from the Interest Account, and (f) to the payment of principal and the purchase price of the Junior Subordinate Notes and the payment of Other Junior Subordinate Obligations payable from the Principal Account.). If on any Monthly Calculation Date the balance in the Reserve Fund exceeds the Reserve Fund Requirement, such excess will, upon order of an authorized officer of the Issuer, be transferred to the Collection Fund.

Pending transfers from the Reserve Fund, the moneys therein will be invested in investment securities as described under "—Investments" below and any income from such investments will be deposited in the Collection Fund.

Alternative Loan Loss Reserve Fund

With respect to each series of Notes, the Trustee shall, upon delivery to the initial purchasers thereof and from the proceeds thereof, credit to the Alternative Loan Loss Reserve Fund an amount set forth in the Supplemental Indenture authorizing the issuance of such series of Notes. Since no Alternative Loans will be purchased with proceeds from the sale of the Series 2002-2 Notes, the Second Supplemental Indenture does not require any deposit into the Alternative Loan Loss Reserve Fund.

Pending application of moneys in the Alternative Loan Loss Reserve Fund, the moneys therein will be invested in investment securities as described under "—Investments" below, and any income from such investments will be deposited in the Collection Fund.

Surplus Fund

On each Monthly Calculation Date, the Trustee will deposit to the Surplus Fund balances in the Collection Fund not required for deposit to any other Fund or Account and certain amounts transferred from the Acquisition Fund.

At any time there is a deficiency in any of the other Funds or Accounts, Balances in the Surplus Fund shall be transferred to such Funds or Accounts to remedy such deficiency in the same order of priority as for the application of moneys in the Collection Fund (see "—Collection Fund").

Amounts in the Surplus Fund may be applied to any one or more of the following purposes at any time as determined by the Issuer: (1) transfer to the Retirement Account for the redemption or purchase of, or distribution of principal with respect to, Notes; (2) the acquisition of Eligible Loans, or transfer to the Acquisition Fund for such purpose; or (3) paid to the Issuer on a quarterly basis in an amount equal to the Taxes which would be theoretically incurred by the Issuer during the preceding calendar quarter; provided, however, no amounts in the Surplus Fund shall be paid out for Taxes on amounts released by the Trustee to the Issuer from the Surplus Fund.

Any amounts in the Surplus Fund shall also be released upon Issuer Order free and clear of the lien of the Indenture if, after taking into account any such release and excluding, for these purposes only, from the calculation of the value of the Aggregate Value, any Financed Student Loans which are not Eligible Loans, (i) the Senior Asset Percentage will not be less than 107% plus any other amounts as required by any Supplemental Indenture, and the Subordinate Asset Percentage will not be less than 101.5% plus any other amounts as required by any Supplemental Indenture and (ii) the Aggregate Value of assets held under the Indenture, less the Principal Amount of all Notes outstanding will exceed $1,000,000 after release or payment; or in all cases such lesser percentages or amounts as may be permitted with a Rating Agency Confirmation. Amounts in the Surplus Fund may also be released free and clear of the lien of the Indenture to make indemnity payments required pursuant to the terms of any Servicing Agreement, any Custodian Agreement, any Guarantee Agreement, any Note Purchase Agreement, any Auction Agency Agreement, any Eligible Lender Trustee Agreement and the Administrative Agreement.

Pending transfers from the Surplus Fund, the moneys therein will be invested in investment securities as described under "—Investments" below, and any income from such investments will be deposited in the Collection Fund.

Notes and Other Obligations

The Notes of each series will be issued pursuant to the terms of the Indenture, as supplemented by a Supplemental Indenture relating to that series. The following summary describes the material terms of the Notes. The summary does not purport to be complete and is qualified in its entirety by reference to the provisions of the Notes, the Indenture and the applicable Supplemental Indenture, which provisions are incorporated by reference herein. See "Description of the Series 2002-2 Notes" for a more complete description of the terms of the Series 2002-2 Notes.

General Terms of Notes

Each series of Notes will be created by and issued pursuant to a Supplemental Indenture, which will designate the Notes of that series as Senior Notes or Subordinate Notes.

The stated maturity dates, mandatory sinking fund payment dates (if any), redemption or principal distribution provisions, interest rates and other terms of each series of Notes will be established in the related Supplemental Indenture.

The Notes, including the principal thereof, premium, if any, and interest thereon and any Carry-Over Amounts (and accrued interest thereon) with respect thereto, and Other Indenture Obligations are limited obligations of the Issuer, payable solely from the revenues and assets of the Issuer pledged therefor under the Indenture.

Issuance of Additional Notes

Additional Notes may be issued under the Indenture for the purposes of (a) providing funds for the acquisition of Eligible Loans, (b) refunding at or before their stated maturity any or all Outstanding Notes, (c) paying Servicing Fees, Administration Fees, Note Fees, costs of issuance and capitalized interest on the Notes, (d) making deposits to the Reserve Fund and the Alternative Loan Loss Reserve Fund, and (e) such other purposes relating to the Issuer's loan programs as may be provided in a Supplemental Indenture.

At any time, one or more series of Additional Notes may be issued upon compliance with certain conditions specified in the Indenture (including the requirement that each Rating Agency shall have confirmed that no outstanding ratings on any of the Outstanding Notes will be reduced or withdrawn as a result of such issuance) and any additional conditions specified in a Supplemental Indenture.

Comparative Security of Noteholders and Other Beneficiaries

The Senior Notes will be equally and ratably secured under the Indenture with any Other Senior Obligations. The Senior Obligations will have payment and certain other priorities over the Subordinate Notes, the Other Subordinate Obligations, the Junior Subordinate Notes and the other Junior Subordinate Obligations. The Subordinate Notes will be equally and ratably secured under the Indenture with any Other Subordinate Obligations and will have payment and certain other priorities over the Junior Subordinate Notes and the Other Junior Subordinate Obligations. See "Source of Payment and Security for the Notes—Priorities."

The Issuer may at any time issue a series of Notes, as either Senior Notes, Subordinate Notes or Junior Subordinate Notes. In connection with any such Senior Notes, Subordinate Notes or Junior Subordinate Notes, the Issuer may enter into a Swap Agreement or Credit Enhancement Facility as it deems in its best interest, and the Swap Counterparty or the Credit Enhancement Provider may become a Senior Beneficiary, a Subordinate Beneficiary or a Junior Subordinate Beneficiary, as herein described. See "Source of Payment and Security for the Notes—Additional Indenture Obligations."

Call for Redemption or Purchase of Notes; Senior Asset Requirement

No redemption (other than mandatory sinking fund redemption) of, or principal distribution with respect to, Subordinate Notes will be permitted under the Indenture unless, prior to the Trustee giving notice of such redemption or allocating revenues to such distribution, the Issuer furnishes the Trustee a certificate to the effect that, after giving effect to such redemption or distribution, the Senior Asset Requirement will be met.

In general, compliance with the foregoing condition is determined as of the date of selection of Notes which are to be redeemed or with respect to which principal is to be distributed, and any failure to satisfy such conditions as of the payment date will not affect such determination; provided that, if Notes have been defeased and are to be prepaid, compliance with such conditions will be determined on the date of defeasance instead of as of the date of selection. See "—Discharge of Notes and Indenture" below.

Any election to redeem or distribute principal with respect to Notes may also be conditioned upon such additional requirements as may be set forth in the Supplemental Indenture authorizing the issuance of such Notes.

Credit Enhancement Facilities and Swap Agreements.

The Issuer may from time to time, pursuant to a Supplemental Indenture, enter into any Credit Enhancement Facilities or Swap Agreements with respect to any Notes of any series. No Supplemental Indenture will authorize the Issuer to enter into a Swap Agreement or obtain a Credit Enhancement Facility unless the Trustee shall have received a Rating Agency Confirmation.

Any Supplemental Indenture authorizing the execution by the Issuer of a Swap Agreement or Credit Enhancement Facility may include provisions with respect to the application and use of all amounts to be paid thereunder. No amounts paid under any such Credit Enhancement Facility will be part of the Trust Estate except to the extent, if any, specifically provided in such Supplemental Indenture and no Beneficiary will have any rights with respect to any such amounts so paid except as may be specifically provided in such Supplemental Indenture.

Pledge; Encumbrances

The Notes and all Other Obligations are limited obligations of the Issuer specifically secured by the pledge of the proceeds of the sale of Notes (until expended for the purpose for which the Notes were issued), the Financed Student Loans and the revenues, moneys and securities in the various Funds, in the manner and subject to the prior applications provided in the Indenture. Financed Student Loans purchased with the proceeds of the Issuer's bonds, notes or other evidences of indebtedness or sold to or exchanged with another party in accordance with the provisions of the Indenture, will, contemporaneously with receipt by the Trustee of the purchase price thereof, no longer be pledged to nor serve as security for the payment of the principal of, premium, if any, or interest on, or any Carry-Over Amounts (or accrued interest thereon) with respect to the Notes or any Other Obligations.

The Issuer agrees that it will not create, or permit the creation of, any pledge, lien, charge or encumbrance upon the Financed Student Loans or the revenues and other assets pledged under the Indenture, except only as to a lien subordinate to the lien of the Indenture created by any other indenture authorizing the issuance of bonds, notes or other evidences of indebtedness of the Issuer, the proceeds of which have been or will be used to refund or otherwise retire all or a portion of the Outstanding Notes or as otherwise provided in or permitted by the Indenture. The Issuer agrees that it will not issue any bonds or other evidences of indebtedness, other than the Notes as permitted by the Indenture and other than Swap Agreements and Credit Enhancement Facilities relating to Notes as permitted by the Indenture, secured by a pledge of the revenues and other assets pledged under the Indenture, creating a lien or charge equal or superior to the lien of the Indenture. Nothing in the Indenture is intended to prevent the Issuer from issuing obligations secured by revenues and assets of the Issuer other than the revenues and other assets pledged in the Indenture.

Covenants

Certain covenants with the Holders of the Notes and Other Beneficiaries contained in the Indenture are summarized as follows:

Enforcement and Amendment of Guarantee Agreements. So long as any Notes or Other Obligations are Outstanding and Financed Eligible Loans are Guaranteed by a Guarantor, the Issuer agrees that it will (1) from and after the date on which the Eligible Lender Trustee on its behalf shall have entered into, or succeeded to the rights and interests of the Lender under, any FFELP Guarantee Agreement covering Financed Eligible Loans cause the Eligible Lender Trustee to maintain the same and diligently enforce the Eligible Lender Trustee's rights thereunder, (2) cause the Eligible Lender Trustee to enter into such other similar or supplemental agreements as shall be required to maintain benefits for all Financed Eligible Loans covered thereby, (3) from and after the date on which the Issuer shall have entered into, or succeeded to the rights of the Lender under, any Alternative Loan Guarantee Agreement covering Financed Eligible Loans, maintain such Alternative Loan Guarantee Agreement and diligently enforce its rights thereunder, and (4) not voluntarily consent to or permit any rescission of or consent to any amendment to or otherwise take any action under or in connection with the same which in any manner will materially adversely affect the rights of the Noteholders or Other Beneficiaries under the Indenture. Notwithstanding the foregoing, the Issuer may amend any Guarantee Agreement or may cause the Eligible Lender Trustee to amend any Guarantee Agreement in any respect if each Rating Agency confirms that such amendment will not cause the withdrawal or reduction of any rating or ratings then applicable to any Outstanding Notes.

Acquisition, Collection and Assignment of Student Loans. The Issuer agrees that it will, except as otherwise provided with regard to the Surplus Fund (see "—Funds and Accounts—Surplus Fund" above), purchase only Eligible Loans with moneys in any of the Funds and (subject to any adjustments referred to in the following paragraph) will diligently cause to be collected all principal and interest payments on all the Financed Student Loans and other sums to which the Issuer is entitled with respect to such Financed Student Loan, and all Special Allowance Payments and all defaulted payments guaranteed by any Guarantor which relate to such Financed Student Loans.

Enforcement of Financed Student Loans. The Issuer agrees that it will cause to be diligently enforced, all terms, covenants and conditions of all Financed Student Loans and agreements in connection therewith, including the prompt payment of all principal and interest payments (as such payments may be adjusted to take into account (1) any discount the Issuer may cause to be made available to borrowers who make payments on Financed Student Loans through automatic withdrawals, and (2) any reduction in the interest payable on Financed Student Loans provided for in any borrower incentive or other special program under which such loans were originated) and all other amounts due the Issuer thereunder. The Issuer further agrees that it will not permit the release of the obligations of any borrower under any Financed Student Loan and will at all times, to the extent permitted by law, cause to be defended, enforced, preserved and protected the rights and privileges of the Issuer, the Eligible Lender Trustee, the Trustee and the Beneficiaries under or with respect to each Financed Student Loan and agreement in connection therewith. The Issuer will not consent or agree to or permit any amendment or modification of any Financed Student Loan or agreement in connection therewith which will in any manner materially adversely affect the rights or security of the Beneficiaries. Nothing in the provisions of the Indenture described in this paragraph, however, shall be construed to prevent the Issuer from (a) settling a default or curing a delinquency on any Financed Student Loan on such terms as shall be permitted by law, (b) amending the terms of a Financed Student Loan to provide for a different rate of interest thereon to the extent permitted by law, or (c) if Trustee shall have received written confirmation from each Rating Agency that such action will not cause the reduction or withdrawal of any rating or ratings then applicable to any Outstanding Notes, otherwise amending the terms of any Financed Student Loan or agreement in connection therewith.

Administration and Collection of Financed Student Loans. The Issuer agrees to service and collect, or enter into one or more Servicing Agreements pursuant to which Servicers agree to service or collect (i) all FFELP Loans in accordance with all requirements of the Higher Education Act, the Secretary of Education, the Indenture and each Guarantee Agreement, and (ii) all Alternative Loans with a standard of servicing as high as that for the servicing and collection of FFELP Loans, provided that each such Servicer shall (a) be in compliance with the laws of each state necessary to enable it to perform its obligations under the related Servicing Agreement and (b) either have a net worth of at least $5,000,000 or be an affiliate of the Issuer. The Issuer may enter into the Administration Agreement with the Issuer

Administrator and into other administration agreements with other administrators, provided that the Issuer Administrator and each such other administrator shall (a) be in compliance with the laws of each state necessary to enable it to perform its obligations under the Administration Agreement or related administration agreement (as applicable), and (b) either have a net worth of at least $5,000,000 or be an affiliate of the Issuer. The Issuer agrees to cause to be diligently enforced all terms, covenants and conditions of all Servicing Agreements, the Administration Agreement, the Eligible Lender Trust Agreement, the Student Loan Repurchase Agreement, the Student Loan Purchase Agreement, and all other administration agreements, including the prompt payment of all principal and interest payments and all other amounts due the Issuer or the Trustee thereunder, including, in the case of the Servicing Agreements, all Special Allowance Payments and all defaulted payments guaranteed by any Guarantor which relate to any Financed Student Loans. The Issuer shall not permit the release of the obligations of any Servicer under any Servicing Agreement, the Eligible Lender Trustee under the Eligible Lender Trust Agreement, SLCC under the Student Loan Repurchase Agreement, any parties to the Student Loan Purchase Agreement, or the Issuer Administrator or any other administrator under the Administration Agreement or the related administration agreement, as applicable, except in accordance with the terms thereof, and shall at all times, to the extent permitted by law, cause to be defended, enforced, preserved and protected the rights and privileges of the Issuer, the Trustee and the Beneficiaries under or with respect to each Servicing Agreement, the Administration Agreement and each other administration agreement. The Issuer agrees not to consent or agree to or permit any amendment or modification of any Servicing Agreement, the Eligible Lender Trust Agreement, the Student Loan Repurchase Agreement, any Student Loan Purchase Agreement, Administration Agreement or any other administration agreement which will in any manner materially adversely affect the rights or security of the Beneficiaries unless, in the case of the Administration Agreement or any other administration agreement, the requisite amount of Beneficiaries vote in favor of such amendment or modification in accordance with the terms thereof. Notwithstanding the foregoing, the Issuer or the Eligible Lender Trustee may amend any Servicing Agreement, the Administration Agreement or any other administration agreement in any respect if each Rating Agency confirms that such amendment will not cause the withdrawal or reduction of any rating or ratings then applicable to any Outstanding Notes.

Limitation on Note Fees. The Issuer covenants and agrees in the Second Supplemental Indenture that the Note Fees will not exceed certain levels unless it obtains a Rating Agency Confirmation.

Tax Treatment. The Issuer agrees, and each holder of Series 2002-2 Notes, by its acceptance of its Series 2002-2 Notes, agrees, to treat the Series 2002-2 Notes for federal, state and local income, business and franchise tax purposes as indebtedness of the Issuer.

Continuing Existence; Merger and Consolidation. The Issuer agrees to maintain its existence as a Delaware business trust and not to dispose of all or substantially all of its assets (by sale, lease or otherwise), except as otherwise specifically authorized in the Indenture, or consolidate with or merge into another entity or permit any other entity to consolidate with or merge into it unless either the Issuer is the surviving entity or each of the following conditions is satisfied:

(i) the surviving, resulting or transferee entity, as the case may be, shall be a corporation, limited liability company or other legal entity organized under the laws of the United States or one of the states thereof;

(ii) at least 30 days before any merger, consolidation or transfer of assets becomes effective, the Issuer shall give the Trustee written notice of the proposed transaction;

(iii) immediately after giving effect to any merger, consolidation or transfer of assets, no Event of Default shall have occurred and be continuing;

(iv) a Rating Agency Confirmation shall have been obtained with respect to such merger, consolidation or transfer of assets; and

(v) prior to or concurrently with any merger, consolidation or transfer of assets, (a) any action as is necessary to maintain the lien and security interest created in favor of the Trustee by this Indenture shall have been taken, (b) the surviving, resulting or transferee entity, as the case may be, shall deliver to the

Trustee an instrument assuming all of the obligations of the Issuer under the Indenture and related agreements, together with any necessary consents, and (c) the Issuer shall have delivered to the Trustee and each Rating Agency a certificate and an opinion of counsel (which shall describe the actions taken as required by clause (a) of this paragraph or that no such action need be taken) each stating that all conditions precedent to such merger, consolidation or transfer of assets have been complied with.

Moneys from time to time on deposit in the Funds and Accounts may be invested in one or more of the following investment securities:

i. any other investment for which a Rating Agency Confirmation has been obtained.

Events of Default

If any of the following events occur, it is an "Event of Default" under the Indenture:

(i) default in the due and punctual payment of any interest on any Senior Note; or

(ii) default in the due and punctual payment of the principal of, or premium, if any, on any Senior Note, whether at the stated maturity thereof, at the date fixed for redemption thereof (including, but not limited to, mandatory sinking fund payment dates) or otherwise upon the maturity thereof; or

(iii) default by the Issuer in its obligation to purchase any Senior Note on a Tender Date therefor; or

(iv) default in the due and punctual payment of any amount owed by the Issuer to any Other Senior Beneficiary under a Senior Swap Agreement or Senior Credit Enhancement Facility; or

(v) if no Senior Obligations are Outstanding, default in the due and punctual payment of any interest on any Subordinate Note; or

(vi) if no Senior Obligations are Outstanding, default in the due and punctual payment of the principal of, or premium, if any, on, any Subordinate Note, whether at the stated maturity thereof, at the date fixed for redemption thereof (including but not limited to, mandatory sinking fund payment dates) or otherwise upon the maturity thereof; or

(vii) if no Senior Obligations are Outstanding, default by the Issuer in its obligation to purchase any Subordinate Note on a Tender Date therefor; or

(viii) if no Senior Obligations are Outstanding, default in the due and punctual payment of any amount owed by the Issuer to any Other Subordinate Beneficiary under a Subordinate Swap Agreement or a Subordinate Credit Enhancement Facility; or

(ix) if no Senior Obligations and no Subordinate Obligations are Outstanding, default in the due and punctual payment of any interest on any Junior Subordinate Note; or

(x) if no Senior Obligations and no Subordinate Obligations are Outstanding, default in the due and punctual payment of the principal of, or premium, if any, on, any Junior Subordinate Note, whether at the stated maturity thereof, at the date fixed for prepayment thereof (including, but not limited to, mandatory sinking fund payment dates) or otherwise upon the maturity thereof; or

(xi) if no Senior Obligations and no Subordinate Obligations are Outstanding, default by the Issuer in its obligation to purchase any Junior Subordinate Note on a Tender Date therefor; or

(xii) if no Senior Obligations and no Subordinate Obligations are Outstanding, default in the due and punctual payment of any amount owed by the Issuer to any Other Junior Subordinate Beneficiary under a Junior Subordinate Swap Agreement or Junior Subordinate Credit Enhancement Facility; or

(xiii) default in the performance of any of the Issuer's obligations with respect to the transmittal of moneys to be credited to the Collection Fund, the Acquisition Fund or the Debt Service Fund under the provisions of the Indenture and such default shall have continued for a period of 30 days; or

(xiv) default in the performance or observance of any other of the covenants, agreements or conditions on the part of the Issuer contained in the Indenture or in the Notes, and such default shall have continued for a period of 30 days after written notice thereof, specifying such default, shall have been given to the Issuer by the Trustee (which may give such notice in its discretion and will give such notice at the written request of the Acting Beneficiaries Upon Default); provided that, if the default is such that it can be corrected, but not within such 30 days, it will not constitute an Event of Default if corrective action is instituted by the Issuer within such 30 days and is diligently pursued until the default is corrected; or

(xv) certain events of bankruptcy or insolvency of the Issuer.

Remedies

Whenever any Event of Default shall have occurred and be continuing, the Trustee may (and, upon the written request of the Acting Beneficiaries Upon Default, the Trustee shall), by notice in writing delivered to the Issuer, declare the principal of and interest accrued on all Notes then Outstanding due and payable and such principal and interest shall become immediately due and payable.

At any time after such a declaration of acceleration has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee, the Acting Beneficiaries Upon Default, by written notice to the Issuer and the Trustee, may rescind and annul such declaration and its consequences if:

(1) There has been paid to or deposited with the Trustee by or for the account of the Issuer, or provision satisfactory to the Trustee has been made for the payment of, a sum sufficient to pay:

(A) if Senior Obligations are Outstanding: (i) all overdue installments of interest on all Senior Notes; (ii) the principal of (and premium, if any, on) any Senior Notes which have become due other than by such declaration of acceleration, together with interest thereon at the rate or rates borne by such Senior Notes; (iii) to the extent that payment of such interest is lawful, interest upon overdue installments of interest on the Senior Notes at the rate or rates borne by such Senior Notes; (iv) all Other Senior Obligations which have become due other than as a direct result of such declaration of acceleration; (v) all other sums required to be paid to satisfy the Issuer's obligations with respect to the transmittal of moneys to be credited to the Collection Fund, the Acquisition Fund and the Interest Account under the provisions of the Indenture; and (vi) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel and any paying agents, remarketing agents, tender agents, auction agents, market agents and broker-dealers; or

(B) if no Senior Obligations are Outstanding, but Subordinate Obligations are Outstanding: (i) all overdue installments of interest on all Subordinate Notes; (ii) the principal of (and premium, if any, on) any Subordinate Notes

which have become due other than by such declaration of acceleration, together with interest thereon at the rate or rates borne by such Subordinate Notes; (iii) to the extent that payment of such interest is lawful, interest upon overdue installments of interest on the Subordinate Notes at the rate or rates borne by such Subordinate Notes; (iv) all Other Subordinate Obligations which have become due other than as a direct result of such declaration of acceleration; (v) all other sums required to be paid to satisfy the Issuer's obligations with respect to the transmittal of moneys to be credited to the Collection Fund, the Acquisition Fund and the Interest Account under the provisions of the Indenture; and (vi) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel and any paying agents, remarketing agents, tender agents, auction agents and broker-dealers; or

(C) if no Senior Obligations and no Subordinate Obligations are Outstanding but Junior Subordinate Notes are Outstanding: (i) all overdue installments of interest on all Junior Subordinate Notes; (ii) the principal of (and premium, if any, on) any Junior Subordinate Notes which have become due other than by such declaration of acceleration, together with interest thereon at the rate or rates borne by such Junior Subordinate Notes; (iii) to the extent that payment of such interest is lawful, interest upon overdue installments of interest on the Junior Subordinate Notes at the rate or rates borne by such Junior Subordinate Notes; (iv) all Other Junior Subordinate Obligations which have become due other than as a direct result of such declaration or acceleration; (v) all other sums required to be paid to satisfy the Issuer's obligations with respect to the transmittal of moneys to be credited to the Collection Fund, the Acquisition Fund and the Interest Account under the provisions of the Indenture; and (vi) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel and any paying agents, remarketing agents, tender agents, auction agents, market agents and broker-dealers; and

(2) All Events of Default, other than the nonpayment of the principal of and interest on Notes or Other Obligations which have become due solely by, or as a direct result of, such declaration of acceleration, have been cured or waived as provided in the Indenture.

If an Event of Default has occurred and is continuing, the Trustee may, subject to applicable law, pursue any available remedy by suit at law or in equity to enforce the covenants of the Issuer in the Indenture and may pursue such appropriate judicial proceedings as the Trustee shall deem most effective to protect and enforce, or aid in the protection and enforcement of, the covenants and agreements in the Indenture. The Trustee is also authorized to file proofs of claims in any equity, receivership, insolvency, bankruptcy, liquidation, readjustment, reorganization or other similar proceedings.

If an Event of Default has occurred and is continuing, and if it shall have been requested so to do by the Acting Beneficiaries Upon Default and shall have been indemnified as provided in the Indenture, the Trustee is obliged to exercise such one or more of the rights and powers conferred by the Indenture as the Trustee shall deem most expedient in the interests of the Beneficiaries; provided, however, that the Trustee has the right to decline to comply with any such request if the Trustee shall be advised by counsel that the action so requested may not lawfully be taken or if the Trustee receives, before exercising such right or power, contrary instructions from the Acting Beneficiaries Upon Default.

The Acting Beneficiaries Upon Default have the right to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the Indenture; provided that (a) such direction shall not be otherwise than in accordance with the provisions of law and of the Indenture; (b) the Trustee shall not determine that the action so directed would be unjustly prejudicial to the Holders of Notes or Other Beneficiaries not taking part in such direction, other than by effect of the subordination of any of their interests thereunder; and (c) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction.

Except as may be permitted in a Supplemental Indenture with respect to an Other Beneficiary, no Holder of any Note or Other Beneficiary will have any right to institute any suit, action or proceeding in equity or at law for the enforcement of the Indenture or for the execution of any trust under the Indenture or for the appointment of a receiver or any other remedy under the Indenture unless (1) an Event of Default shall have occurred and be continuing, (2) the Acting Beneficiaries Upon Default shall have made written request to the Trustee, (3) such Beneficiary or Beneficiaries shall have offered to the Trustee the indemnity required by the Indenture, (4) the Trustee shall have thereafter failed for a period of 60 days after the receipt of the request and indemnification or refused to exercise the powers granted in the Indenture or

to institute such action, suit or proceeding in its own name, and (5) no direction inconsistent with such written request shall have been given to the Trustee during such sixty-day period by the Holders of not less than a majority in aggregate Principal Amount of the Notes then Outstanding or by any Other Beneficiary. No one or more Holders of the Notes or any Other Beneficiary shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of the Indenture by his, her, its or their action or to enforce any right hereunder except in the manner described herein, and all proceedings at law or in equity shall be instituted, had and maintained in the manner herein described and for the benefit of the Holders of all Outstanding Notes and Other Beneficiaries as their interests may appear. Notwithstanding the foregoing provisions of the Indenture, the Acting Beneficiaries Upon Default may institute any such suit, action or proceeding in their own names for the benefit of the holders of all Outstanding Notes and Other Beneficiaries under the Indenture.

Unless the Trustee has declared the principal of and interest on all Outstanding Notes immediately due and payable and has obtained a judgment or decree for payment of the money due, the Trustee, will waive any Event of Default and its consequences upon written request of the Acting Beneficiaries Upon Default; except that the Trustee is not permitted to waive (a) any Event of Default arising from the acceleration of the maturity of the Notes, except upon the rescission and annulment of such declaration as described in the second paragraph under this caption "Remedies;" (b) any Event of Default in the payment when due of any amount owed to any Beneficiary (including payment of principal of or interest on any Note) except with the consent of such Beneficiary or unless, prior to such waiver, the Issuer has paid or deposited with the Trustee a sum sufficient to pay all amounts owed to such Beneficiary (including, to the extent permitted by law, interest upon overdue installments of interest); (c) any Event of Default arising from the failure of the Issuer to pay unpaid expenses of the Trustee, its agents and counsel, and any authenticating agent, paying agents, note registrars, tender agents, remarketing agents, auction agents, market agents and broker-dealers as required by the Indenture, unless, prior to such waiver, the Issuer has caused to be paid or deposited with the Trustee sums required to satisfy such obligations of the Issuer under the provisions of the Indenture; or (d) any default in respect of a covenant or provision of the Indenture which cannot be modified or amended without the consent of the Holder of each Note affected thereby.

Notwithstanding any other provisions of the Indenture, if an "Event of Default" (as defined therein) occurs under a Swap Agreement or a Credit Enhancement Facility and, as a result, any Other Beneficiary that is a party thereto is entitled to exercise one or more remedies thereunder, such Other Beneficiary may exercise such remedies, including, without limitation, the termination of such agreement, as provided therein, in its own discretion; provided that the exercise of any such remedy does not adversely affect the legal ability of the Trustee or Acting Beneficiaries Upon Default to exercise any remedy available under the Indenture.

Trustee

Prior to the occurrence of an Event of Default which has not been cured, the Trustee is required to perform such duties and only such duties as are specifically set forth in the Indenture. Upon the occurrence and continuation of an Event of Default, the Trustee is required to exercise the rights and powers vested in it by Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in his own affairs.

Before taking any action under the Indenture, the Trustee may require that satisfactory indemnity be furnished to it for the reimbursement of all expenses to which it may be put and to protect it against all liability by reason of any action so taken, except liability which is adjudicated to have resulted from its negligence or willful misconduct.

The Trustee may at any time resign upon 60 days' notice to the Issuer and to the Beneficiaries, such resignation to take effect upon the appointment of a successor Trustee. The Trustee may be removed at any time by the Issuer, and the Issuer agrees to remove the Trustee at the request of the Holders of a majority in Principal Amount of Notes Outstanding except during the existence of an Event of Default. No such removal will be effective until the appointment of a successor Trustee.

Supplemental Indentures

Supplemental Indentures Not Requiring Consent of Beneficiaries

The Issuer and the Trustee may, from time to time and at any time, without the consent of, or notice to, any of the Holders or any Other Beneficiary, enter into an indenture or indentures supplemental to the Indenture to, among other things:

(i) create additional funds, accounts or sub–accounts under the Indenture,

(j) to provide for an additional class of Indenture Obligations which is subordinate to each class of Indenture Obligations any of which are then Outstanding, except to the extent specifically authorized or permitted by the Supplemental Indenture authorizing the issuance of such Outstanding Indenture Obligations or to the extent consented to by each Beneficiary who would be adversely affected thereby; provided that a Rating Agency Confirmation is obtained with respect to such additional class of Indenture Obligations, or

(k) make any other change in the Indenture, if the Trustee shall have received a Rating Agency Confirmation that such change will not cause the reduction or withdrawal of any rating or ratings then applicable to any Outstanding Notes.

Supplemental Indentures Requiring Consent of Noteholders

In addition to Supplemental Indentures described in the preceding paragraph, upon receipt of an instrument evidencing the consent to the below-mentioned Supplemental Indenture by: (1) if they are affected thereby, the Holders of not less than two-thirds of the aggregate Principal Amount of the Outstanding Senior Notes, (2) if they are affected thereby, the holders of not less than two–thirds of the aggregate Principal Amount of the Outstanding Subordinate Notes, (3) if they are affected thereby, the Holders of not less than two–thirds of the aggregate Principal Amount of the Outstanding Junior Subordinate Notes, and (4) each other person which must consent to such Supplemental Indenture as provided in any Supplemental Indenture, the Trustee will join with the Issuer in the execution of any Supplemental Indentures for the purpose of modifying, altering, amending, adding to or rescinding any of the terms or provisions contained in the Indenture; provided, however, that no such Supplemental Indenture will permit without the consent of each Beneficiary which would be affected thereby: (a) an extension of the maturity of the principal of or the interest on any Note, whether at stated maturity, on a mandatory sinking fund payment date or otherwise, (b) a reduction in the Principal Amount, redemption price or purchase price of any Note or the rate of interest thereon, (c) a privilege or priority of any Senior Obligation over any other Senior Obligation, (d) a privilege or priority of any Subordinate Obligation over any other Subordinate Obligation, (e) a privilege of any Senior Notes over any Subordinate Notes or Junior Subordinate Notes, other than as theretofore provided in the Indenture, (f) a privilege of any Subordinate Notes over any Junior Subordinate Notes other than as provided herein, (g) the surrendering of a privilege or a priority granted by the Indenture if, in the judgment of the Trustee, to the detriment of another Beneficiary under the Indenture, (h) a reduction or an increase in the aggregate Principal Amount of the Notes required for consent to such Supplemental Indenture, (i) the creation of any lien ranking prior to or on a parity with the lien of the Indenture on the Trust Estate or any part thereof, except as expressly permitted in the Indenture, (j) any Beneficiary to be deprived of the lien created on the rights, title, interest, privileges, revenues, moneys and securities pledged under the Indenture, (k) the modification of any of the provisions of the Indenture described in this paragraph, or (l) the modification of any provision of a Supplemental Indenture which states that it may not be

modified without the consent of the Holders of Notes issued pursuant thereto or any Notes of the same class or any Beneficiary that has provided a Credit Enhancement Facility or Swap Agreement of such class.

Rights of Trustee

If, in the opinion of the Trustee, any Supplemental Indenture adversely affects the rights, duties or immunities of the Trustee under the Indenture or otherwise, the Trustee may, in its discretion, decline to execute such Supplemental Indenture, except to the extent that the execution of such Supplemental Indenture may be required by the Indenture.

Consent of Tender Agent

So long as any tender agent agreement is in effect, no Supplemental Indenture which materially adversely affects the rights, duties or immunities of the tender agent, will become effective unless and until delivery to the Trustee of a written consent of the tender agent, to such Supplemental Indenture.

Discharge of Notes and Indenture

The obligations of the Issuer under the Indenture, and the liens, pledges, charges, trusts, covenants and agreements of the Issuer therein made or provided for, will be fully discharged and satisfied as to any Note and such Note will no longer be deemed to be Outstanding thereunder:

(1) when such Note shall have been canceled, or shall have been purchased by the Trustee from moneys held by it under the Indenture; or

Rights of Other Beneficiaries

All rights of any Other Beneficiary under the Indenture to consent to or direct certain remedies, waivers, actions and amendments thereunder will cease for so long as such Other Beneficiary is in default of any of its obligations or agreements under the Swap Agreement or the Credit Enhancement Facility by reason of which such person is an Other Beneficiary.

THE TRUSTEE AND THE ELIGIBLE LENDER TRUSTEE

The Bank of New York, a New York State banking corporation organized under the laws of the State of New York, serves as the Trustee under the Indenture. The office of the Trustee for purposes of administering the Trust Estate and its other obligations under the Indenture is located at 10161 Centurion Parkway, 2nd Floor, Jacksonville, Florida 32256, Attention: Corporate Trust Manager.

The Higher Education Act provides that only "eligible lenders" (defined to include banks and certain other entities) may hold title to student loans made under the FFEL Program. Because the Issuer does not qualify as an "eligible lender," The Bank of New York, in its capacity as Eligible Lender Trustee will hold title to all Financed FFELP Loans in trust on behalf of Issuer. The Eligible Lender Trustee will agree under the Eligible Lender Trust Agreement to maintain its status as an "eligible lender" under the Higher Education Act. In addition, the Eligible Lender Trustee on behalf of Issuer will enter into a Guarantee Agreement with each of the Guarantee Agencies that have guaranteed Financed FFELP

Loans. Failure of the Financed FFELP Loans to be owned by an eligible lender would result in the loss of guarantee payments, Interest Subsidy Payments and Special Allowance Payments with respect thereto. See "Description of the FFEL Program" and "Risk Factors-Offset by guarantee agencies or the Department of Education could reduce the amounts available for payment of the Series 2002-2 Notes."

THE DELAWARE TRUSTEE

The Bank of New York (Delaware) serves as the Delaware Trustee pursuant to the Trust Agreement.

The Delaware Trustee shall at all times be a Person satisfying the provisions of the Delaware business trust statute; authorized to exercise corporate trust powers; having a combined capital and surplus of at least $50,000,000 and subject to supervision or examination by federal or state authorities; and having (or having a parent that has) a rating of at least BBB from S&P and Baa2 from Moody's. If such Person shall publish reports of condition at least annually pursuant to law or to the requirements of the aforesaid supervising or examining authority, then for the purpose of the Trust Agreement, the combined capital and surplus of such Person shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. In case at any time the Delaware Trustee shall cease to be eligible in accordance with the provisions of the Trust Agreement, the Delaware Trustee shall resign immediately in the manner and with the effect specified in the Trust Agreement.

The Delaware Trustee may at any time resign and be discharged by giving written notice thereof to the Issuer Administrator. Upon receiving such notice of resignation, the Issuer Administrator shall promptly appoint a successor Delaware Trustee by written instrument, in duplicate, one copy of which instrument shall be delivered to the resigning Delaware Trustee and one copy to the successor Delaware Trustee. If no successor Delaware Trustee shall have been so appointed and have accepted appointment within 30 days after the giving of such notice of resignation, the resigning Delaware Trustee, at the expense of the Issuer Administrator, may petition any court of competent jurisdiction for the appointment of a successor Delaware Trustee.

If at any time the Delaware Trustee shall cease to be eligible in accordance with the provisions of the Trust Agreement and shall fail to resign after written request therefor by the Issuer Administrator, or if at any time the Delaware Trustee shall be legally unable to act, or shall be adjudged bankrupt or insolvent, or a receiver of the Delaware Trustee or of its property shall be appointed, or any public officer shall take charge or control of the Delaware Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation, then the Issuer Administrator may remove the Delaware Trustee. If the Issuer Administrator shall remove the Delaware Trustee under the authority of the immediately preceding sentence, the Issuer Administrator shall promptly appoint a successor Delaware Trustee by written instrument, in duplicate, one copy of which instrument shall be delivered to the outgoing Delaware Trustee so removed and one copy to the successor Delaware Trustee, and shall pay all fees owned to the outgoing Delaware Trustee in its individual capacity.

Any resignation or removal of the Delaware Trustee and appointment of a successor Delaware Trustee pursuant to any of the provisions of the Trust Agreement shall not become effective until acceptance of appointment by the successor Delaware Trustee pursuant to the Trust Agreement and, in the case of removal, payment of all fees and expenses owed to the outgoing Delaware Trustee in its individual capacity.

The Delaware Trustee has not participated in the preparation of this Offering Memorandum and shall incur no personal liability in connection herewith.

FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain material federal income tax consequences of the purchase, ownership and disposition of Series 2002-2 Notes for the investors described below and is based on the advice of Kutak Rock LLP, as tax counsel to the Issuer. This summary is based upon laws, regulations, rulings and decisions currently in effect, all of which are subject to change. The discussion does not deal with all federal tax consequences applicable to all categories of investors, some of which may be subject to special rules, including but not limited to, foreign investors. In addition,

this summary is generally limited to investors who will hold the Series 2002-2 Notes as "capital assets" (generally, property held for investment) within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the "Code"). Investors should consult their own tax advisors to determine the federal, state, local and other tax consequences of the purchase, ownership and disposition of the Series 2002-2 Notes. Prospective investors should note that no rulings have been or will be sought from the Internal Revenue Service (the "Service") with respect to any of the federal income tax consequences discussed below, and no assurance can be given that the Service will not take contrary positions.

Characterization of the Trust Estate

Based upon certain assumptions and certain representations of the Issuer, Kutak Rock LLP will render its opinion to the Issuer to the effect that the Series 2002-2 Notes will be treated as debt, rather than as an interest in the Financed Eligible Loans or the Issuer and the Issuer will not be characterized as an association or publicly traded partnership taxable as a corporation each for federal income tax purposes. Unlike a ruling from the Service, such opinion is not binding on the courts or the Service. Therefore, it is possible that the Service could assert that, for purposes of the Code, the transaction contemplated by this Offering Memorandum constitutes a sale of the Financed Eligible Loans (or an interest therein) to the Holders or that the relationship which will result from this transaction is that of a partnership, or an association taxable as a corporation. Alternatively, the Service could assert that the Series 2002-2 Notes represent an equity interest in the Issuer.

If, instead of treating the transaction as creating secured debt in the form of the Series 2002-2 Notes issued by the Issuer, the transaction were treated as creating a partnership among the Holders, the Servicers and the Issuer which has purchased the underlying Financed Eligible Loans, the resulting partnership would not be subject to federal income tax. Rather, the Issuer, the Servicers and each Holder would be taxed individually on their respective distributive shares of the partnership's income, gain, loss, deductions and credits. The amount and timing of items of income and deduction of the Holder could differ if the Notes were held to constitute partnership interests, rather than indebtedness. If, alternatively, it were determined that the Series 2002-2 Notes represented an equity interest in an entity characterized as an association or publicly traded partnership taxable as a corporation, payments to the Holders generally would be treated as dividends for tax purposes to the extent of the Issuer's accumulated and current earnings and profits.

Characterization of the Notes as indebtedness

The Issuer and the Holders express in the Indenture their intent that, for federal income tax purposes, the Series 2002-2 Notes will be indebtedness of the Issuer secured by the Financed Eligible Loans. The Issuer and the Registered Owners, by accepting the Series 2002-2 Notes, have agreed to treat the Series 2002-2 Notes as indebtedness of the Issuer for federal income tax purposes. The Issuer intends to treat this transaction as a financing reflecting the Series 2002-2 Notes as its indebtedness for tax and financial accounting purposes.

In general, the characterization of a transaction as a sale of property or a secured loan, for federal income tax purposes, is a question of fact, the resolution of which is based upon the economic substance of the transaction, rather than its form or the manner in which it is characterized for state law or other purposes. While the Service and the courts have set forth several factors to be taken into account in determining whether the substance of a transaction is a sale of property or a secured indebtedness, the primary factor in making this determination is whether the transferee has assumed the risk of loss or other economic burdens relating to the property and has obtained the benefits of ownership thereof. Notwithstanding the foregoing, in some instances, courts have held that a taxpayer is bound by the particular form it has chosen for a transaction, even if the substance of the transaction does not accord with its form.

The Issuer believes that it has retained the preponderance of the primary benefits and burdens associated with ownership of the Financed Eligible Loans and should, thus, be treated as the owner of the Financed Eligible Loans for federal income tax purposes. If, however, the Service were successfully to assert that this transaction should be treated as a sale of the Financed Eligible Loans, the Service could further assert that the entity created pursuant to the Indenture, as the owner of the Financed Eligible Loans for federal income tax purposes, should be deemed engaged in a business and, therefore, characterized as a publicly traded partnership taxable as a corporation.

Taxation of interest income of Holders

Payments of interest with regard to the Series 2002-2 Notes will be includible as ordinary income when received or accrued by the Holders in accordance with their respective methods of tax accounting and applicable provisions of the Code. In particular, Section 1272 of the Code requires the current ratable inclusion in income of original issue discount greater than a specified de minimis amount using a constant yield method of accounting. In general, original issue discount is calculated, with regard to any accrual period, by applying the instrument's yield to its adjusted issue price at the beginning of the accrual period, reduced by any qualified stated interest allocable to the period. The aggregate original issue discount allocable to an accrual period is allocated to each day included in such period. The holder of a debt instrument must include in income the sum of the daily portions of original issue discount attributable to the number of days he owned the instrument. The legislative history of the original issue discount provisions indicates that the calculation and accrual of original issue discount should be based on the prepayment assumptions used by the parties in pricing the transaction.

Original issue discount is the stated redemption price at maturity of a debt instrument over its issue price. The stated redemption price at maturity includes all payments with respect to an instrument other than interest unconditionally payable at a fixed rate or a qualified variable rate at fixed intervals of one year or less. There can be no assurance that the Service will not assert that interest payable with respect to the Subordinate Notes does not constitute stated interest.

Payments of interest received with respect to the Series 2002-2 Notes may also constitute "investment income" for purposes of certain limitations of the Code concerning the deductibility of investment interest expense. Potential Holders or the beneficial owners should consult their own tax advisors concerning the application of the original issue discount provisions to the Series 2002-2 Notes and the treatment of interest payments with regard to the Series 2002-2 Notes.

A purchaser who in the secondary market buys a Series 2002-2 Note at a discount from its principal amount (or its adjusted issue price if issued with original issue discount greater than a specified de minimis amount) will be subject to the market discount rules of the Code. In general, the market discount rules of the Code treat principal payments and gain on disposition of a debt instrument as ordinary income to the extent of accrued market discount. Although the accrued market discount on debt instruments such as the Series 2002-2 Notes which are subject to prepayment based on the prepayment of other debt instruments is to be determined under regulations yet to be issued, the legislative history of these provisions of the Code indicate that the same prepayment assumption used to calculate original issue discount should be utilized. Each potential investor should consult his tax advisor concerning the application of the market discount rules to the Series 2002-2 Notes.

The annual statement regularly furnished to Holders for federal income tax purposes will include information regarding the accrual of payments of principal and interest with respect to the Series 2002-2 Notes. As noted above, the Issuer believes, based on the advice of counsel, that it will retain ownership of the Financed Eligible Loans for federal income tax purposes. In the event the Indenture is deemed to create a pass-through entity as the owner of the Financed Eligible Loans for federal income tax purposes instead of the Issuer (assuming such entity is not, as a result, taxed as an association), the Holders of the Series 2002-2 Notes could be required to accrue payments of interest more rapidly than otherwise would be required.

Backup withholding

Certain purchasers may be subject to backup withholding at the rate of 30% with respect to interest paid with respect to the Series 2002-2 Notes if the purchasers, upon issuance, fail to supply the trustee or their brokers with their taxpayer identification numbers, furnish incorrect taxpayer identification numbers, fail to report interest, dividends or other "reportable payments" (as defined in the Code) properly, or, under certain circumstances, fail to provide the trustee with a certified statement, under penalty of perjury, that they are not subject to backup withholding. Information returns will be sent annually to the Service and to each purchaser setting forth the amount of interest paid with respect to the Series 2002-2 Notes and the amount of tax withheld thereon.

Limitation on the deductibility of certain expenses

Under Section 67 of the Code, an individual may deduct certain miscellaneous itemized deductions only to the extent that the sum of such deductions for the taxable year exceed 2% of his or her adjusted gross income. If contrary to expectation, the entity created under the Indenture were treated as the owner of the Financed Eligible Loans (and not as an association taxable as a corporation), then the Issuer believes that a substantial portion of the expenses to be generated by the Trust Estate could be subject to the foregoing limitations. As a result, each potential Holder should consult his or her personal tax advisor concerning the application of these limitations to an investment in the Series 2002-2 Notes.

Tax-exempt investors

In general, an entity which is exempt from federal income tax under the provisions of Section 501 of the Code is subject to tax on its unrelated business taxable income. An unrelated trade or business is any trade or business which is not substantially related to the purpose which forms the basis for such entity's exemption. However, under the provisions of Section 512 of the Code, interest may be excluded from the calculation of unrelated business taxable income unless the obligation which gave rise to such interest is subject to acquisition indebtedness. If, contrary to expectations, the Series 2002-2 Notes were considered equity for tax purposes and if one or more other series of Notes were considered debt for tax purposes, the Series 2002-2 Notes treated as equity likely would be subject to acquisition indebtedness and likely would generate unrelated business taxable income. However, as noted above, counsel has advised the Issuer that the Series 2002-2 Notes will be characterized as debt for federal income tax purposes. Therefore, except to the extent any Holder incurs acquisition indebtedness with respect to a Series 2002-2 Note, interest paid or accrued with respect to such Series 2002-2 Note may be excluded by each tax-exempt Holder from the calculation of unrelated business taxable income. Each potential tax-exempt Holder is urged to consult its own tax advisor regarding the application of these provisions.

Sale or exchange of Series 2002-2 Notes

If a Holder sells a Series 2002-2 Note, such person will recognize gain or loss equal to the difference between the amount realized on such sale and the holder's basis in such Series 2002-2 Note. Ordinarily, such gain or loss will be treated as a capital gain or loss. At the present time, the maximum capital gain rate for assets held for more than twelve months is 20%. However, if a Series 2002-2 Note was acquired subsequent to its initial issuance at a discount, a portion of such gain will be recharacterized as interest and therefore ordinary income.

If the terms of a Series 2002-2 Note were materially modified, in certain circumstances, a new debt obligation would be deemed created and exchanged for the prior obligation in a taxable transaction. Among the modifications which may be treated as material are those which relate to the redemption provisions and, in the case of a nonrecourse obligation, those which involve the substitution of collateral. Each potential Holder of a Series 2002-2 Note should consult its own tax advisor concerning the circumstances in which the Series 2002-2 Notes would be deemed reissued and the likely effects, if any, of such reissuance.

State, Local and Foreign Tax Consequences

The Issuer makes no representations regarding the tax consequences of purchase, ownership or disposition of the Series 2002-2 Notes under the tax laws of any state, locality or foreign jurisdiction. Investors considering an investment in the Series 2002-2 Notes should consult their own tax advisors regarding such tax consequences.

ERISA CONSIDERATIONS

The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), imposes certain fiduciary obligations and prohibited transaction restrictions on employee pension and welfare benefit plans subject to ERISA ("ERISA Plans"). Section 4975 of the Code imposes substantially similar prohibited transaction restrictions on certain employee benefit plans, including tax-qualified retirement plans described in Section 401(a) of the Code ("Qualified Retirement Plans") and on Individual Retirement Accounts ("IRAs") described in Section 408 (a) and (b) of the Code (collectively, with Qualified Retirement Plans, "Tax-Favored Plans"). Certain employee benefit plans, including benefit

plans that have no common law employees, governmental plans (as defined in Section 3(32) of ERISA), and, if no election has been made under Section 410(d) of the Code, church plans (as defined in Section 3(33) of ERISA)("Non-ERISA Plans"), are not subject to the requirements set forth in ERISA or the prohibited transaction restrictions under Section 4975 of the Code. Accordingly, the assets of such Non-ERISA Plans may be invested in Notes without regard to the ERISA or Code considerations described below, provided that such investment is not otherwise subject to the provisions of other applicable federal and state law ("Similar Laws"). Any such governmental plan or church plan which is qualified under Section 401(a) and exempt from taxation under Section 501(a) of the Code, is nonetheless subject to the prohibited transaction rules set forth in Section 503 of the Code.

In addition to the imposition of general fiduciary requirements, including those of investment prudence and diversification and the requirement that an ERISA Plan's investment be made in accordance with the documents governing such ERISA Plan, Section 406 of ERISA and Section 4975 of the Code prohibit a broad range of transactions involving assets of ERISA Plans and Tax-Favored Plans ("Plan" or collectively "Plans") and entities whose underlying assets include "plan assets" by reason of Plans investing in such entities and persons ("Parties in Interest" or "Disqualified Persons" as such terms are defined in ERISA and the Code, respectively) who have certain specified relationships to the Plans, unless a statutory or administrative exemption is available. Parties in Interest (or Disqualified Persons) that participate in a prohibited transaction may be subject to a penalty (or an excise tax) imposed pursuant to Section 502(i) of ERISA or Section 4975 of the Code unless a statutory or administrative exemption is available. Section 502(l) of ERISA requires the Secretary of the U.S. Department of Labor (the "DOL") to assess a civil penalty against a fiduciary who violates any fiduciary responsibility under ERISA or commits any other violation of part 4 of Title I of ERISA or any other person who knowingly participates in such breach or violation.

The investment in a security by a Plan may, in certain circumstances, be deemed to include an investment in the assets of the entity issuing such security such as the Issuer. Certain transactions involving the purchase, holding or transfer of Series 2002-2 Notes may be deemed to constitute prohibited transactions if assets of the Issuer were deemed to be assets of a Benefit Plan. The DOL has promulgated a regulation set forth at 29 CFR § 2510.3-101 (the "Plan Assets Regulation") concerning whether or not an ERISA Plan's assets would be deemed to include an interest in the underlying assets of an entity (such as a Trust Fund) for purposes of the general fiduciary responsibility provisions of ERISA and for the prohibited transaction provisions of ERISA and the Code. Under the Plan Assets Regulation, the assets of the Issuer would be treated as "plan assets" if a Benefit Plan acquires an equity interest in the Issuer and none of the exceptions contained in the Plan Assets Regulation is applicable. An equity interest is defined under the Plan Assets Regulation as an interest in an entity other than an instrument which is treated as indebtedness under applicable local law and which has no substantial equity features. There are no assurances that the Series 2002-2 Notes will be treated as an equity interest. Moreover, it appears that the Series 2002-2 Notes should be treated as debt without substantial equity features for purposes of the Plan Assets Regulation. Whether any particular investment has "substantial equity features" must be determined on a case by case basis. Refer to ERISA Opinion Letter 96-23A (1996). Under an exception to the Plan Assets Regulation, the assets of a Benefit Plan will not include an interest in the assets of an entity, the equity interests of which are acquired by the Benefit Plan, if at no time do Benefit Plans in the aggregate own 25% or more of the value of any class of equity interests in such entity. Because the availability of this exception depends upon the identity of the Noteholders at any time, there can be no assurance that the Series 2002-2 Notes will qualify for this and that the Issuer's assets will not constitute a plan asset subject to ERISA's fiduciary obligations and responsibilities. Therefore, neither a Benefit Plan nor an entity which holds "plan assets" by reason of a Benefit Plan's investment therein should acquire or hold Series 2002-2 Notes in reliance upon the availability of any exception under the Plan Assets Regulation. An ERISA Plan fiduciary that is considering whether to invest in the Series 2002-2 Notes on behalf of a Plan should consult with its counsel regarding the applicability of the Plan Assets Regulation, the Code and any applicable exceptions.

The acquisition or holding of Series 2002-2 Notes by or on behalf of a Plan could be considered to give rise to a prohibited transaction if the Issuer or any of its respective affiliates is or becomes a Party in Interest or Disqualified Person with respect to such Plan, or in the event that a Series 2002-2 Note is purchased in the secondary market by a Plan from a Party in Interest or Disqualified Person with respect to such Plan. There can be no assurance that the Issuer or any of its respective affiliates will not be or become a Party in Interest or a Disqualified Person with respect to a Plan that acquires Series 2002-2 Notes. However, one or more of the following prohibited transaction class exemptions may apply to the acquisition, holding and transfer of the Series 2002-2 Notes: Prohibited Transaction Class Exemption ("PTCE") 84-14 (regarding investments by qualified professional asset managers), PTCE 90-1 (relating to investments by insurance

company pooled separate accounts), PTCE 91-38 (regarding investments by bank collective investment funds), PTCE 95-60 (regarding investments by insurance company general accounts) and PTCE 96-23 (regarding investments by in-house asset managers).

Any ERISA Plan fiduciary considering whether to purchase one or more Series 2002-2 Notes on behalf of an ERISA Plan or with "plan assets" should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and the Code with respect to such investment and the availability of any of the exemptions referred to above. Persons responsible for investing the assets of Tax-Favored Plans that are not ERISA Plans should consult with counsel regarding the applicability of the prohibited transaction provisions of the Code and similar laws with respect to such investment.

Each purchaser and each transferee of a Series 2002-2 Note shall be deemed to represent and warrant that either (a) it is not acquiring the note directly or indirectly for, or on behalf of, a Plan or any entity whose underlying assets are deemed to be plan assets of such Plan or (b)(i) the acquisition and holding of the Series 2002-2 Notes will not result in a nonexempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or similar laws and (ii) if the Series 2002-2 Notes are subsequently deemed to be "plan assets" pursuant to the Plan Assets Regulation, it will promptly dispose of the Series 2002-2 Notes.

INVESTOR SUITABILITY

The Series 2002-2 Notes may be purchased only by investors who are institutional "accredited investors" as defined in Rule 501(a)(1), (2), (3) or (7) of Regulation D promulgated under the Securities Act ("Accredited Investors") or by "qualified institutional buyers" ("Qualified Institutional Buyer" or "QIB"), as defined in Rule 144A promulgated under the Securities Act ("Rule 144A"), hereto. In addition, the Series 2002-2 Notes are subject to certain restrictions on transfer. See "Notice to Investors: Transfer Restrictions" herein. The Issuer will have the right, in its sole and absolute discretion, to reject a subscription for Series 2002-2 Notes in whole or in part, or to allot less than the principal amount of Series 2002-2 Notes for which subscriptions are received for any reason. See "Plan of Distribution."

THE FOREGOING SUITABILITY STANDARDS ARE MINIMUM REQUIREMENTS FOR PROSPECTIVE PURCHASERS OF THE SERIES 2002-2 NOTES. THE SATISFACTION OF SUCH STANDARDS DOES NOT NECESSARILY MEAN THAT THE SERIES 2002-2 NOTES ARE A SUITABLE INVESTMENT FOR A PROSPECTIVE INVESTOR OR THAT ITS SUBSCRIPTION WILL BE ACCEPTED IN WHOLE OR IN PART BY THE ISSUER. ACCORDINGLY, EACH PROSPECTIVE INVESTOR IS URGED TO CONSULT WITH ITS OWN TAX AND FINANCIAL ADVISORS TO DETERMINE WHETHER AN INVESTMENT IN THE SERIES 2002-2 NOTES IS APPROPRIATE IN LIGHT OF ITS INDIVIDUAL TAX AND FINANCIAL SITUATION. SEE "RISK FACTORS" AND "FEDERAL INCOME TAX CONSEQUENCES."

No Beneficial Ownership Interest in a Series 2002-2 Note may be transferred, unless the proposed transferee shall have delivered to the Issuer and the Trustee either (i) evidence satisfactory to them that such Series 2002-2 Note has been registered under the Securities Act and has been registered or qualified under all applicable state securities laws to the reasonable satisfaction of the Issuer or (ii) an express agreement substantially in the form of either of the Investment Letters as follows by the proposed transferee to be bound by and to abide by the transfer restrictions and the restrictions noted in the Investment Letter; provided that compliance with the provisions of subparagraphs (i) and (ii) of this paragraph shall not be required if the proposed transferee is listed in the latest available S&P Rule 144A list of Qualified Institutional Buyers or other industry recognized subscriber services listing Qualified Institutional Buyers.

ANNEX B

RESTRICTIONS ON SALES OF BOOK-ENTRY SECURITIES DESIGNATED QIB/QP OR 3(C)(7)

The Investment Company Act of 1940, as amended (the "Investment Company Act") requires that all holders of the outstanding securities of an issuer relying on Section 3(c)(7) (or, in the case of a non-U.S. issuer, all holders that are U.S. Persons) be "qualified purchasers" ("QPs") as defined in Section 2(a)(51)(A) of the Investment Company Act and related rules. Under the rules, the issuer must have a "reasonable belief" that all holders of its outstanding securities (or, in the case of a non-U.S. issuer, all holders that are U.S. Persons), including transferees, are QPs. Consequently, all sales and resales of the securities (or, in the case of non-US, issuers, all sales and resales in the United States or to U.S. Persons) must be made pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), solely to purchasers that are "qualified institutional buyers" ("QIBs") within the meaning of Rule 144A and are also QPs ("QIB/QPs"). Each purchaser of a security designated QP or 3(c)(7) will be deemed to represent at the time of purchase that: (a) the purchaser is a QIB/QP; (b) the purchaser is not a broker-dealer which owns and invests on a discretionary basis less that $25 million in securities of unaffiliated issuers; (c) the purchaser is not a participant-directed employee plan such as a 401(k) plan; (d) the QIB/QP is acting for its own account, or the account of another QIB/QP; (e) the purchaser is not formed for the purpose of investing in the issuer; (f) the purchaser, and each account for which it is purchasing, will hold

and transfer at least the minimum denomination of securities; and (g) the purchaser will provide notice of the transfer restrictions to any subsequent transferees.

The charter, bylaws, organizational documents or securities issuance documents of an issuer relying on Section 3(c)(7) of the Investment Company Act and Rule 144A of the Securities Act with respect to an offering of securities typically provide that the issuer will have the right to (i) require any holder of securities (or in the case of a non-U.S. issuer, any holder that is a U.S. Person) that is determined not to be both a QIB and a QP to sell the securities to a QIB that is also a QP or (ii) redeem any securities held by such holder on specified terms. In addition, such an issuer typically has the right to refuse to register or otherwise honor a transfer of securities to a proposed transferee (or, in the case of a non-U.S. issuer, a proposed transferee that is a U.S. Person) that is not both a QIB and a QP. As used herein, the terms "United States" and "U.S. Person" have the meanings given such terms in Regulation S under the Securities Act.
